ESTABLISHED 1833. FORT WAYNE, IND., THURSDAY, JULY 3, 1902. PRIC

HAVOC BY STORMS

GREAT DAMAGE IN MICHIGAN FROM HEAVY RAINS.

RAILROADS SUFFER GREATLY

FRUIT BELT SUSTAINS IMMENSE DAMAGE.

WASHOUT CAUSES A WRECK

TWO KILLED AND SEVERAL HURT AT ROCHESTER.

Detroit, July 3.—A rainstorm of torrential proportions swept over the lower peninsula of Michigan last night and early today, doing tremendous damage. Crops suffered severely and there are numerous washouts on the railroads, one of which resulted seriously. At Rochester a Michigan Central freight train was ditched by a washout and two were killed and three injured. Trains are late on all roads. In the southwestern part of the state the storm assumed the proportions of a cyclone and several persons were fatally injured in the wrecks of houses and barns. Great damage was done to the western Michigan fruit crop.

At Flint the rainfall caused Swartz and Thread creeks to overflow and the southern portion of the city is flooded. Several factories on the bank of the river are submerged. The Flint river is also out of its banks and the Lewis paper mill is under water and in danger of being swept away. Two bridges across the river are in danger. The total loss will aggregate nearly $100,000. Port Huron is without means of transportation in or out of the city, the railroads and interurban lines being tied up by washouts. The southern portion of Owesso is flooded and the damage will be heavy there. Cellars are flooded at Durand.

In Detroit 2.28 inches of rain fell last night, but comparatively little damage was done.

WASHOUT CAUSES WRECK.

Rochester, Mich., July 3.—Two men were instantly killed and three were injured in the wreck of a double-header Michigan Central freight train near Thomas early today. The train ran into a washout.

The dead:

Engineer William S. McGregor, Detroit.

A tramp who gave the name of John O. Grady.

The injured:

Fireman John Thomas, Detroit.

Fireman Thomas Weir, Detroit.

Dave Yackubowski, a tramp.

Two engines and fifteen freight cars are piled in the ditch and the financial loss will be heavy.

Last night's torrential rainstorm, which flooded all this section of Oakland county and inflicted heavy loss everywhere, was responsible for the wreck. The flood of water washed a hole twenty feet broad in the roadbed. All the Michigan Central track between here and Oxford was also washed out and almost a dozen freight trains are stalled here. The track of the Detroit United interurban line to Detroit and Flint is washed out and traffic on the road is suspended. Crops have also suffered severely.

In this village the foundations of the Western Knitting mill have been washed out, other buildings are damaged and the power house of the Detroit United railway is threatened. The power house is located on the bank of the river and the river is higher than ever known before. It threatens to undermine and carry away the power building.

MANY HURT IN COLLISION.

Pittsburg, Pa., July 3.—The Akron express, on the Pittsburg and Western railroad collided with the Butler accommodation at Glenshaw, Pa., at 8:30 o'clock this morning and both trains were wrecked. Four persons were seriously injured, one probably fatally. Their names:

Mrs. E. Quinn, of Bakerstown, Pa., aged about 75, skull fractured and badly cut about the face and body; may die.

Charles S. Leslie, of Aspinwall, Pa., aged about 50, leg broken and badly cut and generally bruised.

Frank Francesco, of Allison Park, Pa., aged about 30, left leg broken at the ankle and throat cut.

Mrs. A. A. Thompson, aged about 35, of Avalon, Pa., badly cut about head.

The other passengers escaped with a good shaking up. The cause of the accident has not yet been determined.

LAKE STEAMER AGROUND.

Port Arthur, Ont., July 3.—The passenger steamer Iroquois, reported as overdue from Houghton, Mich., is ashore on Victoria island, about twenty-eight miles south of this point. The Iroquois was coming in from Duluth yesterday morning and while trying to find the Victoria passage in a fog, went on the rocks. She was under check at the time and it is hoped that the steamer has not been badly damaged. The tug Laura Grace has been unable to drag her off the rocks and it is quite likely a wrecking expedition must be sent. The Iroquois is a new steel steamer, worth about $200,000, and belongs to Singers' White line, trading between Lake Superior points.

GREAT DAMAGE DONE.

Grand Rapids, Mich., July 3.—A tremendous downpour of rain early today, which was almost a cloudburst in severity, has done great damage throughout southwestern Michigan. The fruit crop has suffered tremendous loss. Wires are down to the north and south, where the storm was most severe, and information is hard to obtain. All railroads running out of Grand Rapids except the Pere Marquette east, are tied up by washouts and damage to wires and track. A cyclonic wind that accompanied the the rainfall felled wires between here and Kalamazoo, and did immense damage to crops and fruit trees. Wire communication was resumed during the morning. In Grand Rapids the heavy rainfall did damage to streets, flooded basements and overflowed the low lands. Boats were called into commission to reach houses in some parts of town. Grand river is at flood height.

PRAISE FOR DR. PROEGLER

HEALTH BOARD'S METHODS ARE WARMLY COMMENDED.

State Secretary Hurty Says No Other County is So Thorough in Coping With Contagion.

So eminent an authority as Dr. J. N. Hurty, secretary of the state board of health, is authority for the statement that no other county in Indiana is so thorough as Allen in systematically and intelligently coping with smallpox and other contagious disease. The work of the Allen county board is warmly commended by the state secretary, and his comment is very high praise for the energy and the efficient work of Dr. Carl Proegler, of this city, who directs the work of the county board in dealing with contagious diseases.

Dr. Hurty's opinion is given in a letter to the county secretary and received by Dr. Proegler this morning. Recently the state board had made a request of all the county secretaries for a detailed statement of the methods used in coping with contagion and enclosed a circular letter of suggestion as to lines along which a possible advancement might be made. Dr. Proegler explained the plans under which the Allen county health board is operating, and Dr. Hurty's communication, dated July 2, is in answer to that explanation. Dr. Hurty says in part:

"I am exceedingly glad to have your letter explaining how you conduct health affairs in Allen county. I will venture to say that there is not another county that does the work so thoroughly. You rightly understood our letter as a circular, merely making a recommendation. It is not obligatory at all. I think from what you say it would be quite superfluous to bring the order we proposed before your board for passage. Unless you object, I shall publish your last letter in a future number of the bulletin."

MANUFACTURES FALL OFF.

London, July 3.—Returns for the six months just ended show the production of all classes of manufactured iron in the north of England district to have been the smallest recorded in the history of the trade. The total was only 41,900 tons, compared with 46,206 tons for the same period of 1901, which was the previous worst half year. Compared with 1899 this year's output shows a diminution of 51 per cent.

BRIEF POSTPONEMENT.

The Salvation Army tent meetings which were to have opened this evening under a large canvas at Main and Ewing streets, have been postponed until Saturday evening, July 5. Col. Hathaway thought it desirable to defer the opening of the tent meetings until after the celebration tomorrow.

Dr. J. A. Stutz has returned from an outing at Lake George.

LAYS OUT ROUTE

NELSON PROPOSITION BEFORE BOARD OF WORKS.

WILL BE OPENED TONIGHT

GIVES NECLEUS FOR A CITY RAILWAY SYSTEM.

OUTLINES THE CONNECTIONS

PLANS OF FORT WAYNE AND NORTHERN COMPANY.

On behalf of the new Fort Wayne and Northern Traction company, S. L. Nelson, general manager of the Fort Wayne and Southwestern company, has forwarded to the board of works a proposition outlining in a general way the streets desired by his company in order to take advantage of the proposition recently declined by the Fort Wayne Traction company.

This is to be the nucleus for a new city street railway system, and Mr. Nelson's communication is in answer to a recent request of the board of works. It will be read at the meeting of the board this evening.

The precise route desired in order to connect up the widely separated streets turned down by the old company can not be ascertained in advance of the reading of the proposition by the board tonight. It is learned, however, that the Fort Wayne and Northern company has asked for Harrison street, from Main street to Brackenridge, and a line on Brackenridge west to Fairfield avenue, connecting with the tracks of the Southwestern.

The interurban tracks are then to be used to Taylor street, and a continuation will be asked down Fairfield avenue to some east and west street, along which it is desired to run tracks to connect the proposed Pontiac street route.

A line on Hanna street is also asked for, and St. Mary's avenue and High street are also included in the request, the latter evidently being desired in order to reach the proposed tracks at the northern edge of the city.

SEVERE STORM IN ILLINOIS.

Kankakee, Ill., July 3.—A severe wind storm at Momence late yesterday destroyed barns and other property to the value of $50,000. The boiler house and sand house of the Chicago and Eastern Illinois railroad was demolished and five men injured, the most seriously hurt being Jeff Warren. Three men were slightly hurt at the tile and brick yards. The storm covered a narrow strip a mile and a half long.

BLEW A MAN TO PIECES.

Memphis, Tenn., July 3.—A Scimitar special from Mammoth Springs, Ark., says: At Union, twenty-six miles southwest from here, Harvey Sexton, it is charged, threw a stick of dynamite under Pink Gibson, blowing him to pieces. No further details of the affair have been obtained.

GETS FINAL INSTRUCTIONS

TAFT ADVISED AS TO DISPOSITION OF FRIAR LANDS.

Secretary Root's Note is Delivered to Cardinal Rampolla—Taft Congratulates Root.

Rome, July 3.—Judge William H. Taft, civil governor of the Philippine islands, today received a long cable message from Secretary Root containing the department's final instructions concerning the note relating to the disposition of the friars' lands in the islands, which was drawn up here Tuesday, and this afternoon Major Porter delivered the note to Cardinal Rampolla, the papal secretary of state.

Governor Taft was gratified on learning from the same message that the Philippine civil government bill had become law.

TAFT CONGRATULATES ROOT.

Washington, July 3.—Governor Taft's estimate of the work accomplished in the Philippines by Secretary Root is set forth in the following personal telegram from Governor Taft:

"Secretary of War, Washington: Referring to telegram from your office of 2nd inst., congratulate you on accomplishment of most important step in your great work of constructing satisfactory civil government in the Philippine islands. None but those acting under you can fully know the debt the country owes you for the courage and original constructive genius involved in drafting instructions of April, 1900, and forming civil government without a precedent under president's undefined authority as military commander-in-chief, almost within the sphere of war, which should furnish convincing proof to Filipinos of benefit of general peace under American sovereignty, or can realize the success of your plans in actual peace and the vindication of them in the ratification of Philippine government act."

WILL CELEBRATE TOMORROW

VARIED PROGRAM FOR INDEPENDENCE DAY.

Long List of Picnics, Besides Races, Clay Pigeon Shoot and Robison Park Attractions.

All the pent-up patriotism of the American small boy will be turned loose tomorrow in the celebration of the glorious Fourth, and the younger patriots will have the enthusiastic assistance of a very large proportion of the more mature population in the observance of the national birthday anniversary.

All the manufacturing institutions in the city will suspend business for the day, and while there will undoubtedly be a very large exodus on the morning excursion train to other points, there will be no lack of patronage for the gatherings arranged for in this city.

Capt. W. C. Cleary's battery B is on the card to formally inaugurate the day by a sunrise salute, but the battery boys will need to be on hand early if they are ahead of the small boy who has hoarded up a surprisingly large stock of noise-making apparatus to give proper expression to his sentiments. The sporadic discharge of fire crackers, torpedoes, etc. heard about the city for several days in defiance of the edict of the august police authorities will break loose tomorrow in a reverberation that will be inaugurated at dawn and continue until long after dark.

MANY PICNIC PROGRAMS.

In pretty nearly every section of the city tomorrow picnics will be held if the weather man will refrain from turning loose the customary daily shower. The children of St. Mary's Catholic school will hold their gathering in Lakeside park. The Church of the Precious Blood will give a picnic in the grove near the church. Emanuel church people will go to Swinney park. Concordia and St. Paul's school children will hold forth at Concordia college campus, Zion's church will meet in the grove adjoining the church, and Emmaus church congregation will go to the grove on Indiana avenue. At each of these points there will be music, an appropriate program of exercises and games and refreshments to make the day pass pleasantly.

The Amateur Driving club will give a fine card of races at Centlivre park, and lovers of speed will undoubtedly be well repaid for attendance. The East End Gun club will give a clay pigeon shoot in White's addition, the Golf club will hold forth upon its grounds and there will be many other attractions at different points. Down town an Uncle Tom's Cabin company will contribute to the program of the day.

At Robison park a special program has been arranged and the display of fireworks in the evening will be an elaborate one.

MINERS WILL NOT VOTE.

Saginaw, Mich., July 3.—The conference of Michigan coal miners before adjourning today decided not to vote in the various local unions on the acceptance of the proposition made by the operators at yesterday's joint conference until after the national convention at Indianapolis July 17. The men will ask for a truce until that time. The reason is that President Mitchell deprecates the breaking of contracts and if they should enter into a contract now and the national convention should then decide for a general strike it would place them in an embarrassing position.

SPAIN SIGNS TREATY.

Madrid, July 3.—The treaty of trade, commerce and amity between the United States and Spain was signed today.

MARRIAGE LICENSES.

Julian S. Barrand and Mary B. Schweitern.

SKIES IN A FURY

SEVERE STORM SWEEPS OVER FORT WAYNE.

SCENE OF AWFUL GRANDEUR

CLOUD, WIND, RAIN AND LIGHTNING ON A RAMPAGE.

LITTLE DAMAGE IN THE CITY

CROP LOSS REPORTED FROM SURROUNDING COUNTRY.

Sweeping around a large circumference, with Fort Wayne apparently in the center of the area, an electrical storm of unusual violence raged early last evening, and while the city was drenched by the deluge which followed the earlier demonstration of cloud and wind and lightning, comparatively little damage is reported either in Fort Wayne or its immediate vicinity.

The picture of the gathering storm was one which will long be remembered; for the aspect was for a time most threatening. The heavens wore their darkest frown, and people hurried hither and thither in the effort to seek shelter before the coming of the devastation that seemed imminent. An immense bank of black clouds massed in the northwest and gathered rapidly in extent and density until it practically swept entirely across the northern skies. The hue was a most unusual one for the blackness was tinged with a greenish color that gave the scene a peculiarly threatening aspect, and observers mentally prepared for a tornado of the tropical variety.

The wind rose rapidly, and down in the streets whirling clouds of dust were swept upward, while across the skies lightning flashed vividly to add to the awful grandeur of the picture. Higher and higher rose the dense mass of clouds, then swept to the eastward around the city, giving Fort Wayne only the fag end of the meteorological demonstration. The skies began clearing, but a little later came another massing of clouds in the southwest, and this was followed by a deluge of rain, lasting for half an hour and accompanied by some wind and much electrical disturbance. The scene of the heaviest storm, however, had been on either side of the city. Fort Wayne had escaped the most severe portion of the cloudburst.

FELT ITS EFFECTS.

Its traces were left, however, in damage to shade trees, telephone and telegraph wires and other property usually affected by storms. The residence of Michael Denehy, 118 East Suttenfield street, was struck by lightning, but the damage was slight. The bolt entered the cupola of the house, tore off a portion of the siding and passed out without doing any damage, either to the rooms or to their contents. The members of the family were badly frightened.

The Southwestern interurban line was badly crippled when lightning struck a pole near Huntington, burned it off and put the high tension service out of operation. This occurred at 6:50 o'clock, and from that hour the car service was extremely irregular. The removal of the high tension prevented cars from coming nearer Fort Wayne than the St. Mary's river. Here the direct current power was insufficient to enable the cars to make the stiff grade immediately east of the bridge. Repairs were completed upon the high tension line shortly before midnight, though the service was not brought fully up to the standard until this morning.

Telephone and telegraph companies in the city were more or less affected by the electrical disturbance, though none of the damage was of a serious character. It consisted very largely of burned out fuses and other trivial damage that could be quickly repaired. The police telephone system was burned out, and for several hours patrolmen made their hourly reports over private lines.

SWEEP OF THE STORM.

Reports from outside the city, coming through telegraph and long distance telephone companies, gives an idea of the extensive sweep of the storm. The Postal Telegraph company escaped almost entirely, and the damage to Western Union wires was but trivial. The long distance telephone companies, however, were not so fortunate, and the service was badly crippled this morning. The Central Union wires to Van Wert and Plymouth were out of service, and the National company was unable to get into communication with Columbia City from any direction until after noon today. Lines to Kendallville, Waterloo, Auburn, Garrett and other points north all needed attention this morning before they could be gotten into operation. Farmer lines, which have recently sprung up extensively over the northern counties, all suffered extensively, and it will be several days before linemen remove the last trace of the storm.

Despite the terrific rainfall and the high wind accompanying it, reports today from the farming district do not indicate serious damage from the storm, though north of the city a number of fields were yet inundated this morning.

There is also little report of personal injury except at Auburn, where Frank Karn, a mail wagon driver, was caught beneath a tree which was blown down across his vehicle. Karn was painfully though not seriously hurt.

BEES SWARM IN CITY STREETS

UNIQUE SIGHT ATRACTED MUCH ATTENTION.

Honey Producers Came in From the Country and Were Captured on Columbia Street.

A big swarm of bees that evidently drifted in from the country districts was the center of interest upon East Columbia street this morning and a large crowd of spectators was attracted by the unusual scene.

There were myriads of the insects in the swarm, and on reaching East Columbia street they were evidently satisfied with the extent of their migrations, for they settled comfortably down near the center of the street in front of the Schlatter hardware house.

But a few minutes were required to collect a crowd about the insects, and there were for a time probably more bee experts in that vicinity than one would have supposed were within easy range of the city. Finally R. F. Longley, of 1011 Clay street, who is versed in beeology, procured a box and induced the bees to move into it. He carried the catch off in triumph while the crowd applauded.

MISS BARBER BETROTHED.

Denver, Col., July 3.—The betrothal is announced of Major Ralph Hartzel, of Denver, and Miss Mary Barber, of Canton, Ohio, the favorite niece of Mrs. McKinley. Major Hartzel is an attorney and during the Spanish war he was commissioned by Mr. McKinley as paymaster in the volunteer army with the rank of major. His brother, Charles Hartzel, is now a government representative in Cuba. When a boy he lived in Canton with his parents and was a near neighbor of the little girl who is now to become his wife.

STRIKE MORE SERIOUS.

Omaha, Neb., July 3.—The strike of the machinists and boilermakers on the Union Pacific railroad took on more serious proportions today when the carbuilders and blacksmiths and their helpers, numbering 325 men, declared themselves opposed to the piece work system, which is being inaugurated in the railroad shops. A week ago it was announced that the carbuilders had settled their differences with the railroad company, but they declare that that settlement did not mention piece work. If the company insists on enforcing its announced intention of continuing the new system, it is very probable that the carbuilders and blacksmiths and their helpers will join the strikers.

NO TRUTH IN THE REPORT.

Vienna, July 3.—There is absolutely no truth in the report circulated by a news agency in the United States yesterday that six thousand persons, led by students, attempted yesterday to storm the German consulate at Lemberg, Galicia, "as a demonstration against Emperor William's recent address" at Marienburg, and it is equally untrue that the crowd afterward turned against the homes of the Polish leaders in the reichsrath because they failed publicly to protest against the speech, which was delivered June 5 last.

KILLED IN A SALOON.

Detroit, Mich., July 3.—William Oakman, a printer, brother of Robert Oakman, well known Michigan politician, was killed early today in John Owen's saloon, on River street. Lawrence Hanratty, a teamster, is under arrest, charged with the murder. Oakman was struck on the jaw during a quarrel in the saloon and fell to the floor, fracturing his skull on an iron railing. He died instantly. Hanratty is alleged to have struck the blow.

TRACY STEALS A BIG LAU...CH

ESCAPED CONVICT'S DARING DASH FOR LIBERTY.

Intends to Fire a Few Shots at the Penitentiary in Passing—Governor Kills a Prisoner.

Seattle, Wash., July 3.—Advices received from Olympia state that Tracy, the escaped Oregon convict, has stolen a gasoline launch at South Bay and started up the sound. The launch is the largest of the kind on Puget Sound and has three hundred gallons of gasoline, or enough for a 1,000 mile run. Before starting Tracy said he intended firing a few shots at the penitentiary on McNeil island. He said that he had murdered Merrill, his companion, but the statement is not believed. He gave as the reason for the alleged deed that Merrill was growing faint-hearted. It is believed, however, that the latter is in the vicinity of his sister's home at Shelton.

Tracy, according to the advices, appeared at the plant of the Capitol City Oyster Co., at South Bay, and entered the house of Horatio Alling, one of the employes. Tracy told Alling who he was and began to prepare his breakfast. He told Alling, Will Satlidge, Frank Scott and John Lessenger, employes of the company. Captain Clark, of the gasoline launch "N. & S," and his son, who were there, to stand with their faces to the wall. After breakfast he ordered Captain Clark to get the engine of the launch in order and start it for him.

The captain then jumped ashore and Tracy started on his trip down the sound.

GOVERNOR KILLS CONVICT.

Ensenada, Cal., July 3.—Governor Sangines, of the upper district of Lower California, shot and killed a mutinous convict in the prison at Ensenada. The convict, whose name was Luciano Cabrera, had been ordered to a dark cell for insubordination. He refused to go and seized a club and struck Jailer Valencia twice over the head. The jailer sent word to the governor and the latter personally appeared at the prison armed with a gun. He ordered Cabrera to drop his club. Instead of obeying the convict struck the governor over the head, whereupon Governor Sanginés fired, killing the man instantly. The dead convict was about forty years of age and had been a soldier.

RAP AT CHICAGO BOARD.

Indianapolis, July 3.—In the case of the Chicago board of trade against a number of persons in this city and other Indiana towns, to enjoin them from using the Chicago quotations, Judge Baker held yesterday that he would not issue a restraining order, as asked for by the plaintiff, but deferred action till the final trial of the case. While H. S. Robbins, attorney for the Chicago board of trade, was arguing the case he said that the courts have a wrong impression regarding his client owing to misinformation, and Judge Baker interrupted him with:

"Yes, I have heard that the board prays to the Lord on Sundays and then preys on the public the other six days in the week."

LOST AND WON BRIDE IN DAY.

Evansville, Ind., July 3.—Miss Edith Brown, a well known young woman of this city, went to the ball park yesterday to see "Cy" Torrence, of the Evansville, team of the "Three I" league, pitch. The couple went from the park to a minister's house, where they were married. Miss Brown had made a wager with Torrence that if he won yesterday's game she would marry him. When he lost the game she decided to marry him anyway.

Foley's Kidney Cure purifies the blood by straining out impurities and tones up the whole system. Cures kidney and bladder troubles. Sold by Dreier & Bro. and Pellens & Polster.

SUB-TREASURER NAMED.

Washington, July 3.—The president today decided to appoint A. Lincoln Dryden, of Somerset county, Md., sub-treasurer of Baltimore. Dryden was endorsed by Congressman Jackson and his appointment is acquiesced in by Congressman Mudd.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. Sold by Dreier & Bro. and Pellens & Polster.

PENFIELD CALLS BAILEY ASS

JURIST SAYS TEXAN IS ONE WHO HUNTS TROUBLE.

Solicitor for the State Department Gives Out a Hot Explanation of the Case.

Washington, July 3.—Judge William L. Penfield, of Indiana, the solicitor of the state department, pays his compliments to Senator Bailey, of Texas, in a prepared statement given out yesterday. It is devoted principally to an explanation of his part in the Bielenberg-Scott case, out of which grew the attack by Bailey on the solicitor, and declares that the Texas senator is "one of those men who go hunting for trouble" and that the present instance is "simply one of the spasmodic displays of asininity in which he indulges at regular intervals."

The statement reviews the Bielenberg-Scott case and says, in part:

"Senator Bailey's charges that I refused to furnish an office copy of the Scott-Bielenberg contract inclosed in one of General Clayton's dispatches is in its substance and spirit untrue, and he knew it perfectly well when he made the charge in the senate, for he had a letter in his possession, written by Secretary Hay on April 15." The statement quotes from this letter, and proceeds:

"About two weeks ago Senator Bailey came to the solicitor's office and complained that General Clayton, in his note to the Mexican government, had omitted a portion of the instructions which stated that there were some circumstances connected with the case that seemed to indicate a want of disinterestedness and fairness in the proceedings in the lower courts. Senator Bailey imputed the omission to the sinister design of the ambassador. I explained that General Clayton had communicated the really essential parts of the instruction and that much was left to the discretion of our representatives in dealing with a foreign government.

"Senator Bailey answered with some heat: 'I see you are bound to stand by General Clayton.' I replied that General Clayton's conduct was not shown by the record to be actuated by any unworthy motive, and that I would not censure him without giving him a hearing. I added: 'I will submit the matter to Secretary Hay, and if he thinks that the omitted portion of the instruction should be communicated to the Mexican government I will draw an instruction to General Clayton requiring him to communicate it.'

"Senator Bailey replied that he did not want it submitted to the secretary; that so far as he was concerned he would not see the secretary or the president again about the matter, and added that he was going to deliver a speech in the senate touching upon the president, the secretary of state, Ambassador Clayton and the solicitor.

"The truth of the matter is that Senator Bailey set out some months ago to remove General Clayton from his office because the latter would not take instructions from him instead of the secretary of state."

CENTER LAKE OVER BANKS.

Warsaw, Ind., July 3.—The heavy rains have caused Center lake to overflow its banks and great damage has resulted to the surrounding land. The farm of O. M. Fields, on an island in the lake, is inundated and the water is within a few feet of the house, which has been abandoned. The water in the lake has risen six feet and is still rising. Several houses at the foot of Buffalo street have been flooded. The water in Tippecanoe river is being forced back into the lake, carrying with it the sewage from the city and polluting the drinking supply. The dam at the outlet of Winona lake was removed yesterday to prevent the flooding of the assembly grounds, and this has added to the danger from Center Lake. Many fields throughout the county are under water.

VACATION DAYS.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Meyer Bros. & Co.

COLORED TEAM COMING.

Manager Mart Cleary has arranged for two games between the Shamrocks, of this city, and the Columbian Giants, of Chicago, at League park Saturday and Sunday, July 12 and 13. The Giants are now on a tour of Michigan and Ohio and they have an almost unbroken string of victories to their credit. The team is the fastest outside of league ranks and it is a favorite with Fort Wayne fans. The Shamrocks will play a return game with the Giants in the American League park in Chicago some time in August.

E. W. GROVE.

This name must appear on every box of the genuine Laxative Bromo Quinine Tablets, the celebrated Cold and Grip Cure. 25 cents.

WILL GO TO DENVER.

Dr. H. G. Merz will give up his practice in Fort Wayne for a time and will leave on Sunday for Denver, Col., for a visit. Dr. Merz has been in poor health for several months and will take the trip in the hope of deriving benefit. He expects to return later in the summer and resume his professional duties.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

When you are suffering from rheumatism the kidneys must be attended to at once, so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Dreier & Bro. and Pellens & Polster.

STEAMER ASHORE.

MATTER OF DOLLARS AND SENSE

It's sense to smoke a really good cigar---It's dollars to get it for 5 cents.

ou benefit by this. The tobacco in the ɔm Keene cigar is the only nuine Vuelta stock ever own on American . Bondy & Lederer are the RST and ONLY cigar manu- urers to produce this ilt. No one ever at- pted such enterprise be- . It is new in the tobac- growing world. The g of importation duty alone makes it possible to sell a cigar s peculiar Vuelta coffee-like taste for a nickel.

Some reason,--- a plain statement of facts--- a significant, unqualified endorsement.

The Tom Keene is pure Vuelta in every acceptance of the term, and critical smokers will immediately realize it. The delicate, but positive character of taste peculiar to Vuelta is plainly evident to everyone in smoking it. It is so noticed in this flavor that we have had occasion to prosecute several dealers for selling the Tom Keene as a 10-cent cigar. These suits were instituted because we do not wish dealers to frustrate the purpose of our advertising, which is to inform the people that a genuine Vuelta filled cigar can be had for 5 cents, under the name of Tom Keene.

STATEMENT BY DANIEL STEWART COMPANY.

We wish to state to the public that in all our experience of cigar handling we have never seen a brand so exceptionally praised as the Tom Keene. We wish to add that of our knowledge its popularity is well founded id well deserved. It is to our knowledge the best grade of cigar we have ever known to be sold for 5 cents.

(Signed,) DANIEL STEWART COMPANY.

RACES AT CENTLIVRE'S.

The Amateur Driving club met last night and completed arrangements for the races at Centlivre's park Friday afternoon. Some of the best horses in the city are entered in the different events and there will be some good sport. There will be three trotting races, and a race between Georgewood, owned by J. C. Reid, and Wayne Chief, owned by Herman W. Tapp. A feature of the day will be hippodrome exhibitions by Prof. Jackson, of Chicago, who will perform feats with horses between races. The management has rented 1,100 extra chairs so that there will be ample accommodation for the crowd.

Slobbs—Closeby is nothing but a bag of wind.

Knobbs—Well, it's a wonder he wouldn't blow himself sometimes, then.

CURES ECZEMA AND ITCHING HUMORS THROUGH THE BLOOD—COSTS NOTHING TO TRY.

B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scabs, scales, watery blisters, pimples, aching bones or joints, boils, carbuncles, prickling pain in the skin, old, eating sores, ulcers, etc. Botanic Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Other remedies may relieve, but B. B. B. actually cures, heals every sore, and gives the rich glow of health to the skin, making the blood red and nourishing. Especially advised for old, obstinate cases. Druggists, $1. Trial treatment free and prepaid by writing Dr. Gilham, 213 Mitchell St., Atlanta, Ga. Describe trouble and free medical advice given. Sold by Ranke & Nusbaum, 88 Calhoun St.

Aluminum stoppers for beer bottles have been adopted by a famous Milwaukee brewery, as being cleanly and absolutely tight.

MOTHER ALWAYS KEEPS IT HANDY.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Meyer Bros. & Co.

Some twenty-one Italian soldiers taken after the battle of Adowa in 1896 are stated to be still kept prisoners by the Abyssinians.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, Nausea, Dizziness, Headaches, Liver Complaints, Bowel Disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to a cure. 25c at Dreier & Bro.'s drug store.

As a result of the mild winter in southern Russia shrew mice have appeared in great numbers in the fields, doing great damage to the crops.

BRONCHITIS FOR TWENTY YEARS.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar, which is a sure cure." Sold by Dreier & Bro. and Pellens & Polster.

The Guideless wonder at Centlivre park July 4.

The East End Gun club will have a clay pigeon shoot in White's addition tomorrow and quite a number of crack shots from out of the city will be here to participate.

Mr. and Mrs. Krider entertained last evening in honor of Miss Rinehart and Miss Woods, of Dunkirk, Ohio. Dancing was the feature of the evening, and refreshments were served at the close.

LOVERS WERE DISAPPOINTED.

(Huntington Democrat.)

Tuesday the Fort Wayne and Southwestern traction car due from the west about 11:25 o'clock brought a young couple to the city who wanted to get married. The young man looked to be about twenty years old and the young lady about sixteen. The prospective groom had been working for a farmer near Lagro, but resigned his job Tuesday. He had coin in his pocket, but his and his lady's shoes looked like they might have walked from Lagro to Andrews to catch the traction car. The girl was dressed in summer attire—that is, what she had on looked cool, but there didn't appear to be a great deal of it.

The couple stepped into William Reilly's confectionery store and asked permission to leave some bundles there for awhile. He purchased some fruit for the girl and bought a little piece of tobacco for himself.

The young man then asked Mr. Reilly if he would go with him to the county clerk's office to get a marriage license. It was almost noon then and Mr. Reilly told him he was afraid he would find the placed closed, and it would be a hard matter for him to get away from the store.

The gentleman then inquired for a cheap boarding house and the expectant couple left. They returned about 1:30 o'clock. He said they wouldn't issue him a license because his girl lived in Allen county, so they boarded a car for Fort Wayne.

THUMB TORN OFF.

Benjamin Saunders had his left thumb badly torn while trying to break in a young horse yesterday. Mr. Saunders found it necessary to lasso the animal and succeeded in throwing the rope over its head, when the animal reared and Mr. Saunders' thumb was caught in a twist in the rope. The end of the memb was torn off at the first joint and hung by a mere thrend of flesh. Mr. Saunders wrapped his hand in his handkerchief and went to the office of Dr. J. D. Chambers, where the injury was dressed. It was decided to try and save the thumb and the mangled end was stitched on and the hand put in a splint. Mr. Saunders displayed much nerve during the operation, which he underwent without the use of anaesthetics.

BIG FIRE IN HARTFORD, CONN.

Hartford, Conn., July 3.—Three alarms of fire between 2 and 3 o'clock this morning called out the entire department to fight a blaze in the big plant of the Cape Well Horse Nail company. Fanned by a brisk wind the fire spread with such rapidity that when the general alarm was sounded, the blaze seemed beyond the control of the firemen and threatened to sweep many buildings in that part of the city. A dwelling house owned by David Tillon, across the street from the factory, caught fire and was partly burned, but the blaze was checked at that point. The entire plant of the Cape Well Co. was destroyed. The estimated property loss is between $300,000 and $400,000. The insurance will nearly cover the loss.

CARS WILL RUN LATER.

On account of holiday the Fort Wayne and Southwestern company announces that its cars will run one hour later than ordinarily in the evening. The last car will leave this city at 11 o'clock.

Mr. and Mrs. M. J. Flicker and son, of Bellevue, Ohio, are here visiting Mrs. Flicker's brother, W. T. Warcup, and family.

GOT TO GO.

Men of Family Must Work Sick or Well.

Good food and the right kind will carry a man through almost anything. Commenting on the power of Grape-Nuts, an Oakland wife writes of the experience of her husband.

"Two years ago my husband had the pneumonia, which left him in a sad condition, unable to work for several months. The doctor said he would have to be very careful of it would turn into consumption.

"We have a large family and he must work sick or well. Hearing that Grape-Nuts was the strongest nourishing food we could find he began on the food with one egg, which would be all he would eat for breakfast.

"He left home at 4:30 every morning seven days in the week, and after two years' continued use of the food he is a well man. Even the cought has left him that troubled him so long atfer his sickness.

"Our youngest child, a boy of four and a half, was a very delicate baby. As soon as he could eat anything we started him on Grape-Nuts and he has grown to be a large child, taking a suit for a boy six years old. He is a very bright, strong, intelligent boy." Name given by Postum Co., Battle Creek, Mich.

Ask th w you the recipe book in Grape-Nuts.

A FIRE AT TOWNLEY.

The residence of John Bates in Townley, a village in the eastern part of the county, was entirely destroyed by fire last night. The village has no fire protection, and neighbors formed a bucket brigade but could not put out the fire. They prevented a spread of the flames to other buildings, however.

NO FALSE CLAIMS.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced stages, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

No lady can do without powder, but buy the best. It is Satin-Skin Powder. Flesh, white or brunet tints. 25c. At Rurode's. d

America is looking at the of July today from quite a point of view from that he py day after tomorrow.

spell of wet weather lasts onger it will be ruination to ut it will save Fort Wayne water famine until that new rrives—maybe.

ate convention of the democ Georgia adopted a platform is almost exclusively with ues. The Kansas City plat s ignored and Mr. Bryan's was not mentioned. When happen in Georgia it hardly there is much occasion to similar action by convennorthern states.

ndiana war claim has been and warrant drawn for the of it, but Mitchener and former politicians in this nd now practicing law in ton, demand 10 per cent. of as a fee for getting the law This will amount to $65,will make a considerable e hunk of money the state eive if the claim of these is allowed. They threaten payment unless their fee is

irdest slap yet given the beet ntingent in the late session ress was administered by the nvention of Minnesota republ Reciprocity with Cuba was and the president's course n thereto was heartily ap When it is remembered that Representative Tawney, who was leader of the "insurgents" in the house, and Senator Nelson, who was one of the most bitter of the foes of reciprocity in the senate, are from Minnesota, the significance of the convention's utterances on the Cuban issue is better understood.

Upon cool reflection Senator Bailey reaches the conclusion he did not do enough to Senator Beveridge while at the job and he wants another "go" with the Indiana statesman. The Texan would do better to subside. The only argument in which he is likely to have the best of the matter is that of muscle and pugnacity. Moreover, Judge Penfield, solicitor for the state department, whose defense by Beveridge, caused the Texan to assault the Indianian, is out with a statement of the case that gives Bailey much better pretext to roll up his sleeves and breathe fire than Beveridge did. And Judge Penfield will "scrap," as those who remember him as practitioner in the northern Indiana courts will readily recall.

Announcement of the death at Centerville of Judge William A Peelle will recall to many of the older generation the name of a historic figure in Indiana who had been almost forgotten. Judge Peelle forty years ago was one of the best known men in the state. He was secretary of state and the close friend and advisor of Governor Oliver P. Morton. He afterwards was in the legislature and later was elected judge in the Wayne county circuit, serving in that capacity until age compelled him to retire. He died in the historic Morton mansion, which he purchased while yet a resident of Richmond with the resolve that when his days were brought to a close it should be under that ancient roof. Judge Peelle was a man of fine attainments and lofty character and during the civil war was a power in the state for the upholding of the union cause.

WOMAN DRAGGED TO DEATH.

Van Wert, Ohio, July 3.—Mrs. J. W. Latchford, wife of the vice-president of the Royal Packing company of Chicago, was found dead yesterday afternoon three miles from town with her body entangled in the lines of a horse and carriage which she hired for a drive. It is not known just what caused the accident, but it is supposed that the horse started to run away and to save herself Mrs. Latchford tried to jump from the carriage, miles from town with her body entangled in the lines and was dragged to her death. Mrs. Latchford was visiting friends in this place. Before her marriage Mrs. Latchford was connected with the Chicago Record as a reporter.

DIED AFTER LONG ILLNESS.

Mrs. Fred Goshorn, Mrs. Maggie Thomas, of Spy Run avenue, and Mrs. Henry Hunsche, of Elizabeth street, were called to Mount Victory, Ohio, last week by the serious illness of Mrs. Mary C. Sullivan. Mrs. Sullivan died Monday at the age of sixty-one years, after an extended illness, in the course of which she underwent a surgical operation at St. Joseph's hospital in this city in the hope of restoring her to health. Mrs. Sullivan was a most estimable woman, and the surviving relatives include the husband, two sons, a daughter, five sisters, two brothers and her aged father.

AFTER A SWINDLER.

Calvin Hosler, of the local agency of the Union Pacific Tea company, was at Huntington yesterday on the trail of a fellow who has been duping the people of that city. He purchased inferior tea and coffee of Huntington merchants, packed the stuff in bags formerly used by the Union Pacific company and sold it to the people as high-grade goods. It is said his arrest may follow.

TWO BOTTLES CURED HIM.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by Dreier & Bro. and Pellens & Polster.

AN ELOPING COUPLE CAUGHT

GRAVE CHARGES AGAINST MRS. AUSTIN O'MALLEY.

Wife of Notre Dame Professor Held on Charge of Stealing Her Sister-in-Law's Gems.

Philadelphia, Pa., July 3.—Accused of theft, Mrs. Ailene O'Malley, wife of Prof. Austin O'Malley, an instructor in the University of Notre Dame, at South Bend, Ind., is a prisoner in the city hall. In another cell is William Hering, son of a New York stock broker, who is accused of complicity in the robbery and of trying to elope with Mrs. O'Malley. Prof. O'Malley is ill in St. Agnes' hospital, suffering from arsenical poisoning, said to have been contracted by eating canned goods at his home in South Bend.

Mrs. O'Malley is the daughter of a New York stock broker named Ellis, who is the business partner of Hering's father. The accused couple were arraigned in the Central station yesterday afternoon and held in $1,200 bail for a further hearing on July 10.

Mrs. O'Malley is twenty-four years of age, a brunette of striking appearance. Hering has lived with his parents in a fashionable section of New York at 14 Morningside Heights. He is twenty years old and is a youth of education and distinguished bearing.

ARRESTED AT STATION.

He was arrested while waiting for Mrs. O'Malley in Broad street station. Mrs. O'Malley was taken into custody as she was leaving the house of her brother-in-law, Dr. Joseph O'Malley, 2228 South Broad street.

When Mrs. O'Malley was searched several pieces of jewelry, alleged to be the property of Dr. O'Malley and his wife, but part of which is claimed as Mrs. Ailene O'Malley's personal belongings, were found. Several pawn tickets which she snatched from her corsage, tore to pieces and flung out of a window, were pasted together and found to represent pledges for two articles of jewelry pawned for $150.

Lieutenant Tomlinson says the woman prisoner acknowledged that on June 22 she took a diamond sunburst and a pin with a diamond center belonging to Mrs. O'Malley, her sister-in-law, and a gold pencil, the property of Dr. O'Malley, at whose home she was staying since she came here with her husband.

KNOWN AT SOUTH BEND.

South Bend, Ind., July 3.—Prof. and Mrs. Austin O'Malley are well known in this city, where they have made their home since their marriage in New York March 10 last. Mrs. O'Malley is a graduate of St. Mary's academy and was one of the leaders of her class at that institution. It was while attending school here that she met Prof. O'Malley, who is instructor in English literature at Notre Dame.

Prof. O'Malley is a native of Philadelphia. He was graduated from St. John's college at Fordham, N. Y., and later took a course in medicine at Jefferson college, Philadelphia. He holds degrees of master of arts and doctor of philosophy conferred by Georgetown university, of doctor of medicine conferred by the University of Berlin and doctor of laws conferred by Notre Dame.

After the honeymoon he and his wife settled here, but recently they went to Philadelphia because of the illness of the professor and his desire to be treated there by his brother. Prof. O'Malley contracted ptomaine poisoning from eating deviled ham and this ailment was followed by paralysis.

CADETS ARE RUSTICATED.

London, July 3.—Twenty-nine "rusticated" cadets of the Royal Military academy, Sandhurst, left that institution this morning, protesting that they had not been connected with the recent incendiary fires started at the college.

HAD AMERICANS ABOARD.

Berlin, July 3.—Emperor William's guests on the Meteor during the return race from Eckernfoerde to this port included P. A. B. Widener, Allison Armour, Clement A. Griscom and C. L. F. Robinson, rear commodore of the New York Yacht club, the grand duke of Saxony and Admiral Prince Henry of Prussia. Though the Meteor finished first, the empress' yacht Iduna won the first prize on time allowance. The Meteor was second. The British schooner Cicely gave up the race.

PICKED UP EXPLORER.

San Francisco, July 3.—News brought by the steamer St. Paul from the Arctic says the English explorer, Harry De Windt, and his party were picked up on the Siberian coast, probably at Indian Point, by the United States revenue cutter Thetis, under the command of Captain Healey, about the middle of June. De Windt is attempting to go from Paris to New York via the eastern route and if he reaches Nome he will be sure to succeed.

HAD A NOTION TO SUICIDE

WOMAN ATTRACTS ATTENTION NEAR RIVER BANK

Would Have Ended Her Troubles, But Bystanders Kept Watch and She Gave It Up.

A slight flurry of excitement was caused about the foot of Harrison street late Wednesday afternoon by the appearance of a woman who sought the river bank with the evident intention of ending her existence, but people in the vicinity kept her under such close surveillance that the woman dismissed sucidal intentions for the time being at least.

She was rather prepossessing, of dark complexion and apparently about 24 years of age, and was noticed by several persons as she came down Columbia street, turned north on Harrison and walked toward the river bank. Her actions aroused the suspicions of several people in the vicinity, and when the woman discovered she was watched she made several efforts to avoid observations.

Those who saw her believed she contemplated suicide, and Theodore Schwier, employed as a bookeeper at the Baltes lime establishment, together with several other gentlemen, approached the point where she had seated herself upon the river bank. The woman was not inclined to communicate and said she wanted to be let alone, though she admitted having a notion to jump in the river and end her troubles. A close watch was kept to prevent her carrying her notion into execution, and after a time she arose and started eastward. No one has been able to learn her name.

RECIPROCITY CONFERENCE.

Washington, July 3.—Chairman Payne, of the house committee on ways and means, today conferred with President Roosevelt in regard to Cuban reciprocity. Upon leaving the executive quarters Mr. Payne, in response to questions on the subject, said he was satisfied that reciprocity with Cuba would be effected at the next session of congress with almost unanimous vote in both houses. The method by which this will be attained, he said, will be by treaty. Under ordinary conditions, he said, a treaty is ratified by the senate only, but in matters of this kind, involving questions of revenue, under the Dinglew law, the house, under the constitution, has equal jurisdiction with the senate. The conference of Mr. Payne with the president and his subsequent utterances effectually puts an end to extra session talk.

AS TO IRISH-AMERICANS.

London, July 3.—The war secretary, Mr. Brodrick, informed Jasper Tully (nationalist) in the house of commons today that he was not aware that a number of Irish-Americans were made prisoners of war, but that if such was the case their release will proceed on the same lines as other prisoners similarly situated.

WHEN OTHER MEDICINES HAVE FAILED

Take Foley's Kidney Cure. It has cured when everything else has disappointed. Sold by Dreier & Bro. and Pellens & Polster.

MOTORMAN WAS ACQUITTED

HE RUN HIS CAR THROUGH A FUNERAL CORTEGE.

No Proof of Intention to Violate the Ordinances—The News of the Police.

Rallo Meyers, a motorman for the Fort Wayne Traction company, was arrested on a charge of having run his car through a funeral procession yesterday afternoon. The case was tried at police court this morning under the ordinance and the defendant was acquitted, the judge saying that he did not believe that there was any intent to violate the ordinance and that it was violated ignorantly and unintentionally. The breach occurred at the corner of Berry and Calhoun streets yesterday afternoon and it was shown that the procession consisted of only a very few carriages and that the vicinity of the corner was crowded with various kinds of vehicles at the time and that the procession was scarcely distinguishable from the general traffic vehicles. The conductor testified that he saw the procession and signaled the motorman with two rings of the bell to stop. The motorman said that in the first place, being a new man on the line, he was not aware of the existence of the ordinance and that on hearing the bell he thought it to be a signal to stop on the far side of the crossing, which stop he made. The explanation was satisfactory to the judge and the case was dismissed.

WIFE DESERTER FINED.

Henry Smead was arraigned for wife desertion. He pleaded guilty and was fined $10 and costs and in default was committed to jail. Smead left his wife several months ago and has since been out of town. He returned several days ago and his wife hearing of his return filed an affidavit against him yesterday. The arrest was made last evening and the sequel came this morning.

George Wilson pleaded guilty to a plain charge of public intoxication and was fined $1 and costs. George has been in hock before, but the judge evidently did not recognize him and allowed him to get away with a cheap sentence. He went to jail.

SOLDIER WAS LET GO.

Edward Jones was slated for intoxication, but failed to show up when the case was called. He was released on the order of Superintendent Gorsline last evening and this morning the superintendent explained to the court that he was willing to pay any fine that might be assessed against the man. Jones is a member of the "Fighting Ninth" that passed through this city night before last and was left when the train pulled out. He met convivial friends and got overloaded and was run in. When he had sobered up he explained the circumstances to the superintendent, who told him to go and that he would be responsible for the consequence. Superintendent Gorsline served in the regular army for fourteen years and naturally has a warm spot for any of the guild and when he found an opportunity to do a fellow soldier, even though a stranger, a service he did not hesitate to take the responsibility, whatever it might have happened to be. The case was called and indefinitely postponed.

POLICE NOTES.

Any person finding himself short a cow today can probably find the animal at the corner of Main and VanBuren streets, where one was picked up and housed last night.

An Aboit township farmer who requested that his name be not mentioned found a pocketbook yesterday and returned it to the police station. It contains a small amount of money and some papers.

Joseph Weaver, of 519 East Creighton avenue, complained that a stray dog bit his child yesterday. He wants the police to hunt up the dog and kill it. It's a pretty big job, but the department will undertake to handle it even if the coppers' excursion must be postponed a week.

Mrs. Hazelwood, boarding at the Aveline house, reports that she lost her watch near the Lake Erie depot yesterday. She will pay more than the watch is worth to have it returned to her.

John King, a commission peddler, living at 1902 Thomas street, reports that he lost a roll containing $22 in an alley in the south part of town yesterday. He does not state whether there is a faro bank in the alley or not. Mr. King is in the employ of Louis Schatzer, the commission man, and Mr. Schatzer is famous for hard luck. Sometimes his agents run away with all the proceeds, sometimes they get robbed, sometimes they lose their roll and sometimes they report and settle all right. Mr. King, Mr. Schatzer and the police are looking for the missing twenty-two.

There will be another meeting of the policemen's excursion committee shortly to pass on the case of Officer Collins. Mr. Collins persists in trying to run in a few commercial enterprises in connection with the excursion, which project his fellow officers oppose. Collins' hobby is to make a feather-renovating short order house one of the features and asks the committee to stand for a hand-organ attachment to draw trade. Mr. Collins has many warm supporters and the discussion is likely to create a split in the committee and maybe the excursion will have to be abandoned altogether.

ANOTHER LINE IS PROJECTED

FORT WAYNE-DAYTON MAGNATES KEEP BUSY.

Dr. George Incorporates Company to Build Between Warsaw and South Bend.

Dr. S. F. George, president of the Fort Wayne, Dayton and Cincinnati electric line, who was in the city a few days ago on business connected with that enterprise, is now taking up a project to construct an electric line connecting Winona, Warsaw, Nappanee, Elkhart and South Bend.

The new company is the Winona, Warsaw, Elkhart and South Bend Traction company, with a capital stock of $400,000, and articles of incorporation were filed at Indianapolis Thursday. Dr. S. F. George, of Dayton, is temporary president; C. W. Gebhart, of Dayton, who is secretary of the Fort Wayne company, is treasurer of the new organization, and the other incorporators are Troy, Ohio, people.

The plan of the new company is said to first contemplate the opening of a line from Elkhart to Nappanee and later the extension of the road to Warsaw and Winona.

ACTS IMMEDIATELY.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. Meyer Bros. & Co.

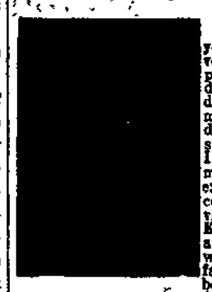
Surprised at the Quick Results



Mrs. E. Firefile.

1321 Day St., Philadelphia, Pa.

When I was sick 2 years ago, with nervous prostration, palpitation of the heart, dizziness and general debility, I tried many medicines and several doctors, but grew steadily worse until I was unable to leave my bed, and no one expected me ever to recover. But a friend advised me to try Pastor Koenig's Nerve Tonic and as a last recourse, without any hope or faith in it, I tried a bottle and was surprised at its quick results. After using only 2 bottles I was completely cured.
MRS. E. FIREFILE.

The daughter of Mrs. J. Schon, of Ezira, Iowa, has suffered with epilepsy. She used Pastor Koenig's Nerve Tonic, and has not had an attack in three years.

J. J. Cartos from Newark, N. J., says in a letter dated Jan. 12, '96: I believe, that Pastor Koenig's Nerve Tonic did the most good of any medicine I took.

FREE—A Valuable Book on Nervous Diseases sent free to any address, and poor patients can also obtain this medicine free of charge.

This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., since 1876, and is now prepared under his direction by the

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

Sold by druggists for $1 a bottle.

We have all the leading kinds: Mennen's, Colgate's, Schifflein's and others at prices from 15c to 25c.

Ranke & Nussbaum,
Pharmacists, 828 Calhoun St.

SILENCE!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of *free* consultation by letter. All correspondence is held as strictly private and sacredly confidential. Address Doctor R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"Having used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' during the past year," writes Mrs. Mattie Long, of Pfouts Valley, Perry Co., Pa., "I can truthfully recommend these medicines for all female weaknesses. I have used several bottles of 'Favorite Prescription,' which I consider a great blessing to weak women. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce."

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

KING DOING WELL

BULLETINS SHOW HIM ABOUT OUT OF DANGER.

IMPROVEMENT IS MAINTAINED

WOUND GIVES LITTLE PAIN TO ROYAL PATIENT.

THE MEDICAL OPINIONS

PROFESSIONAL JOURNALS ON THE KING'S CONDITION.

London, July 3.—The following bulletin was posted at Buckingham palace at 7 p. m.:

"His majesty had a comfortable day. His general condition is still further improved and the wound now causes him comparatively little pain.

(Signed.) "Treves,
"Laking,
"Barlow."

London, July 3.—The following bulletin was issued regarding King Edward's condition at 10 o'clock this morning from Buckingham palace:

"The king has slept well and nothing has occurred to mar the excellent progress this majesty is now making.

"Treves,
"Laking,
"Barlow."

Discussing the king's uninterrupted progress, the Lancet says:

"It has been necessary to remove the drainage tubes, as they could not be tolerated, and gauze plugs are now used instead. The wound is granulating satisfactorily, the discharge has diminished and is perfectly inodorous. His majesty's temperature has been normal since June 26. His constitutional condition is admirable."

The British Medical Journal, in expressing a similarly satisfactory view of the king's condition, says:

"At no time has it been necessary since the operation to use sedatives to induce the king to sleep. To medical men who have read the daily bulletins it has been obvious that the statements therein were entirely frank. There was great anxiety at first. Sir Frederick Treves did not go to bed for seven nights. But the load of anxiety is now lightened, if it has not entirely disappeared. The rumors regarding the king's general health are altogether unfounded and confidence is now felt that, thanks in an unusual degree to his sound constitution, the king will make recovery."

ABOUT THE COURT HOUSE.

The board of tax review is a pretty busy body right now and expects to adjourn on Saturday of this week. Today the several national banks, the trust companies and the building and loan associations are on the carpet. Since yesterday's publication the following increases have been made: Louis Currier, increased from $50 to $1,250; Henry Rothschild, increased from $1,150 to $6,050; Benjamin Rothschild, increased from $380 to $860; Edward Seidel, increased from $365 to $12,000; Hoffman Bros., increased from $53,800 to $60,000; the Archer Printing company, increased from $5,000 to $12,950. In the matter of Henry Rothschild, the assessment will probably be reviewed on account of additional information having been received. The Seidel increase will probably be carried up to the state board of equalization.

The superior court took a recess at shortly before noon today. Before recess the jury in the case of Hively vs. the City Trucking company returned a verdict finding for the plaintiff in the sum of $200. The jury went out shortly before noon yesterday and agreed about midnight. No motion for a new trial was made after the verdict was returned.

Deputy Sheriff Reicheiderfer and G. W. McKee, guardian, returned to the city last night, having in custody Henry Winters, of Jefferson township, presumed to be insane. Winters is now in jail and an inquest of lunacy is being arranged for.

In the Weber divorce case a decree was granted the plaintiff by Judge Aiken just before adjournment of court today.

John Aiken has commenced suit against Mary B. Schweitzer et al. to quiet title.

DEATH TO HUMAN SKYROCKET.

Louisville, Ky., July 3.—In the presence of 5,000 spectators witnessing an open air performance of the "Last Days of Pompeii" on the common opposite Churchill Downs last night James Duil, known as the "human bomb," received injuries which will probably result in his death. It is Duil's part of the performance to be hurled high into the air by a bomb, which explodes, landing [illegible] parachute, by means which t[illegible] performer rel[illegible] bomb [illegible] the air as usual, but when it reached its greatest height it failed to explode and started to the earth with the victim unable to release himself. As the missile was within 100 feet of the ground it suddenly exploded, and to the horror of the spectators, Duil was dashed to the earth and the performance brought to a close. When the victim was picked up it was found that his back was broken. He was taken to the city hospital.

WILL WED THIS EVENING.

Julian E. Barrand and Miss Mercie E. Budd, well known people residing near Wallen, will be united in marriage this evening at the home of Mr. and Mrs. Joseph E. Sunderland, in Washington township. Rev. C. E. White, of Trinity M. E. church in this city, will officiate. Mr. Barrand's friends in the ranks of bachelordom will be considerably surprised to learn that he is to become a benedict, but they will heartily wish him and his charming bride the largest measure of happiness and prosperity.

USE OF FIREARMS BARRED

MAYOR BERGHOFF'S ORDERS TO POLICE.

Persons Using Guns, Revolvers or Cannons to Celebrate Fourth Will Be Arrested.

This morning Mayor Berghoff issued orders to the police to prevent the use of revolvers and guns and similar firearms for celebrating the glorious Fourth and anyone violating the ukase will be arrested.

Every Fourth of July claims victims of misplaced confidence in the above mentioned firearms and there is danger not only to the person who chooses this method of celebrating, but also to persons who happen to be in the vicinity. On many occasions in this city people have been more or less seriously injured through the practice of many young men who walk along the street and empty a revolver without taking the trouble to notice in which direction the weapon may be pointing.

Firecrackers, sky rockets, pinwheels, volcanoes, etc., etc., ad infinitum may be used with discretion, however, without danger of interference on the part of the blue-coated guardians of the peace, and there is every reason to believe that the rising generation will make the most of the one day in the 365 on which they can make all the noise they want to without hindrance.

WAS WIDOW OF RABBI RUBIN

MRS. ELIZA RUBIN SUCCUMBS TO PARALYSIS.

Esteemed Jewish Woman Had Reached an Advanced Age—Other Mortuary Matters.

Mrs. Eliza Rubin, nearly seventy-eight years of age, died at 1:15 o'clock this morning at the home of her daughter, Mrs. A. E. Bruebach, 415 East Washington street. Death was due to paralysis, with which the aged woman was first stricken on February 24. There was considerable improvement in her condition until three weeks ago, when a second stroke came, followed on Friday by the third attack, which terminated in her death this morning.

Mrs. Rubin was the widow of the late Rabbi Edward Rubin, and had been a resident of Fort Wayne many years. She was a native of France and the family came from Newark, N. J., to Fort Wayne in 1862. For nineteen years, and until his death in 1881, her husband was rabbi of the Jewish congregation in this city, and it was under his administration that the present Jewish temple was erected. Mrs. Rubin was widely known, particularly among the Jewish people, and her long and active life was characterized by lofty womanhood, kindly acts and charitable deeds that made every acquaintance a friend.

Surviving are two sons, Harry and Joseph Rubin, of Payne, Ohio, and the daughter, Mrs. A. E. Bruebach, of this city. The funeral services will be held from the residence Sunday morning at 9 o'clock. Rabbi Cohn will officiate and friends are requested to omit flowers. The interment will occur at Lindenwood beside the remains of her husband. The latter service will be private.

FUNERAL ANNOUNCEMENTS.

Gerberding.—Funeral services of August Gerberding will be held Sunday afternoon at 2 o'clock from the residence, 1031 Erie street, and at 2:30 from St. Paul's Lutheran church.

Go[illegible] race program C[illegible] park July 4.

IN NORTHERN INDIANA.

David Jones, 63 years of age, died at Ligonier from appendicitis.

Willie Davis, 12 years old, is missing from his home at Columbia City.

Steuben county old settlers will hold their meeting Thursday, August 21st.

F. DeLa Claire, of Goshen, broke his leg in two places in a fall from his bicycle.

Jacob Martin, a prominent Huntington citizen, died Wednesday afternoon at the age of 49 years.

Burt Knapp, the Ligonier jockey, is now the leading jockey in Russia, where he is riding for a nobleman.

Decatur has granted a franchise to the Fort Wayne, Dayton and Cincinnati Traction company to operate its interurban cars through the Adams county capital.

Ida Lane, a 17-year-old girl at Elkhart, was taken ill with mumps. Relatives refused to admit her to their home for treatment and she was sent to the county infirmary.

Russell Guipe, of Elkhart, has been held to the grand jury on a charge of housebreaking. He tried to establish an alibi, but eight witnesses testified to having seen him leave the house which was robbed.

A finger ring worn by Bonnie Lane, of Columbia City, caught upon a nail as the little fellow jumped from a farmer's wagon. The boy was dragged a considerable distance by the finger and painfully injured.

An Auburn man kept track of the rainfall there for forty-eight hours, from 7 a. m. Friday until 7 a. m. Sunday, and found it to be four inches. He figures that this would amount to 3,448 barrels per acre.

Rev. Father Henry Meissner, the well known Catholic priest who died at Peru Thursday, was for a short time assistant pastor to Rev. Father Duehmig, at Avilla, soon after his ordination in 1868. He was sent to Peru in 1875.

From Monday, October 12, until Thursday, October 6, the state synod of the Presbyterian church will be held at Goshen. On that occasion Rev. Vannuys, of Goshen, will deliver his fiftieth anniversary sermon. Rev. Vannuys has never had any other charge and the church has never had any other pastor. He came to Goshen October 1, 1852, after stopping in Elkhart a few weeks delivering sermons. His record is probably the longest of any minister in the country.

Seven business houses at Shipshewana, Lagrange county, were burned at an early hour Wednesday morning, entailing a loss of $40,000, with but $8,000 insurance. Those affected by the fire are Truesdale Bros., dry goods; Smith Bros., hardware; Shipshewana Tribune, A. B. Robinson, barber shop; James Bender, saloon; W. L. Reifsnider, harness, and Miss Nusbaum, millinery. Fire originated in the dry goods store and communicated to a stock of fireworks in the window, the explosion of which aroused citizens.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Meyer Bros. & Co.

The Columbia, which sailed from Boston in September, 1787, was the first ship that carried the Stars and Stripes completely round the world.

DON'T FAIL TO TRY THIS.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Dreier & Bro. Only 50 cents.

London is considered a crowded city, yet 9.4 per cent of its inhabitants occupy one-room tenements, whereas in Bombay it is 30 per cent.

Sound kidneys are safeguards of life. Make the kidneys healthy with Foley's Kidney Cure. Sold by Dreier & Bro. and Pellens & Polster.

"Members of parliament must pay cash" states a notice displayed in a hairdresser's saloon at Sydney, N. S. W.

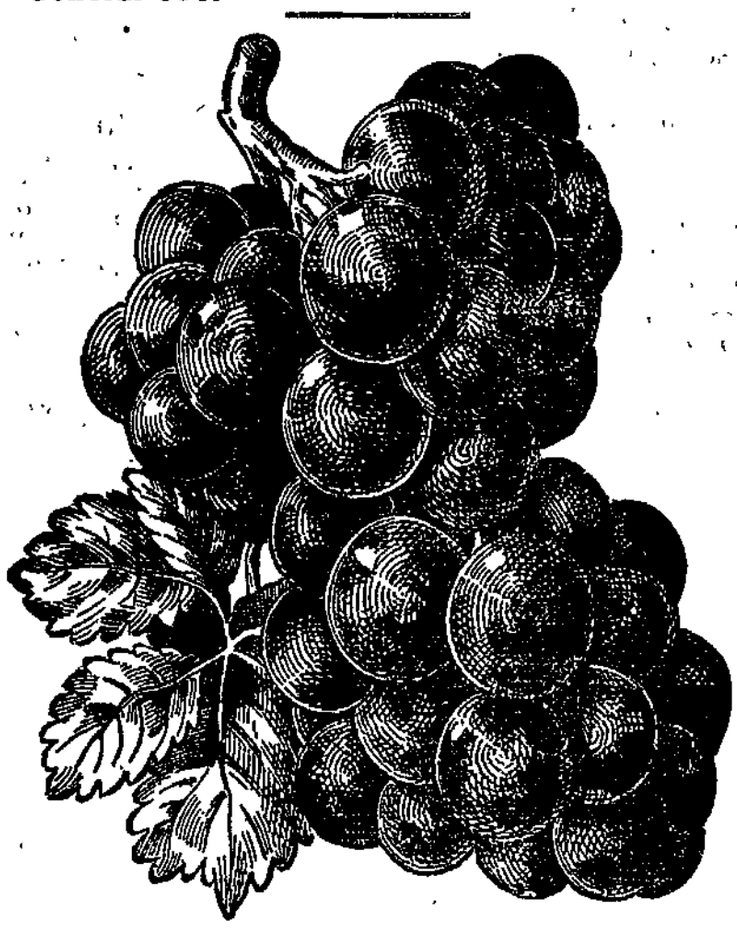
NEW ERA IN CHEMISTRY.

An American Company Succeeds in Putting the Best Elements of The German "Traubenkur" or Grape Cure in Cheap, Convenient Form for General Use.



Good News for Sufferers From Dyspepsia, Constipation, Liver Troubles or Nervous Exhaustion.

It is estimated that five million dollars were spent last year by Americans in visiting the world-famed Traubenkur or Grape Cures of the Rivers Rhine and Neckar in Germany. Their startling cures of Stomach and Liver Troubles and General Exhaustion have stirred the medical world, and forced physicians to recommend them and admit their wonderful work.

Recognizing the Grape Cure as the most potent factor in modern medicine, the Lightning Medicine Co., of Rock Island, after years of scientific experiment, perfected

MULL'S GRAPE TONIC

an invigorating rebuilder, the basis of which is the juice of the grape, combined with herbs and fruits. It is nature's own tonic and builder. It combines all the best elements of the Traubenkur and is now placed on general sale in drug stores at the nominal price of 50 cents a bottle. It places within reach of all the benefits of the marvelous Traubenkur.

It means more to the sufferers from these diseases than any departure in medicine of the age. You can be convinced at once, because the first dose benefits.

We not only recommend Mull's Grape Tonic, but our faith in it is so unlimited that we will in all cases refund the money in full to all purchasers who are not benefited by its use.

NOTE—If used with a little chopped ice in hot weather it will be found a delicious drink.

"For Sale by Ranke & Nussbaum, Druggists."

If purchaser mentions The Sentinel they will receive a beautiful souvenir free

BASE BALL

The National league clubs started in yesterday to again show how the game should be played and the three games were marked by clean scores and apparent good playing. Recently the box scores of National league games were very ragged looking affairs. The aggregate attendance was 6,700. In the American league 12,495 people witnessed the game in four cities. At St. Louis a double header was played and the home team won both games which were full of brilliant plays. Other games in the league were interesting enough but presented no unusual features. In the American association at Indianapolis and Toledo double headers were played, the clubs breaking even. Louisville seems to be after the pennant and after it right, a gratifying part of the game there being that the club is being magnificently patronized. The first official case of sun stroke this season was reported from Louisville yesterday when pitcher Elliott was overcome by the heat in the fourth inning and remained unconscious until 6 o'clock. His condition, however, is no longer considered serious. The total attendance at the four cities was 8,327. No games are scheduled in the American association today, the western clubs going west to play each other and the eastern clubs staying east to divide the Fourth of July games tomorrow when two games will be played at each of the cities. The results of yesterday's games are appended:

SAVES A WOMAN'S LIFE.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by Dreier & Bro. Price 50c and $1.00. Trial bottles free.

Exhibition at the south end of market space tomorrow night. Come everybody.

THE MARKETS.

Chicago, July 3.—The grain markets opened weak today because the weather map appeared less drizzly to traders and for minor reasons. September wheat started with sales from 73⅛c to 73⅜c, this being ⅜@½c to ⅝@¾c under yesterday's close. Feeling was bearish in the majority of cases and heavy sales were made. The price, however, did not decline further during the first hour. July was handled in smaller quantities. The market for this delivery opened ⅞c to 1c lower at 75¼c to 75⅜c. A recovery to 76c followed. In this pit, as in the others, much of the trade was for the purpose of playing even over the holidays—July 4, 5, 6. Local receipts were 46 cars, 4 of contract grade. Minneapolis and Duluth reported 320 cars, making a total for the three points of 366 cars against 363 last week.

Liquidation later carried September to 73⅛c. The close was steady, ¾c down, at 73¼@73⅜c.

The increased confidence in the intentions of Jupiter Pluvius resulted in liberal sales of corn, September opening ⅜c to 1c down at 62⅝c to 61¾c. There was sufficient support, however, to cause a reaction to 62½c, but not until considerable quantities of long stuff had been unloaded. July was neglected for the most part. The opening was 1¾c loss at 74c, a recovery to 74⅝c following. Receipts were 103 cars.

Corn closed weak, September 1⅛c lower, at 61⅜c. July closed 1⅝c higher at 77c.

Oats were weak on the weather and in sympathy with other grains. September opened ⅜c to ½c lower at 34⅞c to 34¾c and sold back during the first hour to 34⅞c. Receipts were 115 cars.

Provisions were dull but steady, prices undergoing no material change during the forenoon. September pork opened 2½c down at $18.55; September lard a shade down at $10.67½ to $10.70, and September ribs 2½c lower at $10.65.

THE CLOSE.

Prices at the close were as follows:

Wheat—July, 75@75⅛c; Sept., 73¼@73⅜c; Dec., 74⅛c; May, 76¾@76⅞c.

Corn—July, 77c; Sept., 61⅜c; Dec., 47¾c; May, 45c.

Oats—July, 42¼c; new, 47½c; Sept., 30⅞c; new, 34⅛c; Dec., new, 34c.

Pork—July, $18.55; Sept., $18.67½; Jan., $16.77½.

Lard—July, $10.75; Sept., $10.75; Oct., $10.70; Dec., $9.70; Jan., $9.40@9.42½; May, $9.35.

Ribs — July, $10.72½; Sept., $10.72½; Jan., $8.65.

Flax—Cash N. W., $1.73; S. W., $1.54; Sept., $1.40@1.42½; Oct., $1.36@1.36½.

Rye—July, 57¾c; Sept., 55¾c.

Barley—Cash, 67@71c.

Timothy—Sept., $4.72.

Clover—Cash, $8.35.

CHICAGO LIVE STOCK.

Chicago, July 3.—Cattle—Receipts, 5,500, including 2,000 Texans; market weak. Good to prime steers, $7.75@7.80; poor to medium, $4.75@7.40; stockers and feeders, $2.50@5.35; cows, $1.50@6.00; heifers, $2.50@6.50; canners, $1.50@2.50; bulls, $2.50@5.75; calves, $4.00@7.00.

Hogs—Receipts today, 22,000; tomorrow, 10,000; left over, 9,075; market lower. Mixed and butchers, $7.20@7.85; good to choice heavy, $7.70@7.97½; rough heavy, $7.30@7.70; light, $7.00@7.55; bulk of sales, $7.25@7.70.

Sheep—Receipts, 7,000; sheep steady; lambs strong. Good to choice wethers, $3.75@4.00; fair to choice mixed, $3.00@3.75.

BUTTER, CHEESE AND EGGS.

Chicago, July 3.—Butter—Market steady; creameries, 19@21c; dairies, 18@19½c.

Cheese—Market steady; young Americas, 10½@10¾c; daisies, 10¾@11c; twins, 10c.

Eggs—Market strong.

THE DAY ON WALL STREET.

New York, July 3.—Louisville was carried up 2 points in the opening dealings, Northwestern rose a point and Pressed Steel Car a sharp fraction. The soft coal carriers were firm. Otherwise prices were inclined to yield. Sugar lost over a point, but immediately recovered about a half. Dealings were on a very small scale and the changes were insignificant.

Traders realized in Louisville and Nashville, causing a relapse of a point. Elsewhere the tendency was slightly upward. There was a rise of 1½ in Illinois Central and fractional improvements in St. Paul, Missouri Pacific and Reading. Rubber preferred advanced a point while Northwestern preferred sold 3⅛ below and Denver and Southwestern 9 points above their previous sales. Some of the grangers and southwesterns ruled above yesterday's close, but there was some irregularity in that division. Ice preferred declined 1 point.

The market maintained a fairly steady tone throughout the second hour, fluctuations in the active stocks rarely exceeding ⅛ per cent. Louisville and Nashville worked lower and about wiped out its opening rise of 2 points, but other prominent stocks were unchanged to slightly better, notably Baltimore and Ohio. Consolidated Gas advanced 1⅛, Rutland preferred 2, New York Airbrake and Northwest 3¼ and the preferred recovered fully. Denver and Southwestern preferred fell 9 points.

Bonds were irregular.

"I make it a point never to talk more than ten minutes with any one person."

"So as not to tell all you know, I suppose."

NEW YORK PRODUCE MARKET.

New York, July 3.—Butter—Receipts, 10,703 pkgs; market active and firm. State dairy, 18@20⅜c; state creamery, 18⅛@21¼c; renovated, 17@19½c; factory, 16@18½c; imitation factory, 17@19c.

Cheese—Receipts, 6,014 pkgs; market steady. New, state full cream, small, colored, fancy, 10@10¼c; small, white, 10@10¼c; large, colored, 9¾@9⅞c; large, white, 9¾@9⅞c.

Eggs—Receipts, 8,679 pkgs; market firm. State and Pennsylvania, 19½@20c; western, candled, 18½@19c; southwestern, 14½@15⅜c.

Sugar—Raw, strong; fair refining, 2⅞c; centrifugal, 96 test, 3⅜c; molasses sugar, 2⅝c; refined, firm; crushed, $5.15; powdered, $4.75; granulated, $4.65.

Coffee—Market dull; No. 7 Rio, 5¼c.

EAST BUFFALO MARKET.

East Buffalo, N. Y., July 3.—Cattle—Receipts light; feeling better. Veals—Receipts, 196; tops, $6.75@7.00; fair to good, $5.75@6.25.

Hogs—Receipts, 4,800; market slow but full steady; heavy, $7.95@8.10; mixed, $7.70@7.90; pigs, $7.35@7.40; roughs, $7.00@7.25; stags, $5.50@6.50.

Sheep and lambs—Receipts, 800; market steady. Spring lambs, $6.50@7.25; fair to good, $5.75@6.25; culls to common, $4.00@5.00; yearlings, $4.50@5.00; sheep, top mixed, $4.00@4.25; fair to good, $3.60@3.90; culls to common, $2.25@3.50; ewes, $3.25@3.75; wethers, $4.25@4.65.

THE MONEY MARKET.

New York, July 3.—Money on call firm, 5½@6 per cent; prime mercantile paper, 4½@5 per cent; sterling exchange firm at $4.87⅞@4.88⅛ for demand and at $4.85½@4.85⅝ for 60 days; posted rates, $4.86@4.86½ and $4.88½@4.89; commercial bills, $4.84⅜@4.85¾; bar silver, 52¾c; Mexican dollars, 42c.

Government bonds steady.

EMPHATIC TALK.

THE KIND THAT CARRIES CONVICTION TO EVERY FORT WAYNE READER.

Conviction must follow such emphatic proof as is given here. The testimony of Fort Wayne residents should satisfy the most skeptical. Here is a Fort Wayne case. Read it and see if doubt can exist in the face of this evidence:

Mrs. Anna Long, of 80 Wells street, says: "I suffered a great deal with backache and other symptoms of kidney trouble not necessary to mention, but the first few doses of Doan's Kidney Pills, sold at Meyer & Co.'s drug store, relieved me and I was soon cured. A number of my neighbors also used the remedy and all of them speak of it in the highest terms."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Money! Money! Money!

WORK OF FLOOD

ENGINE HAULING GRAND RAPIDS TRAIN DITCHED.

RAN IN WASHOUT AT BELMONT

ENGINEER COLEMAN HURT AND ROAD BLOCKED.

SHOP BUILDING COMMENCES

CONTRACTOR SPROUL PUTS FORCE OF MEN AT WORK.

Aside from giving the residents of this city a bad fright, the storm at 6 o'clock last evening did no particular damage in the immediate vicinity of Fort Wayne. West and north it was more severe and The Sentinel's telegraphic columns today contain accounts of great damage to buildings, telegraph and railway property and to growing crops. The Grand Rapids and Indiana was the worst sufferer of any of the railways running into this city. Supt. J. W. Hunter received a telegram last night informing him that about sixty rods of wires and poles, between Mendon and Wausippi, were thrown down by the wind, completely severing communication at that point. The linemen were immediately sent to the scene and they worked all night in making repairs, succeeding in getting two lines in operation between this city and Grand Rapids about 9 o'clock. An Associated Press dispatch from Grand Rapids to The Sentinel this morning gives an account of an accident to a train which left this city at 4:20. The telegram reads as follows:

"The Grand Rapids and Indiana passenger train No. 3, which left here at 11 o'clock last night for the north, ran into a washout at Belmont and the engine and several cars left the track. Engineer Coleman, of this city, was seriously injured. The storm was most severe in an area about thirty miles north, south and east of this city. Washouts between here and Belmont prevented the wrecking train from reaching the ditched Grand Rapids and Indiana passenger train this morning. Trains from the north on both the Grand Rapids and Indiana and Pere Marquette were obliged to make a long detour via Muskegon in order to reach this city, the tracks being badly washed out directly north of Grand Rapids. The Grand Trunk is tied up by washouts between here and Durand. The Michigan Central is open between here and Nashville, but is blocked beyond there."

The Nickel Plate also had trouble with its telegraph service. One wire west of the city was broken and five others were twisted and mixed up so as to be useless for several hours. Linemen were sent out and repairs were made by early morning and at 9 o'clock the wires were again in good shape. Other roads report more or less trouble with their wires, though none of them were broken, the causes being temporary, which subsided with the storm.

WESTERN UNION CONTROLS IT.

Yesterday the Baltimore News published the following statement, authorized by the interested parties: "The transfer of the telegraph lines of the Pennsylvania railroad from the Western Union to the Postal Telegraph company has caused many wild reports. One is that the contract between the Western Union and the Baltimore and Ohio railroad will be annulled by reason of the dominant relation of the Pennsylvania to the Baltimore and Ohio. The News is informed by an authoritative source that such a report is untrue. That the facts may be understood by the public the following briefly and authoritatively explains them: When the Western Union acquired the old Baltimore and Ohio Telegraph company it made a contract with the Baltimore and Ohio railroad company. This contract was executed in October, 1887, for a term of fifty years, and therefore does not expire until 1937, which is thirty-five years hence. A clause in the contract provides that it may be extended for fifty years more by either party on six months' notice."

BUSINESS PICKING UP.

Freight business on the Nickel Plate, which has been light for some weeks, is improving to the extent that a lay off cannot be had for the asking. Several men who made a request for leave of absence will work tomorrow and the following days. Among the lucky ones were Engineer C. H. Van Gorder, who will spend a week in Detroit; Fireman C. H. Minser, who has been ailing a couple of days and who will take a week for recuperation, and Brakeman M. Deidrich, who wants to celebrate the natal day.

PASSENGERS SHAKEN UP.

The passengers on the southbound Lake Erie and Western train which left this city at 7 o'clock yesterday morning, were roughly shaken up and given quite a scare at a point one and one-half miles north of Kingsland. The train was ten minutes behind time and the engineer was running fast to make up the lost time, when the trucks of the engine tender left the rails and bounded over the ties with a frightful noise. The engineer applied the brakes and the cars were stopped so suddenly that many of the occupants were thrown from their seats. None were injured, however. The only damage was to the tracks, which were torn up for a considerable distance. Conductor Daugherty had charge of the train.

MACHINISTS THREATEN STRIKE

Grand Officer Ireland, of the International Association of Machinists, is in Garrett, Ind., endeavoring to settle peaceably a dispute which threatens to end in a strike in the Baltimore and Ohio shops. According to telegraphic news from Garrett, the Machinists' union at that place has declared against the introduction of piece work in the Baltimore and Ohio shops and unless the demands of the men are heeded, 150 of them will quit work. The men are asking for an hourly rate of 30 cents and time and a half for overtime and abolition of piece work, while the present rate is from 26 to 28 cents per hour, time and a quarter for overtime and all piece work.

PAYING THE MEN TODAY.

The Fort Wayne Electric company, the Anthony Wayne Manufacturing company and Rhinesmith & Simonson paid their employes today, although pay day properly falls upon the 5th. The cash is disbursed in advance in order that the employes may have the means for a little Fourth of July excursion if they wish to avail themselves of that privilege. The electric works will not resume operations again until Monday morning.

CARMEN ELECT OFFICERS.

Summit City lodge, No. 165, Brotherhood of Railway Carmen of America, although a few months old, is by no means an insignificant organization. It is rapidly increasing its membership roll, new members being taken in at each meeting. At the meeting last evening, the following elections occurred:

Past Chief Carman—Charles Ball.
Chief Carman—C. E. Stapleford.
Vice Chief Carman—L. F. South.
Recording Secretary—J. H. Meyers.
Financial Secretary—J. E. Bash.
Treasurer—Charles Horstmeyer.
Guide—P. Williams.
Warden—F. J. Thompson.
Sentinel—B. F. Walpole.
Chaplain—H. F. Thompson.
Board of Trustees—Ed Allway, A. W. Maddox and G. Ball.

PREPARING THE GROUNDS.

E. W. Sproul, the man who will build the additions to the Pittsburg shops, sent down a gang of men from Chicago last night, and this morning they commenced clearing the grounds preparatory to making the foundation excavations next week. The large brick smoke stack west of the machine shop, rendered useless by the introduction of electric power, was attacked the first thing this morning. A hole was cut into one side of it and from this a chute was run out a safe distance from the base of the stack. The work of demolition commenced at the top. The brick are removed one at a time, dropped down inside of the stack and carried out through the opening by means of the aforesaid chute, and there men will remove and clean them of plaster for use again in the construction of the shop walls. The fate of the superintendent's building is still in doubt. An expert in moving buildings will arrive tomorrow and decide whether or not the structure can be moved to the Holman street site. If the expert pronounces it safe to move, it will be taken to Holman street immediately, and if the plan is inadvisable, the building will be torn down as soon as possible. Mr. Sproul will send down another lot of laborers in a few days, providing his representative here fails to get them, and the work of building will be pushed forward with all possible speed.

TAKING A VACATION.

Foreman J. B. Wagner, of Rhinesmith & Simonson, and family go to Rome City tonight to stay a week. H. G. McDole, engineer at the planing mills of the Pittsburg, has gone to spend the Fourth; Mr. and Mrs. George Hill have gone to New York city. He works at the Pittsburg planing mills. M. R. Hardendorf, of the Pittsburg smith shop, has gone to Rome City; E. F. Gocke, plumber, and his family have gone to Lima; Clark Albers, clerk at the east yards paint shop, also went to Lima; Painters Lee Ballard and John Sanders have gone to Rome City; A. Barbier, assistant paint foreman, goes to Loon lake to remain until Monday; Mrs. Barbier went to Warsaw; Machinist James Olive, of the Wabash shops, goes to Rome City tonight to stay a week; J. J. Muir, former master mechanic at the Bass works, goes to Clear Lake Monday to remain a week.

BUSINESS AT ELECTRIC WORKS.

General Manager J. J. Wood, of the Fort Wayne Electric company, said this morning that the shops has more than it can do with present equipment and as rapidly as possible new machinery is being added. "We have just placed an order for $2,500 worth of machinery for the meter department and expect delivery to commence soon," said he. In reply to an inquiry, Mr. Wood said that the company had 727 names on its shop pay rolls, which is the largest list in the history of the establishment. During the administration of the late R. T. McDonald the largest number of employes was 318. Among the shipments from the works today were a 3,000-light generator to Cambridge, Ohio; a big motor to the Smith Courtney company, Richmond, Va., and a carload of motors and transformers to Boston. The works close tonight to remain closed until Monday.

CAPTAIN HARROD HERE.

Captain H. S. Harrod, of Buffalo, is in the city for a Fourth of July visit with his relatives and friends. Mr. Harrod was sent to the Buffalo and Allegheny Valley division of the Pennsylvania lines several months ago to organize a police department and he has accomplished that task and now has an efficient force of eighteen men. He was Capt. Stoll's lieutenant for a year or more.

GONE TO THE CONVENTION.

George Shaffer, a boilermaker at the Pittsburg shops, left today for Baltimore, Md., to attend the convention of the National Brotherhood of Boilermakers and Ship Builders, which opens in that city next Monday. He will represent lodge No. 54.

HIRED THE CITY BAND.

The music committee of the Pennsylvania Employes' Athletic association yesterday gave to the City band the contract for furnishing the music at the field day sports Saturday, July 19. This contract was made after giving all bands an opportunity to bid on the work.

INDUSTRIAL NOTES.

Machinist Henry Mennewisch is very sick.

Pittsburg Engineer P. J. Harber is off duty on account of sickness.

J. W. Fletter has taken a position as truckman at the Wabash freight house.

Master Mechanic M. R. Coutant, of the Wabash, is in Danville on railway business today.

C. O. Lucas, who had a hand injured June 12, resumed work at the Pittsburg planing mills this morning.

Ed Keef, a boilermaker, took a position in the Wabash shops this morning. He was formerly employed at the Bass shops.

The only new names on the sick lists at the Pittsburg shops this morning were H. S. Gearken, B. R. Brown and D. M. Spore.

C. F. Sunderland is new caller of Pennsylvania train crews and is now being trained for that duty, his instructor being Caller Frank Cole.

Indianapolis Journal: "Officials of the Pennsylvania and Vandalia lines are considering a reduction of one hour in the time of the fast mail between Pittsburg and St. Louis."

Boilermaker William Zimmerman resumed work at the Wabash shops this morning. He had been fishing at Rome City and quit only because there were no more fish to catch.

"Thirty years ago there was but one train a week running across the country," said a passenger official. "Today there are six daily transcontinental trains and every one of them pays."

Dr. E. F. Wagner, medical examiner of the Pennsylvania relief department, will leave Saturday upon his annual vacation trip. He will go to Petoskey for a brief stay and will then go to York, to see his sister.

At the recent convention of dining car superintendents the general expression was in favor of la carte service, it being the most popular and what the traveling public prefers, but most of the roads cling to the old $1 a meal plan.

Nickel Plate Fireman J. B. Maurer, who was visiting his father at Bloomington, Ill., for a month, and Brakeman J. W. Miller, who was visiting his folks in Fremont, Ohio, resumed their respective duties on the Nickel Plate yesterday.

A. W. Ireland, notice of whose promotion to the position of car inspector at Hamlet was made by The Sentinel a few days ago, left this morning for that place to assume the duties of the office. His family will join him at that place in a few weeks.

H. H. Flock, a finisher at the Fort Wayne Organ factory, and E. J. Flock, went to Chicago this morning to visit their brother, was injured on the railroad at that city, and who is now in the hospital recovering from the accident.

B. P. Branson, of the Pittsburg freight house, is kept at home by the illness of his baby.

George Waldschmidt, the son of Jacob Waldschmidt, of the Pittsburg planing mills, is quite sick.

A. R. Tegtmeyer has been transferred from the Pittsburg planing mills to the machine shop.

W. C. Hamman will resume his duties at the Pittsburg crossing on Broadway tonight, after a week's visit with relatives in Warsaw.

Blacksmith John O'Connors and Machinist W. F. O'Connors, father and son, and their wives will go to Grand Rapids tomorrow to spend a couple days with Micheal O'Connors.

Every record for car movement on the middle division of the Pennsylvania was broken on last Saturday, when 7,033 cars were moved between Altoona and Harrisburg. The best previous record was September 22, 1900, when 7,029 cars were handled on that division.

Engineer C. C. Miller, of the Pittsburg, was called to Lima, O., this morning by a message informing him that his daughter, Irene, was very ill with pneumonia. The little girl went to Lima with her mother on a visit two weeks ago and was taken ill shortly after arriving there.

Indianapolis Journal: "Robert M. Reed, machinist, yesterday severed his connection with the Big Four road. For fifty-one years he has worked on various roads and retires now at the request of his children. His first work was as a machinist on the Baltimore and Ohio shops at New Castle in 1851."

F. S. Hunting, who has been in Schenectady in the interest of the Fort Wayne Electric company several days, will arrive home this evening. A. A. Serva, who was in New York, Philadelphia, Pittsburg and Schenectady, visiting various branch offices of the company, arrived home last night and was at his desk as usual today. He says the business outlook is excellent.

Ed Donnelly, a boilermaker employed by the Findlay road at Findlay, was badly scalded Tuesday while at his work. He was in a firebox of a locomotive, in the boiler of which was a sixty-pound steam pressure. He tapped a plug in the bottom of the boiler and it blew out allowing a stream of hot water to pour out upon his legs and body. Donnelly is pretty well known to all the trainmen running into this city over that line.

As a result of a meeting between Big Four and Lake Erie and Western railroad officials in Muncie on Monday the Big Four will enlarge its freight house for the purpose of accommodating freight coming in or going out over the Lake Erie and Western. The freight house will be extended 300 feet. Two or three hundred car lengths of new track also will be built. The total expense will be $50,000, which will be shared alike by the two roads.

The well at Rhinesmith & Simonson's factory, which not only furnishes water for factory purposes, but to a good portion of the Sixth and Seventh wards for culinary and table use, is again in full operation after receiving new piping. This well is ninety feet deep, draws its supply from the rocks through a two-inch pipe at the rate of 15,000 gallons per day, and it is believed to be inexhaustible. The water is cool, pure and pleasant to taste and is carried away for drinking purposes, lots of the down town people keeping it in their water tanks at all times.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

GENERALLY FAIR TONIGHT AND SATURDAY.

The Fort Wayne Sentinel

ESTABLISHED 1833. FORT WAYNE, IND., FRIDAY, JULY 4, 1902.

HONOR PRESIDENT

PITTSBURG POPULACE SEES NATION'S RULER.

CROWDS WERE ENORMOUS

HALF A MILLION PEOPLE IN SIGHT OF ROOSEVELT.

IS HEARD BY OVER 200,000

SMOKY CITY CELEBRATES IN STRENUOUS MANNER.

Pittsburg, Pa., July 4.—Half a million persons greeted President Theodore Roosevelt in Pittsburg today. They came not only from Pittsburg and Allegheny, but from the scores of industrial towns within 100 miles of the city. It was the distinguished guest's first visit to Pittsburg as president and his welcome was most enthusiastic. From the union station to the speakers' stand in Schenley park, nearly four miles away, it was one continuous cheer.

The weather was all that could be desired, with the sun shining brightly and the temperature not too high.

President Roosevelt reached the Wilkinsburg station of the Pennsylvania railroad at 8:35 o'clock this morning. At this point, which is within the city limits, the local reception committee, headed by George T. Oliver, boarded the train. The run into union station consumed twenty minutes, during which time the members of the committee were introduced to the presidential party, Attorney General Knox, who is a Pittsburger, making the party acquainted.

SALUTE IS FIRED.

As the train passed Shady Side station a railroad signal communicated the fact to battery B, of the Pennsylvania national guard, stationed at Bedford avenue basin, overlooking union station. The guns of the battery immediately commenced to boom forth the president's salute of twenty-one guns. The last gun of the salute was fired as the president stepped from his car at union station.

When the president stepped from his car at union station he was escorted along the south portico of the union station to the main entrance of the station, where his carriage and those provided for the reception committee were standing.

Those who entered the carriage with President Roosevelt were City Recorder J. O. Brown, United States Attorney General P. C. Knox and George B. Cortelyou, secretary to the president. The other carriages in waiting were promptly filled by the reception committee. The bugler of Sheridan troop sounded the assembly call, which was a signal for Brig. Gen. John A. Wylie, commander of the military escort, to order the movement of the column. The marchers numbered 3,000 men, representing the Eighteenth regiment, the Fourteenth regiment, the Tenth regiment, who saw Philippine service, Sheridan cavalry troop of Tyrone, the boys' brigades and independent military organizations.

BIG PARADE STARTS.

At a signal from the bugler of the Sheridan troop General Wylie and staff moved from their position at the Liberty avenue approach to the union station to the head of the column, and directed the start, and in a moment the whole line was in full swing on the four-mile route.

Among the prominent guests who rode in carriages were Governor W. A. Stone, Congressman Dalzell, Congressmen Acheson, Jack and Graham. Interest centered in the unique feature of the republican and democratic candidates for governor, Judge Samuel W. Pennypacker and Robert E. Pattison, respectively, both of Philadelphia, riding together in one carriage. They were accompanied by George T. Oliver and Albert J. Barr, editors of republican and democratic papers, respectively, of this city.

Flags and bunting fluttered everywhere along the course of parade. People hung from windows of tall sky-scrapers, yelling themselves hoarse in greeting of the nation's chief executive. The greatest ovation came as the line passed up Canyon-like Fifth avenue to the top of Grant's hill.

GREAT CROWDS GATHERED.

Tall buildings on either side of the street offered fine vantage points for spectators. Every window in the immense buildings was filled with enthusiastic people, women predominating. When the head of the military escort reached a position opposite the speakers' stand it was halted and stood in company front with arms at present. As the president and those in carriages passed in review the band struck up the stirring strains of "Hail to the Chief." The music was fairly drowned by the cheering of the multitude of 200,000 persons in the stand and occupying vantage points on the amphitheatre-like hillside which rose in front.

Following the band piece, the United German societies of Allegheny stationed at one side of the stand and made up of 600 voices broke into singing "The Star-Spangled Banner." At the close of the song the invocation was pronounced by Rev. John H. Prugh. The Declaration of Independence was read by Brigadier General Willis J. Hulings and then followed the oration of the day by the president of the United States, Theodore Roosevelt.

AUDIENCE SINGS "AMERICA."

After the address the German singers sang "America," the vast audience joining in the words of the final verse. Following this, out of compliment to the German ancestry of the distinguished guest, "The Lord's Day" was sung in German. The benediction was then pronounced by Rev. Dr. T. N. Boyle, presiding elder of the Pittsburg district, M. E. conference.

The exercises consumed just one hour. The president immediately after re-entered his carriage and surrounded by the Sheridan troop was driven to the residence of H. C. Frick, on Homewood avenue, where he was tendered a luncheon and reception which was joined in by a number of prominent Pittsburg captains of industry.

As the president left the park battery B fired the national salute of forty-five guns from a tall hill top.

HAS BOUGHT HAPPY HOLLOW

SOUTHWESTERN WILL ESTABLISH PICNIC GROUND.

Mr. Nelson Purchases Charming Spot West of Huntington—May Build a Pavilion.

"Happy Hollow," a charming picnic spot four miles west of Huntington, has been purchased by S. L. Nelson, general manager of the Southwestern. It is along the line of the interurban tracks, and has for many years been a favorite spot for picnics and other gatherings of the people for miles around.

There are five acres in the tract, situated in a picturesque ravine, with high bluffs on one side and the Wabash river on the other. A pretty grove covers the land, and one of the principal features is a famous spring of sparkling water, said to be rich in medicinal properties. Mr. Nelson will improve the land and continue it as a public picnic ground. He is considering the erection of a cottage and a public pavilion there.

RECOVERED HIS TIMEPIECE

CARL WOODWORTH FOUND A FELLOW WEARING IT.

Watch Had Been "Pinched" From His Pocket While in a Crowd Last Evening.

Carl Woodworth lost his watch last evening and several hours later recovered it in a most unusual manner. Mr. Woodworth was upon the streets enjoying the inauguration of the Fourth of July festivities and while in a crowd the timepiece was nipped from his pocket by some light fingered individual.

Three hours later Mr. Woodworth, who had given the watch up for gone, recognized the fob dangling from the vest of a young fellow in the crowd upon the streets. He promptly accosted him and demanded the return of his property, suiting action to his words by drawing the watch from the fellows pocket. The latter made no protest, but slunk quickly away and was soon lost in the crowd. His identity could not be established.

WILL USE WIRELESS SYSTEM.

Washington, July 4.—It is quite probable that the signal corps of the army will use a system of wireless telegraphy in the coming joint army and naval manoeuvres. General Greely has designated a special board to consider what experiments in communication will be attempted at those manoeuvres by the army, and the question as to whether the forces will attempt to use a wireless system in their operations will be decided by it. The navy department does not expect to use wireless telegraphy in the manoeuvres this summer, as it has not yet decided upon a system.

PROCLAIMS PEACE

WAR IN PHILIPPINES IS DECLARED AT AN END.

ACTION BY THE PRESIDENT

ISLANDS DECLARED UNDER CIVIL CONTROL.

AMNESTY FOR ALL NATIVES

CHAFFEE RELIEVED AND THE WHOLE ARMY PRAISED.

Manila, July 4.—President Roosevelt's amnesty proclamation was read at noon today in English and Spanish, from a flag-draped stand on the Luneta, after a parade of 6,000 Americans and Filipinos.

Washington, July 4.—The president has formally declared the restoration of peace in the Philippine archipelago, placed the islands under civil control and extended general amnesty to the Filipinos who have been in rebellion.

These three things, marking an important chapter in United States history and probably the most important in the history of the Philippines, were accomplished through the issue of three separate orders and proclamations—one by the president over his own signature extending amnesty, one by Secretary Root by the president's order relieving General Chaffee from his duties as military governor, and a third which takes the shape of a general order addressed to the entire army of the United States in which Secretary Root expresses the president's high appreciation of the work it has accomplished both in Cuban and the Philippines.

TEXT OF PROCLAMATION.

The amnesty proclamation is as follows:

"By the President of the United States.—A Proclamation:

"Whereas, Many of the inhabitants of the Philippine archipelago were in insurrection against the authority and sovereignty of the kingdom of Spain at divers times from August, 1896, until the cession of the archipelago by that kingdom to the United States of America, and since such cession many of the persons so engaged in insurrection have until recently resisted the authority and sovereignty of the United States; and

"Whereas, The insurrection against the authority and sovereignty of the United States is now at an end, and peace has been established in all parts of the archipelago except in the country inhabited by the Moro tribes, to which this proclamation does not apply; and

"Whereas, During the course of the insurrection against the kingdom of Spain and against the government of the United States persons engaged therein, or those in sympathy with and abetting them, committed many acts in violation of the laws of civilized warfare, but it is believed that such acts were generally committed in ignorance of those laws, and under orders issued by the civil or military insurrectionary leaders; and

RELIEVED FROM PENALTY.

"Whereas, It is deemed to be wise and humane, in accordance with the beneficent purposes of the government of the United States toward the Filipino people, and conducive to peace, order and loyalty among them, that the doers of such acts who have not already suffered punishment shall not be held criminally responsible, but shall be relieved from punishment for participation in these insurrections and for unlawful acts committed during the course thereof by a general amnesty and pardon;

"Now, therefore, be it known that I, Theodore Roosevelt, president of the United States of America, by virtue of the power and authority vested in me by the constitution, do hereby proclaim and declare, without reservation or condition, except as hereinafter provided, a full and complete pardon and amnesty to all persons in the Philippine archipelago who have participated in the insurrections aforesaid or who have given aid and comfort to persons participating in such insurrections, for the offenses of treason or sedition, and for all offenses, political in their character committed in the course of such insurrections pursuant to orders issued by the civil or military insurrectionary authorities or which grew out of internal political feuds or dissensions between Filipinos and Spaniards or the Spanish authorities, or which resulted from internal political feuds or dissensions among the Filipinos themselves during either of said insurrections.

SOME ARE EXCEPTED.

"Provided, however, that the pardon and amnesty hereby granted shall not include such persons committing crimes since May 1, 1902, in any province of the archipelago in which at the time civil government was established, nor shall it include such persons as have been heretofore finally convicted of the crimes of murder, rape, arson or robbery by any military or civil tribunal organized under the authority of Spain or of the United States of America, but which special application may be made to the proper authority for pardon by any person belonging to the exempted classes, and such clemency as is consistent with humanity and justice will be liberally extended; and, further,

"Provided, that this amnesty and pardon shall not affect the title or right of the government of the United States or that of the Philippine islands to any property or property rights heretofore used or appropriated by the military or civil authorities of the government of the United States or that of the Philippine islands organized under authority of the United States by way of confiscation or otherwise; and,

OATH OF ALLEGIANCE.

"Provided, further, that every person who shall seek to avail himself of this proclamation shall take and subscribe the following oath before any authority in the Philippine archipelago authorized to administer oaths—namely:

"'I, ——, solemnly swear (or affirm) that I recognize and accept supreme authority of the United States of America in the Philippine islands, and will maintain true faith and allegiance thereto; that I impose upon myself this obligation voluntarily without mental reservation or purpose of evasion, so help me God.'

"Given under my hand at the City of Washington, this fourth day of July, in the year of our Lord one thousand nine hundred and two, and in the one hundred and twenty-seventh year of the independence of the United States.

"Theodore Roosevelt.

"By the President.

"Elihu Root, Secretary of War."

CIVIL POWER SUPREME.

General Chaffee is relieved of his civil duties and the Philippine commission is made the superior authority in the following order:

"The insurrection against the sovereign authority of the United States in the Philippine archipelago having ended and provincial civil government having been established throughout the entire territory of the archipelago not inhabited by Moro tribes, under the instructions of the president to the Philippine commission, dated April 7, 1900, now ratified and confirmed by the act of congress approved July 1, 1902, entitled 'An act temporarily to provide for the administration of affairs of civil government in the Philippine islands and for other purposes,' the general commanding the division of the Philippines is hereby relieved from the further performance of the duties of military governor and the office of military governor in said archipelago is terminated.

"The general commanding the division of the Philippines and all military officers in authority therein will continue to observe the direction contained in the aforesaid instructions of the president, that the military forces in the division of the Philippines shall be at all times subject, under the orders of the military commander, to the call of the civil authorities for the maintenance of law and order and the enforcement of their authority."

GENERAL ORDER IS ISSUED.

Finally the president, through Secretary Root, pronounces the following eulogy upon the United States army:

"General Order No. 66.—Headquarters of the Army, Adjutant General's Office, Washington, July 4.—The following has been received from the war department:

"'War Department, Washington, July 4.—To the Army of the United States: The president upon this anniversary of national independence wishes to express to the officers and enlisted men of the United States army his deep appreciation of the service they have rendered to the country in the great and difficult undertakings which they have brought to a successful conclusion during the past year.

"'He thanks the officers and the enlisted men who have been maintaining order and carrying on the military government in Cuba because they have faithfully given effect to the humane purposes of the American people. They have with sincere kindness helped the Cuban people to take all the successive steps necessary to the establishment of their own constitutional government.

CALLS CUBAN RULE WISE.

"'During the time required for that process they have governed

(Continued on Second Page.)

THE DAY AT HOME

HOW FORT WAYNE OBSERVED THE GLORIOUS FOURTH.

MUCH NOISE USHERED IT IN

RACKET BEGUN AT NIGHT IS STEADILY KEPT UP.

PICNICS WERE RULE HERE

MANY LEFT THE CITY TO CELEBRATE THE DAY.

Patriotic ardor that finds expression in waving flags, enlivening music, cessation from daily toil, general good nature and a continuous detonation of about every form of noise-making explosive known to the small boy are combining to form Fort Wayne's contribution to the general observance of Independence day. Rains, which have been almost a daily feature for some weeks give promise of passing the city by for the time being, and threatening clouds have given way to a blazing sun and a summer heat that brings back recollection of the old-time Fourth of July.

Battery B. under command of Lieutenant Ramsey, boomed forth the city's formal welcome to the holiday at 5:30 o'clock this morning, when it fired a national salute from the site of the old Fort at Main and Clay streets, though the young patriots whose hands and faces are now bathed in sedative oils were ahead of them by several hours. The small boy may have burned fingers and dimmed sight as the result of his enthusiastic but reckless patriotism, but his soul is bathed in a happiness that makes recompense for all his sufferings.

The din began in earnest last evening at nightfall, and down town the early evening hours were marked by a terrific bombardment upon every hand that shattered delicate nerves but filled the soul of the celebrators with joy. There was some cessation as the night grew old and the day grew young, but it did not entirely stop, for the late celebrators were replaced by the early risers, and all night long the noisy demonstration continued.

BANDS OUT EARLY.

Every band in the city had an engagement for the day at the picnics and other gatherings, and they were upon the streets early. The Lake Shore train from the north arrived, shortly after 8 o'clock bringing the splendid Auburn band of thirty pieces and eight coaches filled with passengers. The band played several selections at Main and Calhoun streets before its departure to Robison park where it is engaged for the day.

Comparatively few people were about the down town section this morning, for most of them hurried away to participate in some of the attractions of the day. Shops and factories, all the public buildings and most of the business houses were closed for the day, giving employes an opportunity to participate in the celebrations. Early trains in every directions carried many excursionists out of the city, but others brought in compensating crowds that kept the balance perhaps nearly equal.

POLICE STOPPED IT.

Dealers in fireworks report heavy sales, and the noise would seem to bear out their statement that a big bundle of money is being exploded in noise in Fort Wayne today. In addition to the old brands of fire crackers there are the cannon crackers, the torpedoes, the canes which explode persussion caps and numerous other noise-making devices.

One of the most vociferous of the latter is a home-made torpedo, composed of potash and sulphur wrapped together and placed up on the street car tracks. These explode with a frightful report when cars pass over them, and were frequently arranged in such profusion as to keep up a hair-raising bombardment as the cars passed. Nervous passengers were badly frightened. The size of the torpedoes increased, and the practice became a record-breaker as a nuisance last night and this morning. There was such general complaint from passengers that finally Manager A. L. Scott, of the street railway company, asked Superintendent Gorsline to stop it. The officers thereupon received orders to prevent this form of celebration, and men on the beats along the line were kept busy keeping the boys, and not always small boys, away from the tracks.

BIG INTERURBAN BUSINESS.

The Southwestern interurban line is doing a tremendous business today, every car entering and leaving the city being crowded to its utmost. The city street railway system shortened its service on all lines and there has been a tremendous movement of people to Robison park. Cars on this line are running every minute and a half.

Reports from the picnics indicate that all are being very largely attended. There are great crowds at Swinney park, Lakeside grove, Concordia campus, Zion's grove and in the grove on Indiana avenue, as well as that near the Church of the Precious Blood at Fourth and Barthold streets. There are music, games and refreshments, with an appropriate Fourth of July program at each place.

The Robison park management has arranged for a splendid display of fireworks this evening to close its celebration. This afternoon the race program at Centlivre park is certain to draw a very large crowd, and the sport promises to be fine. Much interest also centers about the shoot under the auspices of the East End Gun club, and "Uncle Tom's Cabin" in a tent also comes in for a share of the public favor.

WILL HAVE FINE DISPLAY.

This evening the skies will blaze with pyrotechnics sent up from every part of the city, but more than usually elaborate will be the display arranged by the residents of East Washington street, between Barr and Lafayette streets. A large amount of money has been expended for fireworks, contributed entirely by citizens in the square indicated, and some of the set-pieces will be notable. One of these, "Welcome," is fully ten feet in length, and will be extremely pretty. The "Good-Night" is another magnificent piece of large size. The display will be the finest private display ever given in the city.

TAKES A FORT WAYNE BRIDE

CAPT. HARROD, OF BUFFALO, WEDS MISS JESSIE SCOTT.

Wedding a Surprise to Friends—Groom Formerly Resided in This City.

A very pretty home wedding took place last evening at the home of Mr. and Mrs. George Scott, 725 East Lewis street, when their daughter, Miss Jessie W. Scott became the bride of Captain H. S. Harrod, of Buffalo, N. Y. The guests were relatives and close friends of the bride and groom. Rev. Edgar W. Allen, pastor of the West Jefferson street Church of Christ, performed the ceremony.

The bride looked very pretty in a wedding dress of white Persian lawn over taffeta. Her traveling dress was of tan broadcloth with hat to match. After the ceremony a wedding supper was served. The rooms were very prettily decorated.

The groom was formerly a resident of this city and was at one time lieutenant of police for the Pennsylvania company under Captain Stoll. Capt. Harrod was sent to Buffalo some time ago to organize a police force and was elevated to the rank of captain. He is in charge of an efficient police force on the Allegheny Valley division of the Pennsylvania. The bride is a most estimable young lady, popular in a large circle of friends.

Capt. and Mrs. Harrod will visit in the city for a few days and will then leave for their home in Buffalo. They will be at home after August 1st at 66 Emerson Place.

MACHINISTS MAY STRIKE.

Chicago, July 4.—"A strike of 700 machinists employed in the Baltimore and Ohio shops will be called unless the company abolishes the piece work system," is the statement made today by Business Agent Roderick, of the railway branch of the International Association of Machinists. Mr. Roderick returned from Garrett, Ind., today and held a short conference with the Baltimore and Ohio officials. The conference adjourned till later without having reached an agreement. The piece work plan has been in operation in the shops at Garrett, but the company's attempt to extend the system to all the shops resulted in a movement by the men to abolish it. The union demands a minimum wage scale of thirty cents an hour.

THE FOURTH'S FIRST VICTIM.

Springfield, Ill., July 4.—Alfred Radcliffe, 10 years old, committed suicide yesterday by hanging himself with a halter in a barn on the farm of his grandparents, Mr. and Mrs. G. W. Tarwin, near Bath. He became despondent because his father, who lives near Chandlerville, had sent him no money with which to purchase firecrackers.

THE WEATHER.

Chicago, July 3.—Forecast for Indiana: Partly cloudy tonight and Friday, with probably local thunderstorms in central and north portions; southerly winds.

LOCAL LINES.

Dr. J. B. McEvoy is visiting his parents in Kalamazoo, Mich.

Daniel Klotz and family have gone to Rome City for the summer.

G. Artemus Higgs and mother have returned from a visit in Albion

John Phillips, a well known farmer residing on the Illinois road, is critically ill.

Miss Mabel Tennant has gone to Ripley, N. Y., to spend the summer with friends.

Miss Agnes Russel is spending a few days with her sister, Mrs. Glenn Ayers, of Montpelier.

Mrs. W. T. Warcup and little daughter have returned from a week's visit in Huntertown.

Mrs. J. E. Gaskins and sister, Miss Bomberg will spend the Fourth at Lake Maxinkuckee with relatives.

Rev. Daniel Markley and his daughter, Mrs. G. L. Fox, left today for a visit with friends at Wabash.

Mr. and Mrs. J. M. Landenberger left today for Rome City to occupy their cottage for the summer.

The announcement for services at the Third Presbyterian church on Friday evening has been recalled.

Several lawyers from this city will attend the meeting of the state bar association at Indianapolis July 8 and 9.

Fred Jasbker, of the International Business college, has taken a position as stenographer with the Haley-Haberkorn Mfg. Co.

Miss Bessie Slade, of Washington boulevard, has gone to Michigan, where she will visit relatives and friends during July.

Miss Birdie M. Worman, daughter of Engineer Jacob Worman, has gone to Pueble, Ind., to spend the Fourth with her married sister.

Mrs. Ortlieb and daughter, of the family of Auditor Ortlieb, are at Chicago, the guests of Mrs. Ortlieb's parents, Mr. and Mrs. T. B. Empie, formerly of this city.

Miss Beyrl Oberchain, of 417 Buchanan street, will entertain a number of her young friends this evening in celebration of her eleventh birthday anniversary.

Mrs G. P. Grosh, Mrs. Henry Dupont, Miss Agnes Shaley and Mrs. Henry Grosh left today for Monterey, Ind., where they will spend the Fourth with their relatives.

Mr. and Mrs. E. G. Coverdale, of Decatur, Ind., arrived in the city this morning and are now the guests of their daughter, Mrs J. C. Dorwin, wife of the pastor of Simpson M. E. church.

Mrs. T. J. Rodabaugh, of 1116 Washington boulevard, severely sprained the instep of her right foot by a fall last evening and will be confined to her home for a week or two.

Miss Florence Maddox, of 1723 Sherman street, entertained her Sunday school teacher, Miss Imo J. Trisch, and about fifteen of her Sunday schoolmates last Tuesday evening.

John E. Housh, formerly of this city, who for the past year has been connected with the University of Chicago Press, will spend the Fourth in this city. Mr. Housh expects to reside in Chicago.

Miss Bertha Schweitzer, of Chicago, is visiting her uncle and aunt, Mr. and Mrs. William Vought, in Aboit township. Miss Schweitzer is assistant secretary to the superintendent of the woman's department of the Moody Bible institute at Chicago.

James McVey, a machinist employed by the Wabash, was operated upon for appendicitis at St. Joseph's hospital last night by Dr. E. J. McOscar. The patient passed through the operation all right and will soon be able to resume work. He was taken ill yesterday morning.

The Knights and Ladies of Columbia last evening installed their newly elected officers and at the close of the ceremonies refreshments were served. The officers are: Mrs. Belle Henkenius, protector; Miss Hester Miller, vice protector; Miss Ada Crawford, recording secretary; H. H. Haines, financial secretary; Mrs. H. H. Haines, chaplain; George Everett, guide; Miss Eva Menser, guardian; Mr. Ogden, sentinel.

George M. Smith and Lottie P. Gaskill were united in marriage at 4 o'clock yesterday afternoon by Rev. E. W. Allen, pastor of the West Jefferson street Church of Christ. The ceramony was performed in the new home prepared by the groom at 1226 Pape avenue, where the young couple at once went to housekeeping. The groom is an electrician in the employ of Braun and the bride until lately has been employed in the Rogan studio, on Calhoun street.

RAINS FLOOD A BIG SEWER

WORK ON SOUTH WAYNE CONDUIT AT STANDSTILL.

Nothing Will be Attempted Until Weather Improves—Paving Work Goes On.

Yesterday the sewer contractors had a force of men and pumps at work to relieve the South Wayne sewer of surplus water so that work could be resumed today. After an expenditure of about $100 it was found this morning that the water had been working while the sewer builders slept and things were back to the old condition. Nothing further will be attempted until the high water subside.

PAVING WORK GOES ON.

The Barber asphalt men are at work on Buchanan street and the streets is being rapidly ripped up from beginning to end. The concrete gang is at work on East Wayne street and Columbia street remains in statu quo. Mr. Moellering is unfortunate in having a contract to furnish the Barber company broken stone for their work and their rights are prior to his own according to the contract. This leaves Mr. Moellering in the position of having to furnish stone to competing contractors before he can get a bushel for his own contracts. In some respects the average contractor resembles the lily to which King Solomon referred with much feeling some years ago.

BOARD OF WORKS.

The board of works will meet in regular session this evening and will receive and open a number of bids for public work Among them will be bids for grading and paving the alley between Wayne and Washington streets from Jackson street to Union street; grading Begue street and laying sidewalks on the same street from Liberty street to Erie street; grading and paving the alley between Wayne and Washington street from Clinton street to a point 245 feet west of Clinton street; grading and paving the alley between Calhoun and Clinton streets from Montgomery to Holman streets; construction of a sidewalk on the south side of High street from St. Mary's avenue to Franklin avenue; constructing a vitrified clay pipe sewer in the alley east of Fairfield avenue from the sewer in the alley between DeWald street and Creighton avenue, to Creighton avenue; constructing a sewer through lot 4 in Wilding's addition from Walton avenue to the alley east. The assessment rolls on the following improvements will also come up for confirmation: For grading the alley between Putnam street and Archer avenue from Short street to Hench street; for the clay pipe sewer in the alley west of Lafayette street from Suttenfield street to Woodlawn avenue.

CITY HALL NOTES.

The new street sweeper ordered by the board of works over a month ago will arrive next week and will be put into immediate service.

IN JUSTICES' COURTS.

The surety of the peace case on trial in France's court for two days, brought by Lincoln Johnson on behalf of his wife against Mrs. William T. Jeffries, was terminated this morning by the dismissal of the cause, the costs of the action being taxed against the complaining witness. There was a volume of testimony introduced, but the justice decided that there was no sufficient ground for the requirement of a bond.

PREFERS HIS OWN NAME.

Springfield, Mo., July 3.—Twelve thousand dollars, which the late Louise Frisbie, formerly a Wall street broker, willed to Lumas H. Holmes, of Springfield, provided he changed his name to Frisbie, will go instead to Vassar college. Louise Frisbie was Holmes' aunt. In her will, filed in New York a year ago, Holmes was given until today to decide whether he would change his name to that of the donor. He announces that he will retain the name of Holmes.

LOCAL LINES.

Miss Bessie M. McCracken left today for New York to visit her sister.

Miss Helen Gill leaves Monday for an extended visit at her home in Port Clinton, Ohio.

Mrs. H. C. Gerke and daughter, of Defiance, Ohio, are visiting H. G. Kohlinger and family.

Mr. and Mrs. Gustav Breimeier left this morning for Plymouth, Ind., to visit with Mrs. H. Longfield a week.

Miss Hattie Jones, of Fairfield avenue, leaves tomorrow for Pocatello, Idaho, where she will be the guest of Miss Bessie Rich, formerly of this city.

Wolffs' Military band will give a concert this evening in front of the store, in honor of the Nation's birthday. The program will contain a number of patriotic selections. Mr. Wefel will sing several numbers.

TALKS OF GAS SITUATION

MR. HUFFMAN DUBIOUS ABOUT THE FUTURE.

Tells Bluffton People Meters Will Not Be Required—May Manufacture Gas Here.

G. Max Huffman, the jolly German who superintends the field work and pipe lines of the Fort Wayne Gas company, was in the city today on business with the board of review, says the Bluffton News. Mr. Huffman in conversation with a News reporter stated that Bluffton people would not be required to put in meters for this winter as other cities have been compelled to do, but that gas would be sold as heretofore. The reason given for not adopting meters in Bluffton is that the company is not expecting to furnish natural gas any longer than next winter and it would not pay to put in meters for one winter.

The company has drilled twenty new wells this summer and they have an average pressure of only thirty-five pounds, whereas when the field was new 335 pounds was the normal pressure. "There will be plenty of gas to supply Bluffton and Fort Wayne during the coming winter," said Mr. Huffman, "but further than that we make no promises. It is possible that Bluffton may have gas longer than Fort Wayne. It is twenty-five miles nearer the field and should the gas be cut off from Fort Wayne enough might still be secured to run Bluffton for a year or two. It could be pumped through the old line and the Fort Wayne line taken up."

Mr. Huffman stated that the company may manufacture gas for the use of Fort Wayne, but that depends on the cost of coal and the prices they could get for the gas. The pumping stations will not be enlarged as the gas company does not believe there is gas pressure enough in the field to justify such an expense.

COMING!

UNCLE TOM'S CABIN.

The ever popular play of Uncle Tom's Cabin comes to Fort Wayne on South Calhoun street on July 4th and 5th. It will be presented by the largest aggregation of artists ever seen in the great moral play. The company comprises forty people, both white and colored, a large troupe of man-eating blood hounds, beautiful ponies, funny donkeys, special scenery and wonderful mechanical effects. Don't miss the grand free street parade at noon. Two performances daily, afternoon at 2 o'clock and evening at 8 o'clock. Prices, children under 10 years, 10c; adults, 20c. d&w

THE WEATHER.

Chicago, July 2.—Forecast for Indiana: Unsettled with showers and probably local thunderstorms tonight and Thursday; slightly warmer in north portion tonight; southerly winds.

LOCAL LINES.

Mrs. J. A. Durand, of Lima, Ind., is visiting her sister, Mrs. H. P. Moses.

Mrs. C. W. Holverstott, of 1219 Washington boulevard, pleasantly entertained a company of friends last evening in honor of Mrs. P. J. Rice, of South Bend, wife of a former pastor of the West Jefferson street Church of Christ. Mrs. Rice left this morning for her home after a visit of several days in the city.

Col. T. C. Hobart, of Lima, O., has been placed in charge of the Columbus, Lima and Milwaukee railroad. He is to prepare an estimate of the cost of putting the road in operation and is also instructed to arrange some plan by which the road may be extended to Lima and thereby connect with the Ohio Southern direct, letting the road into southern coal fields.

BERRIES, MELONS AND FRUITS FOR THURSDAY MORNING.

Wolff's Military band will give another of their popular concerts from the balcony in front of the store tomorrow evening. As it is the eve of the Fourth of July, Mr. Corazzi has arranged a program containing a number of patriotic as well as classical airs. The popular singer, Mr. Wefel, will also be heard in several vocal selections. These concerts have true merit and that they are appreciated by the public is evidenced by the thousands who listen to them on every occasion.

To the Members of the People's Mutual Benefit Association:

I wish to acknowledge the receipt of check for $40.00, payment in full for my brother, James Devlin's claim. This amount is the result of an investment of $3.66. This amount was paid at the rate of 18c per month, which sum could not have been used to any particular advantage. The company has always treated me in a gentlemanly and straight-forward manner and I am well satisfied and exceedingly well pleased with my investment.

Yours with respect,
WILLIAM DEVLIN.

To the Allen County People's Mutual Burial Association:

As the administrator of the estate of the late Moses Mood, I wish to say to the members of the association and neighbors that I have this day received $40 cash as the benefit due the said Moses Mood as a member of your association. Please accept my sincere thanks.

Yours with respect,
GEORGE CRAWFORD.

ESTABLISHED 1833. FORT WAYNE, IND., THURSDAY, JULY 3, 1902. PRICE TWO CENTS

HAVOC BY STORMS

GREAT DAMAGE IN MICHIGAN FROM HEAVY RAINS.

RAILROADS SUFFER GREATLY

FRUIT BELT SUSTAINS IMMENSE DAMAGE.

WASHOUT CAUSES A WRECK

TWO KILLED AND SEVERAL HURT AT ROCHESTER.

Detroit, July 3.—A rainstorm of torrential proportions swept over the lower peninsula of Michigan last night and early today, doing tremendous damage. Crops suffered severely and there are numerous washouts on the railroads, one of which resulted seriously. At Rochester a Michigan Central freight train was ditched by a washout and two were killed and three injured. Trains are late on all roads. In the southwestern part of the state the storm assumed the proportions of a cyclone and several persons were fatally injured in the wrecks of houses and barns. Great damage was done to the western Michigan fruit crop.

At Flint the rainfall caused Swartz and Thread creeks to overflow and the southern portion of the city is flooded. Several factories on the bank of the river are submerged. The Flint river is also out of its banks and the Lewis paper mill is under water and in danger of being swept away. Two bridges across the river are in danger. The total loss will aggregate nearly $100,000. Port Huron is without means of transportation in or out of the city, the railroads and interurban lines being tied up by washouts. The southern portion of Owosso is flooded and the damage will be heavy there. Cellars are flooded at Durand.

In Detroit 2.23 inches of rain fell last night, but comparatively little damage was done.

WASHOUT CAUSES WRECK.

Rochester, Mich., July 3.—Two men were instantly killed and three were injured in the wreck of a double-header Michigan Central freight train near Thomas early today. The train ran into a washout.

The dead:

Engineer William S. McGregor, Detroit.

A tramp who gave the name of John O. Grady.

The injured:

Fireman John Thomas, Detroit.

Fireman Thomas Weir, Detroit.

Dave Yackubowski, a tramp.

Two engines and fifteen freight cars are piled in the ditch and the financial loss will be heavy.

Last night's torrential rainstorm, which flooded all this section of Oakland county and inflicted heavy loss everywhere, was responsible for the wreck. The flood of water washed a hole twenty feet broad in the roadbed. All the Michigan Central track between here and Oxford was also washed out and almost a dozen freight trains are stalled here. The track of the Detroit United interurban line to Detroit and Flint is washed out and traffic on the road is suspended. Crops have also suffered severely.

In this village the foundations of the Western Knitting mill have been washed out, other buildings are damaged and the power house of the Detroit United railway is threatened. The power house is located on the bank of the river and the river is higher than ever known before. It threatens to undermine and carry away the power building.

MANY HURT IN COLLISION.

Pittsburg, Pa., July 3.—The Akron express, on the Pittsburg and Western railroad collided with the Butler accommodation at Glenshaw, Pa., at 8:30 o'clock this morning and both trains were wrecked. Four persons were seriously injured, one probably fatally. Their names:

Mrs. E. Quinn, of Bakerstown, Pa., aged about 75, skull fractured and badly cut about the face and body; may die.

Charles S. Leslie, of Aspinwall, Pa., aged about 50, leg broken and badly cut and generally bruised.

Frank Francesco, of Allison Park, Pa., aged about 30, left leg broken at the ankle and throat cut.

Mrs. A. A. Thompson, aged about 35, of Avalon, Pa., badly cut about head.

The other passengers escaped with a good shaking up. The cause of the accident has not yet been determined.

LAKE STEAMER AGROUND.

Port Arthur, Ont., July 3.—The passenger steamer Iroquois, reported as overdue from Houghton, Mich., is ashore on Victoria island, about twenty-eight miles south of this point. The Iroquois was coming in from Duluth yesterday morning and while trying to find the Victoria passage in a fog, went on the rocks. She was under check at the time and it is hoped that the steamer has not been badly damaged. The tug Laura Grace has been unable to drag her off the rocks and it is quite likely a wrecking expedition must be sent. The Iroquois is a new steel steamer, worth about $200,000, and belongs to Singers' White line, trading between Lake Superior points.

GREAT DAMAGE DONE.

Grand Rapids, Mich., July 3.—A tremendous downpour of rain early today, which was almost a cloudburst in severity, has done great damage throughout southwestern Michigan. The fruit crop has suffered tremendous loss. Wires are down to the north and south, where the storm was most severe, and information is hard to obtain. All railroads running out of Grand Rapids except the Pere Marquette east, are tied up by washouts and damage to wires and track. A cyclonic wind that accompanied the the rainfall felled wires between here and Kalamazoo, and did immense damage to crops and fruit trees. Wire communication was resumed during the morning. In Grand Rapids the heavy rainfall did damage to streets, flooded basements and overflowed the low lands. Boats were called into commission to reach houses in some parts of town. Grand river is at flood height.

PRAISE FOR DR. PROEGLER

HEALTH BOARD'S METHODS ARE WARMLY COMMENDED.

State Secretary Hurty Says No Other County in So Thorough in Coping With Contagion.

So eminent an authority as Dr. J. N. Hurty, secretary of the state board of health, is authority for the statement that no other county in Indiana is so thorough as Allen in systematically and intelligently coping with smallpox and other contagious disease. The work of the Allen county board is warmly commended by the state secretary, and his comment is very high praise for the energy and the efficient work of Dr. Carl Proegler, of this city, who directs the work of the county board in dealing with contagious diseases.

Dr. Hurty's opinion is given in a letter to the county secretary and received by Dr. Proegler this morning. Recently the state board had made a request of all the county secretaries for a detailed statement of the methods used in coping with contagion and enclosed a circular letter of suggestion as to lines along which a possible advancement might be made. Dr. Proegler explained the plans under which the Allen county health board is operating, and Dr. Hurty's communication, dated July 2, is in answer to that explanation. Dr. Hurty says in part:

"I am exceedingly glad to have your letter explaining how you conduct health affairs in Allen county. I will venture to say that there is not another county that does the work so thoroughly. You rightly understood our letter as a circular, merely making a recommendation. It is not obligatory at all. I think from what you say it would be quite superfluous to bring the order we proposed before your board for passage. Unless you object, I shall publish your last letter in a future number of the bulletin."

MANUFACTURES FALL OFF.

London, July 3.—Returns for the six months just ended show the production of all classes of manufactured iron in the north of England district to have been the smallest recorded in the history of the trade. The total was only 41,900 tons, compared with 46,206 tons for the same period of 1901, which was the previous worst half year. Compared with 1899 this year's output shows a diminution of 51 per cent.

BRIEF POSTPONEMENT.

The Salvation Army tent meetings which were to have opened this evening under a large canvas at Main and Ewing streets, have been postponed until Saturday evening, July 5. Col. Hathaway thought it desirable to defer the opening of the tent meetings until after the celebration tomorrow.

Dr. J. A. Stutz has returned from an outing at Lake George.

LAYS OUT ROUTE

NELSON PROPOSITION BEFORE BOARD OF WORKS.

WILL BE OPENED TONIGHT

GIVES NECLEUS FOR A CITY RAILWAY SYSTEM.

OUTLINES THE CONNECTIONS

PLANS OF FORT WAYNE AND NORTHERN COMPANY.

On behalf of the new Fort Wayne and Northern Traction company, S. L. Nelson, general manager of the Fort Wayne and Southwestern company, has forwarded to the board of works a proposition outlining in a general way the streets desired by his company in order to take advantage of the proposition recently declined by the Fort Wayne Traction company.

This is to be the nucleus for a new city street railway system, and Mr. Nelson's communication is in answer to a recent request of the board of works. It will be read at the meeting of the board this evening.

The precise route desired in order to connect up the widely separated streets turned down by the old company can not be ascertained in advance of the reading of the proposition by the board tonight. It is learned, however, that the Fort Wayne and Northern company has asked for Harrison street, from Main street to Brackenridge, and a line on Brackenridge west to Fairfield avenue, connecting with the tracks of the Southwestern.

The interurban tracks are then to be used to Taylor street, and a continuation will be asked down Fairfield avenue to some east and west street, along which it is desired to run tracks to connect the proposed Pontiac street route.

A line on Hanna street is also asked for, and St. Mary's avenue and High street are also included in the request, the latter evidently being desired in order to reach the proposed tracks at the northern edge of the city.

SEVERE STORM IN ILLINOIS.

Kankakee, Ill., July 3.—A severe wind storm at Momence late yesterday destroyed barns and other property to the value of $50,000. The boiler house and sand house of the Chicago and Eastern Illinois railroad was demolished and five men injured, the most seriously hurt being Jeff Warren. Three men were slightly hurt at the tile and brick yards. The storm covered a narrow strip a mile and a half long.

BLEW A MAN TO PIECES.

Memphis, Tenn., July 3.—A Scimitar special from Mammoth Springs, Ark., says: At Union, twenty-six miles southwest from here, Harvey Sexton, it is charged, threw a stick of dynamite under Pink Gibson, blowing him to pieces. No further details of the affair have been obtained.

GETS FINAL INSTRUCTIONS

TAFT ADVISED AS TO DISPOSITION OF FRIAR LANDS.

Secretary Root's Note is Delivered to Cardinal Rampolla—Taft Congratulates Root.

Rome, July 3.—Judge William H. Taft, civil governor of the Philippine islands, today received a long cable message from Secretary Root containing the department's final instructions concerning the note relating to the disposition of the friars' lands in the islands, which was drawn up here Tuesday, and this afternoon Major Porter delivered the note to Cardinal Rampolla, the papal secretary of state.

Governor Taft was gratified on learning from the same message that the Philippine civil government bill had become law.

TAFT CONGRATULATES ROOT.

Washington, July 3.—Governor Taft's estimate of the work accomplished in the Philippines by Secretary Root is set forth in the following personal telegram from Governor Taft:

"Secretary of War, Washington: Returning to telegram from your office of 2nd inst., congratulate you on accomplishment of most important step in your great work of constructing satisfactory civil government in the Philippine islands. None but those acting under you can fully know the debt the country owes you for the courage and original constructive genius involved in drafting instructions of April, 1900, and forming civil government without a president under president's undefined authority as military commander-in-chief, almost within the sphere of war, which should furnish convincing proof to Filipinos of benefit of general peace under American sovereignty, or can realize the success of your plans in actual peace and the vindication of them in the ratification of Philippine government act."

WILL CELEBRATE TOMORROW

VARIED PROGRAM FOR INDEPENDENCE DAY.

Long List of Picnics, Besides Races, Clay Pigeon Shoot and Robison Park Attractions.

All the pent-up patriotism of the American small boy will be turned loose tomorrow in the celebration of the glorious Fourth, and the younger patriots will have the enthusiastic assistance of a very large proportion of the more mature population in the observance of the national birthday anniversary.

All the manufacturing institutions in the city will suspend business for the day, and while there will undoubtedly be a very large exodus on the morning excursion train to other points, there will be no lack of patronage for the gatherings arranged for in this city.

Capt. W. C. Cleary's battery B is on the card to formally inaugurate the day by a sunrise salute, but the battery boys will need to be on hand early if they are ahead of the small boy who has hoarded up a surprisingly large stock of noise-making apparatus to give proper expression to his sentiments. The sporadic discharge of fire crackers, torpedoes, etc. heard about the city for several days in defiance of the edict of the august police authorities will break loose tomorrow in a reverberation that will be inaugurated at dawn and continue until long after dark.

MANY PICNIC PROGRAMS.

In pretty nearly every section of the city tomorrow picnics will be held if the weather man will refrain from turning loose the customary daily shower. The children of St. Mary's Catholic school will hold their gathering in Lakeside park. The Church of the Precious Blood will give a picnic in the grove near the church. Emanuel church people will go to Swinney park. Concordia and St. Paul's school children will hold forth at Concordia college campus, Zion's church will meet in the grove adjoining the church, and Emmaus church congregation will go to the grove on Indiana avenue. At each of these points there will be music, an appropriate program of exercises and games and refreshments to make the day pass pleasantly.

The Amateur Driving club will give a fine card of races at Centlivre park, and lovers of speed will undoubtedly be well repaid for attendance. The East End Gun club will give a clay pigeon shoot in White's addition, the Golf club will hold forth upon its grounds and there will be many other attractions at different points. Down town an Uncle Tom's Cabin company will contribute to the program of the day.

At Robison park a special program has been arranged and the display of fireworks in the evening will be an elaborate one.

MINERS WILL NOT VOTE.

Saginaw, Mich., July 3.—The conference of Michigan coal miners before adjourning today decided not to vote in the various local unions on the acceptance of the proposition made by the operators at yesterday's joint conference until after the national convention at Indianapolis July 17. The men will ask for a truce until that time. The reason is that President Mitchell deprecates the breaking of contracts and if they should enter into a contract now and the national convention should then decide for a general strike it would place them in an embarrassing position.

SPAIN SIGNS TREATY.

Madrid, July 3.—The treaty of trade, commerce and amity between the United States and Spain was signed today.

MARRIAGE LICENSES.

Julian S. Barraud and Mary B. Schweitzer.

SKIES IN A FURY

SEVERE STORM SWEEPS OVER FORT WAYNE.

SCENE OF AWFUL GRANDEUR

CLOUD, WIND, RAIN AND LIGHTNING ON A RAMPAGE.

LITTLE DAMAGE IN THE CITY

CROP LOSS REPORTED FROM SURROUNDING COUNTRY.

Sweeping around a large circumference, with Fort Wayne apparently in the center of the area, an electrical storm of unusual violence raged early last evening, and while the city was drenched by the deluge which followed the earlier demonstration of cloud and wind and lightning, comparatively little damage is reported either in Fort Wayne or its immediate vicinity.

The picture of the gathering storm was one which will long be remembered, for the aspect was for a time most threatening. The heavens wore their darkest frown, and people hurried hither and thither in the effort to seek shelter before the coming of the devastation that seemed imminent. An immense bank of black clouds massed in the northwest and gathered rapidly in extent and density until it practically swept entirely across the northern skies. The hue was a most unusual one for the blackness was tinged with a greenish color that gave the scene a peculiarly threatening aspect, and observers mentally prepared for a tornado of the tropical variety.

The wind rose rapidly, and down in the streets whirling clouds of dust were swept upward, while across the skies lightning flashed vividly to add to the awful grandeur of the picture. Higher and higher rose the dense mass of clouds, then swept to the eastward around the city, giving Fort Wayne only the fag end of the meteorological demonstration. The skies began clearing, but a little later came another massing of clouds in the southwest, and this was followed by a deluge of rain, lasting for half an hour and accompanied by some wind and much electrical disturbance. The scene of the heaviest storm, however, had been on either side of the city. Fort Wayne had escaped the most severe portion of the cloudburst.

FELT ITS EFFECTS.

Its traces were left, however, in damage to shade trees, telephone and telegraph wires and other property usually affected by storms. The residence of Michael Denehy, 118 East Guthenfield street, was struck by lightning, but the damage was slight. The bolt entered the cupola of the house, tore off a portion of the siding and passed out without doing any damage, either to the rooms or to their contents. The members of the family were badly frightened.

The Southwestern interurban line was badly crippled when lightning struck a pole near Huntington, burned it off and put the high tension service out of operation. This occurred at 6:50 o'clock, and from that hour the car service was extremely irregular. The removal of the high tension prevented cars from coming nearer Fort Wayne than the St. Mary's river. Here the direct current power was insufficient to enable the cars to make the stiff grade immediately east of the bridge. Repairs were completed upon the high tension line shortly before midnight, though the service was not brought fully up to the standard until this morning.

Telephone and telegraph companies in the city were more or less affected by the electrical disturbance, though none of the damage was of a serious character. It consisted very largely of burned out fuses and other trivial damage that could be quickly repaired. The police telephone system was burned out, and for several hours patrolmen made their hourly reports over private lines.

SWEEP OF THE STORM.

Reports from outside the city, coming through telegraph and long distance telephone companies, gives an idea of the extensive sweep of the storm. The Postal Telegraph company escaped almost entirely, and the damage to Western Union wires was but trivial. The long distance telephone companies, however, were not so fortunate, and the service was badly crippled this morning. The Central Union wires to Van Wert and Plymouth were out of service, and the National company was unable to get into communication with Columbia City from any direction until after noon today. Lines to Kendallville, Waterloo, Auburn, Garrett and other points north all needed attention this morning before they could be gotten into operation. Farmer lines, which have recently sprung up extensively over the northern counties, all suffered extensively, and it will be several days before linesmen remove the last trace of the storm.

Despite the terrific rainfall and the high wind accompanying it, reports today from the farming district do not indicate serious damage from the storm, though north of the city a number of fields were yet inundated this morning.

There is also little report of personal injury except at Auburn, where Frank Karn, a mail wagon driver, was caught beneath a tree which was blown down across his vehicle. Karn was painfully though not seriously hurt.

BEES SWARM IN CITY STREETS

UNIQUE SIGHT ATRACTED MUCH ATTENTION.

Honey Producers Came in From the Country and Were Captured on Columbia Street.

A big swarm of bees that evidently drifted in from the country districts was the center of interest upon East Columbia street this morning and a large crowd of spectators was attracted by the unusual scene.

There were myriads of the insects in the swarm, and on reaching East Columbia street they were evidently satisfied with the extent of their migrations, for they settled comfortably down near the center of the street in front of the Schlatter hardware house.

But a few minutes were required to collect a crowd about the insects, and there were for a time probably more bee experts in that vicinity than one would have supposed were within easy range of the city. Finally M. F. Longley, of 1011 Clay street, who is versed in beeology, procured a box and induced the bees to move into it. He carried the catch off in triumph while the crowd applauded.

MISS BARBER BETROTHED.

Denver, Col., July 3.—The betrothal is announced of Major Ralph Hartsel, of Denver, and Miss Mary Barber, of Canton, Ohio, the favorite niece of Mrs. McKinley. Major Hartsel is an attorney and during the Spanish war he was commissioned by Mr. McKinley as paymaster in the volunteer army with the rank of major. His brother, Charles Hartsel, is now a government representative in Cuba. When a boy he lived in Canton with his parents and was a near neighbor of the little girl who is now to become his wife.

STRIKE MORE SERIOUS.

Omaha, Neb., July 3.—The strike of the machinists and boilermakers on the Union Pacific railroad took on more serious proportions today when the carbuilders and blacksmiths and their helpers, numbering 325 men, declared themselves opposed to the piece work system, which is being inaugurated in the railroad shops. A week ago it was announced that the carbuilders had settled their differences with the railroad company, but they declare that that settlement did not mention piece work. If the company insists on enforcing its announced intention of continuing the new system, it is very probable that the carbuilders and blacksmiths and their helpers will join the strikers.

NO TRUTH IN THE REPORT.

Vienna, July 3.—There is absolutely no truth in the report circulated by a news agency in the United States yesterday that six thousand persons, led by students, attempted yesterday to storm the German consulate at Lemberg, Galicia, "as a demonstration against Emperor William's recent address" at Marienburg, and it is equally untrue that the crowd afterward turned against the homes of the Polish leaders in the reichsrath because they failed publicly to protest against the speech, which was delivered June 5 last.

KILLED IN A SALOON.

Detroit, Mich., July 3.—William Oakman, a printer, brother of Robert Oakman, well known Michigan politician, was killed early today in John Owen's saloon, on River street. Lawrence Haurahty, a teamster, is under arrest, charged with the murder. Oakman was struck on the jaw during a quarrel in the saloon and fell to the floor, fracturing his skull on an iron railing. He died instantly. Haurahty is alleged to have struck the blow.

WITH HUGE THEFT

WELL KNOWN NEW YORK BUSINESS MAN IS CHARGED.

HIS WIFE IS IMPLICATED

ARRAIGNED FOR STEALING JEWELS WORTH $85,000.

TAKEN FROM HOTEL VERANDA

ACCUSED COUPLE ARE HIGHLY RESPECTED.

Watertown, N. Y., July 3.—Mr. and Mrs. L. L. Richman, of New York, charged with grand larceny in having stolen a $85,000 necklace of diamonds and pearls and $437, the property of Mrs. W. E. Dalsberre, also of New York, from the veranda of the Crossman house at Alexandria bay Tuesday night, were arraigned before a justice in that village last night. They waived examination and were brought to this city today to appear before Supreme Court Justice Pardon C. Williams. Bail was fixed in the sum of $5,000 each.

The money and jewels were left by Mrs. Delsberre on the veranda of the hotel and when their loss was discovered search was instituted. Detectives found the missing property in the rooms occupied by the Richmans. Richman is a bookingglass manufacturer of New York.

IS HIGHLY RESPECTED.

New York, July 3.—Louis L. Richman is one of the best known and most respected business men of the lower east side. For twenty-five years he has been a wholesale dealer in mirrors in that section of the city. He owns much real estate and has been a prominent supporter of the local Hebrew charities, is vice president of the board of directors of Beth hospital and a subscribing member of the Mount Sinai hospital and of the Montefiore home.

Accompanied by Mrs. Richman, he started to Alexandria bay Tuesday. He has not been in good health for some time.

Mr. Delsberre is a practicing physician, with an office on West Fifty-ninth street, this city. He and Mrs. Frances Freeland Hagaman were married at the Waldorf-Astoria hotel last Monday, and the necklace is said to have been one of the bride's wedding gifts.

M'CULLOCH AFTER TOWPATH

TRACTION MAGNATE GOES TO WABASH.

May Construct Line to Unite the Southwestern and His Indianapolis Lines.

(Special to The Sentinel.)

Indianapolis, July 3.—President McCulloch, of the Union Traction company, returned today from Philadelphia, where, it is said, he has been trying to merge the Indianapolis city system with his own system of interurban lines.

Mr. McCulloch left before noon for Wabash and Warsaw. It is understood here that he hopes to close a deal for the old Erie canal towpath from Wabash to Logansport and may arrange to build from Wabash to Marion, thus connecting the Fort Wayne and Southwestern lines with the Union Traction lines, giving Fort Wayne and Indianapolis interurban connection.

NO CHANGES MADE.

Supt. J. N. Study was in Indianapolis yesterday attending a meeting of the state board of education. Of the meeting the Indianapolis Sentinel says: "Contrary to expectations, there were practically no changes made in the course of study for licensed high schools, although the time allotted to the study of certain subjects, particularly the different branches of sciences, was extended. This was deemed necessary on account of the many recent discoveries and changes of ideas in the scientific world."

LIBRARY WILL BE CLOSED.

The public library will be closed all day tomorrow on account of it being a holiday.

TWO KINGS DINE TOGETHER.

Kiel, July 3.—Emperor William today received J. Pierpont Morgan and invited him to remain for lunch,

How to Borrow Money.

By carefully reading this you will get a very good idea how to borrow money.

We make loans of $10, $15, $20, $50, $75, $100, on furniture, pianos, horses and wagons, buggies, etc.

Everything is left in your possession and you have the use of both the money and the property. You can pay back your loan in weekly, semi-monthly or monthly payments and we give you from 1 to 12 months to pay it in. Don't go to your friends—be independent and come to us—we don't talk about your affairs to your neighbors. All our business is strictly PRIVATE and CONFIDENTIAL.

We will give full particulars as to our manner of making loans on calling at our office. Information cheerfully given and no charge.

INDIANA MORTGAGE LOAN CO.,
Room 8, Arcade, upstairs; Home 'phone 988 Main. Office open Saturday evenings from 7 to 9.

TRACY STEALS A BIG LAUNCH

ESCAPED CONVICT'S DARING DASH FOR LIBERTY.

Intends to Fire a Few Shots at the Penitentiary in Passing—Governor Kills a Prisoner.

Seattle, Wash., July 3.—Advices received from Olympia state that Tracy, the escaped Oregon convict, has stolen a gasoline launch at South Bay and started up the sound. The launch is the largest of the kind on Puget Sound and has three hundred gallons of gasoline, or enough for a 1,000 mile run. Before starting Tracy said he intended firing a few shots at the penitentiary on McNeil island. He said that he had murdered Merrill, his companion, but the statement is not believed. He gave as the reason for the alleged deed that Merrill was growing fainthearted. It is believed, however, that the latter is in the vicinity of his sister's home at Shelton.

Tracy, according to the advices, appeared at the plant of the Capitol City Oyster Co., at South Bay, and entered the house of Horatio Alling, one of the employes. Tracy told Alling who he was and began to prepare his breakfast. He told Alling, Will Satridge, Frank Scott and John Lessenger, employes of the company. Captain Clark, of the gasoline launch "N. & S," and his son, who were there, to stand with their faces to the wall. After breakfast he ordered Captain Clark to get the engine of the launch in order and start it for him.

The captain then jumped ashore and Tracy started on his trip down the sound.

GOVERNOR KILLS CONVICT.

Ensenada, Cal., July 3.—Governor Sangines, of the upper district of Lower California, shot and killed a mutinous convict in the prison at Ensenada. The convict, whose name was Luciano Cabrera, had been ordered to a dark cell for insubordination. He refused to go and seized a club and struck Jailer Valencia twice over the head. The jailer sent word to the governor and the latter personally appeared at the prison armed with a gun. He ordered Cabrera to drop his club. Instead of obeying the convict struck the governor over the head, whereupon Governor Sangines fired, killing the man instantly. The dead convict was about forty years of age and had been a soldier.

RAP AT CHICAGO BOARD.

Indianapolis, July 3.—In the case of the Chicago board of trade against a number of persons in this city and other Indiana towns, to enjoin them from using the Chicago quotations, Judge Baker held yesterday that he would not issue a restraining order, as asked for by the plaintiff, but deferred action till the final trial of the case. While H. S. Robbins, attorney for the Chicago board of trade, was arguing the case he said that the courts have a wrong impression regarding his client owing to misinformation, and Judge Baker interrupted him with:

"Yes, I have heard that the board prays to the Lord on Sundays and then preys on the public the other six days in the week."

LOST AND WON BRIDE IN DAY.

Evansville, Ind., July 3.—Miss Edith Brown, a well known young woman of this city, went to the ball park yesterday to see "Cy" Torrence, of the Evansville, team of the "Three I" league, pitch. The couple went from the park to a minister's house, where they were married. Miss Brown had made a wager with Torrence that if he won yesterday's game she would marry him. When he lost the game she decided to marry him anyway.

Foley's Kidney Cure purifies the blood by straining out impurities and tones up the whole system. Cures kidney and bladder troubles. Sold by Dreier & Bro. and Pellens & Polster.

SUB-TREASURER NAMED.

Washington, July 3.—The president today decided to appoint A. Lincoln Dryden, of Somerset county, Md., sub-treasurer of Baltimore. Dryden was endorsed by Congressman Jackson and his appointment is acquiesced in by Congressman Mudd.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. Sold by Dreier & Bro. and Pellens & Polster.

First Regiment Band at Picnic, cor. Fourth and Barthold Sts., July 4, '02. Base ball and other games. 212

PENFIELD CALLS BAILEY ASS

JURIST SAYS TEXAN IS ONE WHO HUNTS TROUBLE.

Solicitor for the State Department Gives Out a Hot Explanation of the Case.

Washington, July 3.—Judge William L. Penfield, of Indiana, the solicitor of the state department, pays his compliments to Senator Bailey, of Texas, in a prepared statement given out yesterday. It is devoted principally to an explanation of his part in the Bielenberg-Scott case, out of which grew the attack by Bailey on the solicitor, and declares that the Texas senator is "one of those men who go hunting for trouble" and that the present instance is "simply one of the spasmodic displays of asininity in which he indulges at regular intervals."

The statement reviews the Bielenberg-Scott case and says, in part:

"Senator Bailey's charges that I refused to furnish an office copy of the Scott-Bielenberg contract inclosed in one of General Clayton's dispatches is in its substance and spirit untrue, and he knew it perfectly well when he made the charge in the senate, for he had a letter in his possession, written by Secretary Hay on April 15." The statement quotes from this letter, and proceeds:

"About two weeks ago Senator Bailey came to the solicitor's office and complained that General Clayton, in his note to the Mexican government, had omitted a portion of the instructions which stated that there were some circumstances connected with the case that seemed to indicate a want of disinterestedness and fairness in the proceedings in the lower courts. Senator Bailey imputed the omission to the minister design of the ambassador. I explained that General Clayton had communicated the really essential parts of the instruction and that much was left to the discretion of our representatives in dealing with a foreign government.

"Senator Bailey answered with some heat: 'I see you are bound to stand by General Clayton.' I replied that General Clayton's conduct was not shown by the record to be actuated by any unworthy motive, and that I would not censure him without giving him a hearing. I added 'I will submit the matter to Secretary Hay, and if he thinks that the omitted portion of the instruction should be communicated to the Mexican government I will draw an instruction to General Clayton requiring him to communicate it.'

"Senator Bailey replied that he did not want it submitted to the secretary; that so far as he was concerned he would not see the secretary or the president again about the matter, and added that he was going to deliver a speech in the senate touching upon the president, the secretary of state, Ambassador Clayton and the solicitor.

"The truth of the matter is that Senator Bailey set out some months ago to remove General Clayton from his office because the latter would not take instructions from him instead of the secretary of state."

CENTER LAKE OVER BANKS.

Warsaw, Ind., July 3.—The heavy rains have caused Center lake to overflow its banks and great damage has resulted to the surrounding land. The farm of O. M. Fields, on an island in the lake, is inundated and the water is within a few feet of the house, which has been abandoned. The water in the lake has risen six feet and is still rising. Several houses at the foot of Buffalo street have been flooded. The water in Tippecanoe river is being forced back into the lake, carrying with it the sewage from the city and polluting the drinking supply. The dam at the outlet of Winona lake was removed yesterday to prevent the flooding of the assembly grounds, and this has added to the danger from Center Lake. Many fields throughout the county are under water.

VACATION DAYS.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Meyer Bros. & Co.

COLORED TEAM COMING.

Manager Mart Cleary has arranged for two games between the Shamrocks, of this city, and the Columbia Giants, of Chicago, at League park Saturday and Sunday, July 12 and 13. The Giants are now on a tour of Michigan and Ohio and they have an almost unbroken string of victories to their credit. The team is the fastest outside of league ranks and it is a favorite with Fort Wayne fans. The Shamrocks will play a return game with the Giants in the American League park in Chicago some time in August.

E. W. GROVE.

This name must appear on every box of the genuine Laxative Bromo Quinine Tablets, the celebrated Cold and Grip Cure. 25 cents.

WILL GO TO DENVER.

Dr. H. G. Merz will give up his practice in Fort Wayne for a time and will leave on Sunday for Denver, Col., for a visit. Dr. Merz has been in poor health for several months and will take the trip in the hope of deriving benefit. He expects to return later in the summer and resume his professional duties.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

When you are suffering from rheumatism the kidneys must be attended to at once, so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. E. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Dreier & Bro. and Pellens & Polster.

STEAMER ASHORE.

Kingston, Jamaica, July 3.—The Atlas line steamer Altai, from Port Limon for New York, is ashore outside Kingston harbor. The tug Premier has gone to her assistance.

IF A MAN LIE TO YOU,

And say some other salve, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica Salve, tell him thirty years of marvelous cures of Piles, Burns, Boils, Corns, Felons, Ulcers, Cuts, Scalds, Bruises and Skin Eruptions prove it's the best and cheapest. 25c at Dreier & Bro.'s drug store.

A MATTER OF DOLLARS AND SENSE

It's sense to smoke a really good cigar---It's dollars to get it for 5 cents.

You benefit by this.

The tobacco in the Tom Keene cigar is the only genuine Vuelta stock ever grown on American soil. Bondy & Lederer are the FIRST and ONLY cigar manufacturers to produce this result. No one ever attempted such enterprise before. It is new in the tobacco growing world. The saving of importation duty alone makes it possible to sell a cigar of this peculiar Vuelta coffee-like taste for a nickel.

Some reason,--- a plain statement of facts--- a significant, unqualified endorsement.

The Tom Keene is pure Vuelta in every acceptance of the term, and critical smokers will immediately realize it. The delicate, but positive character of taste peculiar to Vuelta is plainly evident to everyone in smoking it. It is so noticed in this flavor that we have had occasion to prosecute several dealers for selling the Tom Keene as a 10-cent cigar. These suits were instituted because we do not wish dealers to frustrate the purpose of our advertising, which is to inform the people that a genuine Vuelta filled cigar can be had for 5 cents, under the name of Tom Keene.

STATEMENT BY DANIEL STEWART COMPANY.

We wish to state to the public that in all our experience of cigar handling we have never seen a brand so exceptionally praised as the Tom Keene. We wish to add that of our knowledge its popularity is well founded and well deserved. It is to our knowledge the best grade of cigar we have ever known to be sold for 5 cents.

(Signed.) DANIEL STEWART COMPANY.

RACES AS GENTLIVRE'S.

The Amateur Driving club met last night and completed arrangements for the races at Centlivre's park Friday afternoon. Some of the best horses in the city are entered in the different events and there will be some good sport. There will be three trotting races, and a race between Georgewood, owned by J. C. Reid, and Wayne Chief, owned by Herman W. Tapp. A feature of the day will be hippodrome exhibitions by Prof. Jackson, of Chicago, who will perform feats with horses between races. The management has rented 1,100 extra chairs so that there will be ample accommodation for the crowd.

Slobbs—Closeby is nothing but a bag of wind.

Knobbs—Well, it's a wonder he wouldn't blow himself sometimes, then.

CURES ECZEMA AND ITCHING HUMORS THROUGH THE BLOOD—COSTS NOTHING TO TRY.

B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scabs, scales, watery blisters, pimples, aching bones or joints, boils, carbuncles, prickling pain in the skin, old, eating sores, ulcers, etc. Botanic Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Other remedies may relieve, but B. B. B. actually cures, heals every sore, and gives the rich glow of health to the skin, making the blood red and nourishing. Especially advised for old, obstinate cases. Druggists, $1. Trial treatment free and prepaid by writing Dr. Gillam, 213 Mitchell St., Atlanta, Ga. Describe trouble and free medical advice given. Sold by Rahke & Nusbaum, 58 Calhoun St.

Aluminum stoppers for beer bottles have been adopted by a famous Milwaukee brewery, as being cleanly and absolutely tight.

MOTHER ALWAYS KEEPS IT HANDY.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Meyer Bros. & Co.

Some twenty-one Italian soldiers taken after the battle of Adowa in 1896 are stated to be still kept prisoners by the Abyssinians.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, Nausea, Dizziness, Headaches, Liver Complaints, Bowel Disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Dreier & Bro.'s drug store.

As a result of the mild winter in southern Russia shrew mice have appeared in great numbers in the fields, doing great damage to the crops.

BRONCHITIS FOR TWENTY YEARS.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar, which is a sure cure." Sold by Dreier & Bro. and Pellens & Polster.

The Guideless wonder at Centlivre park July 4.

Mr. and Mrs. Krider entertained last evening in honor of Miss Rinehart and Miss Woods, of Dunkirk, Ohio. Dancing was the feature of the evening, and refreshments were served at the close.

LOVERS WERE DISAPPOINTED.

(Huntington Democrat.)

Tuesday the Fort Wayne and Southwestern traction car due from the west about 11:25 o'clock brought a young couple to the city who wanted to get married. The young man looked to be about twenty years old and the young lady about sixteen. The prospective groom had been working for a farmer near Lagro, but resigned his job Tuesday. He had coin in his pocket, but his and his lady's shoes looked like they might have walked from Lagro to Andrews to catch the traction car. The girl was dressed in summer attire—that is, what she had on looked cool, but there didn't appear to be a great deal of it.

The couple stepped into William Reilly's confectionery store and asked permission to leave some bundles there for awhile. He purchased some fruit for the girl and bought a little piece of tobacco for himself.

The young man then asked Mr. Reilly if he would go with him to the county clerk's office to get a marriage license. It was almost noon then and Mr. Reilly told him he was afraid he would find the placed closed, and it would be a hard matter for him to get away from the store.

The gentleman then inquired for a cheap boarding house and the expectant couple left. They returned about 1:30 o'clock. He said they wouldn't issue him a license because his girl lived in Allen county, so they boarded a car for Fort Wayne.

THUMB TORN OFF.

Benjamin Saunders had his left thumb badly torn while trying to break in a young horse yesterday. Mr. Saunders found it necessary to lasso the animal and succeeded in throwing the rope over its head, when the animal reared and Mr. Saunders' thumb was caught in a twist in the rope. The end of the member was torn off at the first joint and hung by a mere thread of flesh. Mr. Saunders wrapped his hand in his handkerchief and went to the office of Dr. J. D. Chambers, where the injury was dressed. It was decided to try and save the thumb and the mangled end was stitched on and the hand put in a splint. Mr. Saunders displayed much nerve during the operation, which he underwent without the use of anaesthetics.

BIG FIRE IN HARTFORD, CONN.

Hartford, Conn., July 3.—Three alarms of fire between 2 and 3 o'clock this morning called out the entire department to fight a blaze in the big plant of the Cape Well Horse Nail company. Fanned by a brisk wind the fire spread with such rapidity that when the general alarm was sounded, the blaze seemed beyond the control of the firemen and threatened to sweep many buildings in that part of the city. A dwelling house owned by David Tillon, across the street from the factory, caught fire and was partly burned, but the blaze was checked at that point. The entire plant of the Cape Well Co. was destroyed. The estimated property loss is between $300,000 and $400,000. The insurance will nearly cover the loss.

CARS WILL RUN LATER.

On account of holiday the Fort Wayne and Southwestern company announces that its cars will run one hour later than ordinarily in the evening. The last car will leave this city at 11 o'clock.

Mr. and Mrs. M. J. Flicker and son, of Bellevue, Ohio, are here visiting Mrs. Flicker's brother, W. T. Warcup, and family.

GOT TO GO.

Men of Family Must Work Sick or Well.

Good food and the right kind will carry a man through almost anything. Commenting on the power of Grape-Nuts, an Oakland wife writes of the experience of her husband.

"Two years ago my husband had the pneumonia, which left him in a sad condition, unable to work for several months. The doctor said he would have to be very careful or it would turn into consumption.

"We have a large family and he must work sick or well. Hearing that Grape-Nuts was the strongest nourishing food we could find he began on the food with one egg, which would be all he would eat for breakfast.

"He left home at 4:30 every morning seven days in the week, and after two years' continued use of the food he is a well man. Even the cough has left him that troubled him so long after his sickness.

"Our youngest child, a boy of four and a half, was a very delicate baby. As soon as he could eat anything we started him on Grape-Nuts and he has grown to be a large child, taking a suit for a boy six years old. He is a very bright, strong, intelligent boy." Name given by Postum Co., Battle Creek, Mich.

Ask the cook to show you the recipe book in the package of Grape-Nuts.

A FIRE AT TOWNLEY.

The residence of John Bates in Townley, a village in the eastern part of the county, was entirely destroyed by fire last night. The village has no fire protection, and neighbors formed a bucket brigade but could not put out the fire. They prevented a spread of the flames to other buildings, however.

NO FALSE CLAIMS.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced stages, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

No lady can do without powder, but buy the best. It is Satin-Skin Powder. Flesh, white or brunet tints. 25c. At Rurode's. d

J. T. Wagner, Real Estate and Loan, 20 Court street; open evenings from 7 to 8 o'clock. 1-11 tf

"Put Your Faith in Enk's"

A TRUE AND CERTAIN CURE FOR

Tuberculosis

(CONSUMPTION)

The ENK MEDICINE CO. announces the discovery of a sure and certain cure for that much feared disease, Tuberculosis. The announcement is made with a full appreciation of how it is likely to be received by the public. Our discovery has been divided upon the question whether such an announcement might not discredit the entire list of Enk Preparations in the minds of the general public. But the astounding record made by this marvelous remedy has finally overbalanced every other consideration. The remedy has

Never Failed to Cure

after fair trial in many cases. We have cured cases where the patients have been confined to their beds for from four to five months and were apparently in the last stages of the disease. All made complete recoveries and are in good health today. We have had no deaths.

THE COMPLETE CURE CONSISTS OF THREE VIALS, viz:

VIAL "D"—For Hectic Fever, to be used only until pulse and temperature are normal.

VIAL "E"—For debility, night sweats, and the removal of already present tuberculous matters from the system.

VIAL "F"—For preventing the metamorphosis of tissue constituting tuberculosis.

With the first few doses of Vial "F" the formation of tubercles positively ceases and all progress of the disease is stopped. This will have ascertained by repeated experiment. The process is simple: we supply a certain element which is lacking in all systems where tubercles form and supply it in a form that the system cannot reject or cast out. All food contains this element, but the consumptive does not assimilate it. We reason the way and remove lost function.

This remedy cures "white swelling" just as readily, or any form of Tuberculosis. The effect is immediate.

THE PRICE OF EACH VIAL IS $1.00

The relative amounts used in a number of cases varies considerably. For instance, we had one case of a bed-ridden consumptive who only used the first remedy three days. He made a beautiful recovery, sitting up a little in three days, had his clothing on in a week and drove to the station 10 town in three weeks. He is doing farm work today.

Sold by druggists or sent direct by mail.

ENK MEDICINE CO., Union City, Ind.

Robison Park Theater—Vaudeville.

Young America is looking at the Fourth of July today from quite a different point of view from that he will occupy day after tomorrow.

If this spell of wet weather lasts much longer it will be ruination to crops, but it will save Fort Wayne from a water famine until that new pump arrives—maybe.

The state convention of the democracy of Georgia adopted a platform that deals almost exclusively with state issues. The Kansas City platform was ignored and Mr. Bryan's name was not mentioned. When this can happen in Georgia it hardly appears there is much occasion to explain similar action by conventions in northern states.

The Indiana war claim has been allowed and warrant drawn for the payment of it, but Mitchener and Dudley, former politicians in this state and now practicing law in Washington, demand 10 per cent. of the total as a fee for getting the law through. This will amount to $65,000 and will make a considerable cut in the hunk of money the state is to receive if the claim of these lawyers is allowed. They threaten to delay payment unless their fee is paid.

The hardest slap yet given the beet sugar contingent in the late session of congress was administered by the state convention of Minnesota republicans. Reciprocity with Cuba was endorsed and the president's course in relation thereto was heartily approved. When it is remembered that Representative Tawney, who was leader of the "insurgents" in the house, and Senator Nelson, who was one of the most bitter of the foes of reciprocity in the senate, are from Minnesota, the significance of the convention's utterances on the Cuban issue is better understood.

Upon cool reflection Senator Bailey reaches the conclusion he did not do enough to Senator Beveridge while at the job and he wants another "go" with the Indiana statesman. The Texan would do better to subside. The only argument in which he is likely to have the best of the matter is that of muscle and pugnacity. Moreover, Judge Penfield, solicitor for the state department, whose defense by Beveridge, caused the Texan to assault the Indianian, is out with a statement of the case that gives Bailey much better pretext to roll up his sleeves and breathe fire than Beveridge did. And Judge Penfield will "scrap," as those who remember him as practitioner in the northern Indiana courts will readily recall.

Announcement of the death at Centerville of Judge William A Peelle will recall to many of the older generation the name of a historic figure in Indiana who had been almost forgotten. Judge Peelle forty years ago was one of the best known men in the state. He was secretary of state and the close friend and advisor of Governor Oliver P. Morton. He afterwards was in the legislature and later was elected judge in the Wayne county circuit, serving in that capacity until age compelled him to retire. He died in the historic Morton mansion, which he purchased while yet a resident of Richmond with the resolve that when his days were brought to a close it should be under that ancient roof. Judge Peelle was a man of fine attainments and lofty character and during the civil war was a power in the state for the upholding of the union cause.

WOMAN DRAGGED TO DEATH.

Van Wert, Ohio, July 3.—Mrs. J. W. Latchford, wife of the vice-president of the Royal Packing company of Chicago, was found dead yesterday afternoon three miles from town with her body entangled in the lines of a horse and carriage which she hired for a drive. It is not known just what caused the accident, but it is supposed that the horse started to run away and to save herself Mrs. Latchford tried to jump from the carriage, miles from town with her body entangled in the lines and was dragged to her death. Mrs. Latchford was visiting friends in this place. Before her marriage Mrs. Latchford was connected with the Chicago Record as a reporter.

DIED AFTER LONG ILLNESS.

Mrs. Fred Goshorn, Mrs. Maggie Thomas, of Spy Run avenue, and Mrs. Henry Hunsche, of Elizabeth street, were called to Mount Victory, Ohio, last week by the serious illness of Mrs. Mary C. Sullivan. Mrs. Sullivan died Monday at the age of sixty-one years, after an extended illness, in the course of which she underwent a surgical operation at St. Joseph's hospital in this city in the hope of restoring her to health. Mrs. Sullivan was a most estimable woman, and the surviving relatives include the husband, two sons, a daughter, five sisters, two brothers and her aged father.

AFTER A SWINDLER.

Calvin Hosler, of the local agency of the Union Pacific Tea company, was at Huntington yesterday on the trail of a fellow who has been duping the people of that city. He purchased inferior tea and coffee of Huntington merchants, packed the stuff in bags formerly used by the Union Pacific company and sold it to the people as high-grade goods. It is said his arrest may follow.

TWO BOTTLES CURED HIM.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by Dreier & Bro. and Pellens & Polster.

AN ELOPING COUPLE CAUGHT

GRAVE CHARGES AGAINST MRS. AUSTIN O'MALLEY.

Wife of Notre Dame Professor Held on Charge of Stealing Her Sister-in-Law's Gems.

Philadelphia, Pa., July 3.—Accused of theft, Mrs. Aileen O'Malley, wife of Prof. Austin O'Malley, an instructor in the University of Notre Dame, at South Bend, Ind., is a prisoner in the city hall. In another cell is William Hering, son of a New York stock broker, who is accused of complicity in the robbery and of trying to elope with Mrs. O'Malley. Prof. O'Malley is ill in St. Agnes' hospital, suffering from arsenical poisoning, said to have been contracted by eating canned goods at his home in South Bend.

Mrs. O'Malley is the daughter of a New York stock broker named Ellis, who is the business partner of Hering's father. The accused couple were arraigned in the Central station yesterday afternoon and held in $1,200 bail for a further hearing on July 10.

Mrs. O'Malley is twenty-four years of age, a brunette of striking appearance. Hering has lived with his parents in a fashionable section of New York at 14 Morningside Heights. He is twenty years old and is a youth of education and distinguished bearing.

ARRESTED AT STATION.

He was arrested while waiting for Mrs. O'Malley in Broad street station. Mrs. O'Malley was taken into custody as she was leaving the house of her brother-in-law, Dr. Joseph O'Malley, 2228 South Broad street.

When Mrs. O'Malley was searched several pieces of jewelry, alleged to be the property of Dr. O'Malley and his wife, but part of which is claimed as Mrs. Aileen O'Malley's personal belongings, were found. Several pawn tickets which she snatched from her corsage, tore to pieces and flung out of a window, were pasted together and found to represent pledges for two articles of jewelry pawned for $150.

Lieutenant Tomlinson says the woman prisoner acknowledged that on June 22 she took a diamond sunburst and a pin with a diamond center belonging to Mrs. O'Malley, her sister-in-law, and a gold pencil, the property of Dr. O'Malley, at whose home she was staying since she came here with her husband.

KNOWN AT SOUTH BEND.

South Bend, Ind., July 3.—Prof. and Mrs. Austin O'Malley are well known in this city, where they have made their home since their marriage in New York March 10 last. Mrs. O'Malley is a graduate of St. Mary's academy and was one of the leaders of her class at that institution. It was while attending school here that she met Prof. O'Malley, who is instructor in English literature at Notre Dame.

Prof. O'Malley is a native of Philadelphia. He was graduated from St. John's college at Fordham, N. Y., and later took a course in medicine at Jefferson college, Philadelphia. He holds degrees of master of arts and doctor of philosophy conferred by Georgetown university, of doctor of medicine conferred by the University of Berlin and doctor of laws conferred by Notre Dame.

After the honeymoon he and his wife settled here, but recently they went to Philadelphia because of the illness of the professor and his desire to be treated there by his brother. Prof. O'Malley contracted ptomaine poisoning from eating deviled ham and this ailment was followed by paralysis.

CADETS ARE RUSTICATED.

London, July 3.—Twenty-nine "rusticated" cadets of the Royal Military academy, Sandhurst, left that institution this morning, protesting that they had not been connected with the recent incendiary fires started at the college.

HAD AMERICANS ABOARD.

Berlin, July 3.—Emperor William's guests on the Meteor during the return race from Eckernfoerde to this port included P. A. B. Widener, Allison Armour, Clement A. Griscom and C. L. F. Robinson, rear commodore of the New York Yacht club, the grand duke of Saxony and Admiral Prince Henry of Prussia. Though the Meteor finished first, the emperor's yacht Idema, won the first prize on time allowance. The Meteor was second. The British schooner Cicely gave up the race.

PICKED UP EXPLORER.

San Francisco, July 3.—News brought by the steamer St. Paul from the Arctic says the English explorer, Harry De Windt, and his party were picked up on the Siberian coast, probably at Indian Point, by the United States revenue cutter Thetis, under the command of Captain Healey, about the middle of June. De Windt is attempting to go from Paris to New York via the eastern route and if he reaches Nome he will be sure to succeed.

HAD A NOTION TO SUICIDE

WOMAN ATTRACTS ATTENTION NEAR RIVER BANK

Would Have Ended Her Troubles, But Bystanders Kept Watch and She Gave It Up.

A slight flurry of excitement was caused about the foot of Harrison street late Wednesday afternoon by the appearance of a woman who sought the river bank with the evident intention of ending her existence, but people in the vicinity kept her under such close surveillance that the woman dismissed sucidal intentions for the time being at least.

She was rather prepossessing, of dark complexion and apparently about 24 years of age, and was noticed by several persons as she came down Columbia street, turned north on Harrison and walked toward the river bank. Her actions aroused the suspicions of several people in the vicinity, and when the woman discovered she was watched she made several efforts to avoid observations.

Those who saw her believed she contemplated suicide, and Theodore Schwier, employed as a bookeeper at the Baltes lime establishment, together with several other gentlemen, approached the point where she had seated herself upon the river bank. The woman was not inclined to communicate and said she wanted to be let alone, though she admitted having a notion to jump in the river and end her troubles. A close watch was kept to prevent her carrying her notion into execution, and after a time she arose and started eastward. No one has been able to learn her name.

RECIPROCITY CONFERENCE.

Washington, July 3.—Chairman Payne, of the house committee on ways and means, today conferred with President Roosevelt in regard to Cuban reciprocity. Upon leaving the executive quarters Mr. Payne, in response to questions on the subject, said he was satisfied that reciprocity with Cuba would be effected at the next session of congress with almost unanimous vote in both houses. The method by which this will be attained, he said, will be by treaty. Under ordinary conditions, he said, a treaty is ratified by the senate only, but in matters of this kind, involving questions of revenue, under the Dinglew law, the house, under the constitution, has equal jurisdiction with the senate. The conference of Mr. Payne with the president and his subsequent utterances effectually puts an end to extra session talk.

AS TO IRISH-AMERICANS.

London, July 3.—The war secretary, Mr. Brodrick, informed Jasper Tully (nationalist) in the house of commons today that he was not aware that a number of Irish-Americans were made prisoners of war, but that if such was the case their release will proceed on the same lines as other prisoners similarly situated.

WHEN OTHER MEDICINES HAVE FAILED

Take Foley's Kidney Cure. It has cured when everything else has disappointed. Sold by Dreier & Bro. and Pellens & Polster.

Roman riding and chariot races at Centlivre park by Prof. Jackson, July 4.

MOTORMAN WAS ACQUITTED

HE RUN HIS CAR THROUGH A FUNERAL CORTEGE.

No Proof of Intention to Violate the Ordinances—The News of the Police.

Hallo Meyers, a motorman for the Fort Wayne Traction company, was arrested on a charge of having run his car through a funeral procession yesterday afternoon. The case was tried at police court this morning under the ordinance and the defendant was acquitted, the judge saying that he did not believe that there was any intent to violate the ordinance and that it was violated ignorantly and unintentionally. The breach occurred at the corner of Berry and Calhoun streets yesterday afternoon and it was shown that the procession consisted of only a very few carriages and that the vicinity of the corner was crowded with various kinds of vehicles at the time and that the procession was scarcely distinguishable from the general traffic vehicles. The conductor testified that he saw the procession and signaled the motorman with two rings of the bell to stop. The motorman said that in the first place, being a new man on the line, he was not aware of the existence of the ordinance and that on hearing the bell he thought it to be a signal to stop on the far side of the crossing, which stop he made. The explanation was satisfactory to the judge and the case was dismissed.

WIFE DESERTER FINED.

Henry Smead was arraigned for wife desertion. He pleaded guilty and was fined $10 and costs and in default was committed to jail. Smead left his wife several months ago and has since been out of town. He returned several days ago and his wife hearing of his return filed an affidavit against him yesterday. The arrest was made last evening and the sequel came this morning.

George Wilson pleaded guilty to a plain charge of public intoxication and was fined $1 and costs. George has been in hock before, but the judge evidently did not recognize him and allowed him to get away with a cheap sentence. He went to jail.

SOLDIER WAS LET GO.

Edward Jones was slated for intoxication, but failed to show up when the case was called. He was released on the order of Superintendent Gorsline last evening and this morning the superintendent explained to the court that he was willing to pay any fine that might be assessed against the man. Jones is a member of the "Fighting Ninth" that passed through the city night before last and was left when the train pulled out. He met convivial friends and got overloaded and was run in. When he had sobered up he explained the circumstances to the superintendent, who told him to go and that he would be responsible for the consequences. Superintendent Gorsline served in the regular army for fourteen years and naturally has a warm spot for any of the guild and when he found an opportunity to do a fellow soldier, even though a stranger, a service he did not hesitate to take the responsibility, whatever it might have happened to be. The case was called and indefinitely postponed.

POLICE NOTES.

Any person finding himself short a cow today can probably find the animal at the corner of Main and VanBuren streets, where one was picked up and housed last night.

An Adolt township farmer who requested that his name be not mentioned found a pocketbook yesterday and returned it to the police station. It contains a small amount of money and some papers.

Joseph Weaver, of 519 East Creighton avenue, complained that a stray dog bit his child yesterday. He wants the police to hunt up the dog and kill it. It's a pretty big job, but the department will undertake to handle it even if the coppers' excursion must be postponed a week.

Mrs. Hazelwood, boarding at the Aveline house, reports that she lost her watch near the Lake Erie depot yesterday. She will pay more than the watch is worth to have it returned to her.

John King, a commission peddler, living at 1902 Thomas street, reports that he lost a roll containing $22 in an alley in the south part of town yesterday. He does not state whether there is a faro bank in the alley or not. Mr. King is in the employ of Louis Schatzer, the commission man, and Mr. Schatzer is famous for hard luck. Sometimes his agents run away with all the proceeds, sometimes they get robbed, sometimes they lose their roll and sometimes they report and settle all right. Mr. King, Mr. Schatzer and the police are looking for the missing twenty-two.

There will be another meeting of the policemen's excursion committee shortly to pass on the case of Officer Collins. Mr. Collins persists in trying to run in a few commercial enterprises in connection with the excursion, which project his fellow officers oppose. Collins' hobby is to make a feather-renovating chair, order house one of the features and asks the committee to stand for a hand-organ attachment to draw trade. Mr. Collins has many warm supporters and the discussion is likely to create a split in the committee and maybe the excursion will have to be abandoned altogether.

ANOTHER LINE IS PROJECTED

FORT WAYNE-DAYTON MAGNATES KEEP BUSY.

Dr. George Incorporates Company to Build Between Warsaw and South Bend.

Dr. S. F. George, president of the Fort Wayne, Dayton and Cincinnati electric line, who was in the city a few days ago on business connected with that enterprise, is now taking up a project to construct an electric line connecting Winona, Warsaw, Nappanee, Elkhart and South Bend.

The new company is the Winona, Warsaw, Elkhart and South Bend Traction company, with a capital stock of $400,000, and articles of incorporation were filed at Indianapolis Thursday. Dr. S. F. George, of Dayton, is temporary president; C. W. Gebhart, of Dayton, who is secretary of the Fort Wayne company, is treasurer of the new organization, and the other incorporators are Troy, Ohio, people.

The plan of the new company is said to first contemplate the opening of a line from Elkhart to Nappanee and later the extension of the road to Warsaw and Winona.

ACTS IMMEDIATELY.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. Meyer Bros. & Co.

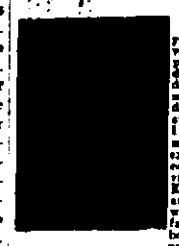
Surprised at the Quick Results



Mrs. E. Firefla.

When I was sick 3 years ago, with severe prostration, palpitation of the heart, dizziness and general debility, I tried many medicines and several doctors, but grew steadily worse until I was unable to leave my bed, and no one expected ever to rise. However, Beata friend advised me to try Pastor Koenig's Nerve Tonic and as a last resource, without any hope or faith in it, I tried a bottle and was surprised at its quick results. After using only 2 bottles I was completely cured.

Mrs. E. Firefla.

The daughter of Mrs. J. Schon, of Exira, Iowa, has suffered with epilepsy. She used Pastor Koenig's Nerve Tonic, and has not had an attack in three years.

J. J. Cortes from Newark, N. J., says in a letter dated Jan 12, '98: I believe, that Pastor Koenig's Nerve Tonic did the most good of any medicine I took.

FREE—A Valuable Book on Nervous Diseases sent free to any address, and your patients can also obtain this medicine free of charge.

This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., since 1876, and is now prepared under his direction by the

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

Sold by druggists for $1 a bottle.

Pharmacists, 828 Calhoun St.

SILENCE!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of *free* consultation by letter. All correspondence is held as strictly private and sacredly confidential. Address Doctor R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"Having used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' during the past year," writes Mrs. Mattie Long, of Pikes Valley, Perry Co., Pa., "I can truthfully recommend these medicines for all female weaknesses. I have used several bottles of 'Favorite Prescription,' which I consider a great blessing to weak women. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce."

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

KING DOING WELL

BULLETINS SHOW HIM ABOUT OUT OF DANGER.

IMPROVEMENT IS MAINTAINED

WOUND GIVES LITTLE PAIN TO ROYAL PATIENT.

THE MEDICAL OPINIONS

PROFESSIONAL JOURNALS ON THE KING'S CONDITION.

London, July 3.—The following bulletin was posted at Buckingham palace at 7 p. m.:

"His majesty had a comfortable day. His general condition is still further improved and the wound now causes him comparatively little pain.

(Signed.)

"Treves,
"Laking,
"Barlow."

London, July 3.—The following bulletin was issued regarding King Edward's condition at 10 o'clock this morning from Buckingham palace:

"The king has slept well and nothing has occurred to mar the excellent progress his majesty is now making.

"Treves,
"Laking,
"Barlow."

Discussing the king's uninterrupted progress, the Lancet says:

"It has been necessary to remove the drainage tubes, as they could not be tolerated, and gauze plugs are now used instead. The wound is granulating satisfactorily, the discharge has diminished and is perfectly inodorous. His majesty's temperature has been normal since June 26. His constitutional condition is admirable."

The British Medical Journal, in expressing a similarly satisfactory view of the king's condition, says:

"At no time has it been necessary since the operation to use sedatives to induce the king to sleep. To medical men who have read the daily bulletins it has been obvious that the statements therein were entirely frank. There was great anxiety at first. Sir Frederick Treves did not go to bed for seven nights. But the load of anxiety is now lightened, if it has not entirely disappeared. The rumors regarding the king's general health are altogether unfounded and confidence is now felt that, thanks in an unusual degree to his sound constitution, the king will make recovery."

ABOUT THE COURT HOUSE.

The board of tax review is a pretty busy body right now and expects to adjourn on Saturday of this week. Today the several national banks, the trust companies and the building and loan associations are on the carpet. Since yesterday's publication the following increases have been made: Louis Currier, increased from $50 to $1,250; Henry Rothschild, increased from $1,150 to $6,050; Benjamin Rothschild, increased from $380 to $860; Edward Seidel, increased from $365 to $12,000; Hoffman Bros., increased from $53,800 to $60,000; the Archer Printing company, increased from $5,000 to $12,950. In the matter of Henry Rothschild, the assessment will probably be reviewed on account of additional information having been received. The Seidel increase will probably be carried up to the state board of equalization.

The superior court took a recess at shortly before noon today. Before recess the jury in the case of Hively vs. the City Trucking company returned a verdict finding for the plaintiff in the sum of $200. The jury went out shortly before noon yesterday and agreed about midnight. No motion for a new trial was made after the verdict was returned.

Deputy Sheriff Reichelderfer and G. W. McKee, guardian, returned to the city last night, having in custody Henry Winters, of Jefferson township, presumed to be insane. Winters is now in jail and an inquest of lunacy is being arranged for.

In the Weber divorce case a decree was granted the plaintiff by Judge Aiken just before adjournment of court today.

John Aiken has commenced suit against Mary B. Schwelters et al. to quiet title.

DEATH TO HUMAN SKYROCKET.

Louisville, Ky., July 3.—In the presence of 5,000 spectators witnessing an open air performance of the "Last Days of Pompeii" on the common opposite Churchill Downs last night James Dull, known as the "human bomb," received injuries which will probably result in his death. It is Dull's part of the performance to be hurled high into the air by a bomb, which explodes, releasing a parachute by means of which the performer returns to earth. Last night the bomb was shot into the air as usual, but when it reached its greatest height it failed to explode and started to the earth with the victim unable to release himself. As the missile was within 100 feet of the ground it suddenly exploded, and to the horror of the spectators, Dull was dashed to the earth and the performance brought to a close. When the victim was picked up it was found that his back was broken. He was taken to the city hospital.

WILL WED THIS EVENING.

Julian E. Barrand and Miss Mercie E. Budd, well known people residing near Wallen, will be united in marriage this evening at the home of Mr. and Mrs. Joseph E. Sunderland, in Washington township. Rev. C. E. White, of Trinity M. E. church in this city, will officiate. Mr. Barrand's friends in the ranks of bachelordom will be considerably surprised to learn that he is to become a benedict, but they will heartily wish him and his charming bride the largest measure of happiness and prosperity.

USE OF FIREARMS BARRED

MAYOR BERGHOFF'S ORDERS TO POLICE.

Persons Using Guns, Revolvers or Cannons to Celebrate Fourth Will Be Arrested.

This morning Mayor Berghoff issued orders to the police to prevent the use of revolvers and guns and similar firearms for celebrating the glorious Fourth and anyone violating the ukase will be arrested.

Every Fourth of July claims victims of misplaced confidence in the above mentioned firearms and there is danger not only to the person who chooses this method of celebrating, but also to persons who happen to be in the vicinity. On many occasions in this city people have been more or less seriously injured through the practice of many young men who walk along the street and empty a revolver without taking the trouble to notice in which direction the weapon may be pointing.

Firecrackers, sky rockets, pinwheels, volcanoes, etc., etc., ad infinitum may be used with discretion, however, without danger of interference on the part of the blue-coated guardians of the peace, and there is every reason to believe that the rising generation will make the most of the one day in the 365 on which they can make all the noise they want to without hindrance.

WAS WIDOW OF RABBI RUBIN

MRS. ELIZA RUBIN SUCCUMBS TO PARALYSIS.

Esteemed Jewish Woman Had Reached an Advanced Age—Other Mortuary Matters.

Mrs. Eliza Rubin, nearly seventy-eight years of age, died at 1:15 o'clock this morning at the home of her daughter, Mrs. A. E. Bruebach, 415 East Washington street. Death was due to paralysis, with which the aged woman was first stricken on February 24. There was considerable improvement in her condition until three weeks ago, when a second stroke came, followed on Friday by the third attack, which terminated in her death this morning.

Mrs. Rubin was the widow of the late Rabbi Edward Rubin, and had been a resident of Fort Wayne many years. She was a native of France and the family came from Newark, N. J., to Fort Wayne in 1862. For nineteen years, and until his death in 1881, her husband was rabbi of the Jewish congregation in this city, and it was under his administration that the present Jewish temple was erected. Mrs. Rubin was widely known, particularly among the Jewish people, and her long and active life was characterized by lofty womanhood, kindly acts and charitable deeds that made every acquaintance a friend.

Surviving are two sons, Harry and Joseph Rubin, of Payne, Ohio, and the daughter, Mrs. A. E. Bruebach, of this city. The funeral services will be held from the residence Sunday morning at 9 o'clock. Rabbi Cohn will officiate and friends are requested to omit flowers. The interment will occur at Lindenwood beside the remains of her husband. The latter service will be private.

FUNERAL ANNOUNCEMENTS.

Gerberding.—Funeral services of August Gerberding will be held Sunday afternoon at 2 o'clock from the residence, 1031 Erie street, and at 2:30 from St. Paul's Lutheran church.

Good race program Centlivre park July 4.

IN NORTHERN INDIANA.

David Jones, 63 years of age, died at Ligonier from appendicitis.

Willie Davis, 12 years old, is missing from his home at Columbia City.

Steuben county old settlers will hold their meeting Thursday, August 21st.

F. DeLa Claire, of Goshen, broke his leg in two places in a fall from his bicycle.

Jacob Martin, a prominent Huntington citizen, died Wednesday afternoon at the age of 49 years.

Burt Knapp, the Ligonier jockey, is now the leading jockey in Russia, where he is riding for a nobleman.

Decatur has granted a franchise to the Fort Wayne, Dayton and Cincinnati Traction company to operate its interurban cars through the Adams county capital.

Ida Lune, a 17-year-old girl at Elkhart, was taken ill with mumps. Relatives refused to admit her to their home for treatment and she was sent to the county infirmary.

Russell Guipe, of Elkhart, has been held to the grand jury on a charge of housebreaking. He tried to establish an alibi, but eight witnesses testified to having seen him leave the house which was robbed.

A finger ring worn by Bonnie Lane, of Columbia City, caught upon a nail as the little fellow jumped from a farmer's wagon. The boy was dragged a considerable distance by the finger and painfully injured.

An Auburn man kept track of the rainfall there for forty-eight hours, from 7 a. m. Friday until 7 a. m. Sunday, and found it to be four inches. He figures that this would amount to 3,448 barrels per acre.

Rev. Father Henry Meismer, the well known Catholic priest who died at Peru Thursday, was for a short time assistant pastor to Rev. Father Duehmig, at Avilla, soon after his ordination in 1868. He was sent to Peru in 1875.

From Monday, October 12, until Thursday, October 6, the state synod of the Presbyterian church will be held at Goshen. On that occasion Rev. Vannuys, of Goshen, will deliver his fiftieth anniversary sermon. Rev. Vannuys has never had any other charge and the church has never had any other pastor. He came to Goshen October 1, 1852, after stopping in Elkhart a few weeks delivering sermons. His record is probably the longest of any minister in the country.

Seven business houses at Shipshewana, Lagrange county, were burned at an early hour Wednesday morning, entailing a loss of $40,000, with but $8,000 insurance. Those affected by the fire are Truesdale Bros., dry goods; Smith Bros., hardware; Shipshewana Tribune; A. B. Robinson, barber shop; James Bender, saloon; W. L. Reifsnider, harness, and Miss Nusbaum, millinery. Fire originated in the dry goods store and communicated to a stock of fireworks in the window, the explosion of which aroused citizens.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Meyer Bros. & Co.

The Columbia, which sailed from Boston in September, 1787, was the first ship that carried the Stars and Stripes completely round the world.

DON'T FAIL TO TRY THIS.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Dreier & Bro. Only 50 cents.

London is considered a crowded city, yet 9.4 per cent of its inhabitants occupy one-room tenements, whereas in Bombay it is 30 per cent.

Sound kidneys are safeguards of life. Make the kidneys healthy with Foley's Kidney Cure. Sold by Dreier & Bro. and Pellens & Polster.

NEW ERA IN CHEMISTRY.

An American Company Succeeds In Putting the Best Elements of The German "Traubenkur" or Grape Cure in Cheap, Convenient Form for General Use.

Good News for Sufferers From Dyspepsia, Constipation, Liver Troubles or Nervous Exhaustion.

It is estimated that five million dollars were spent last year by Americans in visiting the world-famed Traubenkur or Grape Cures of the Rivers Rhine and Neckar in Germany. Their startling cures of Stomach and Liver Troubles and General Exhaustion have stirred the medical world, and forced physicians to recommend them and admit their wonderful work.

Recognizing the Grape Cure as the most potent factor in modern medicine, the Lightning Medicine Co., of Rock Island, after years of scientific experiment, perfected

MULL'S GRAPE TONIC

an invigorating rebuilder, the basis of which is the juice of the grape, combined with herbs and fruits. It is nature's own tonic and builder. It combines all the best elements of the Traubenkur and is now placed on general sale in drug stores at the nominal price of 50 cents a bottle. It places within reach of all the benefits of the marvelous Traubenkur.

It means more to the sufferers from these diseases than any departure in medicine of the age. You can be convinced at once, because the first dose benefits.

We not only recommend Mull's Grape Tonic, but our faith in it is so unlimited that we will in all cases refund the money in full to all purchasers who are not benefited by its use.

NOTE—If used with a little chopped ice in hot weather it will be found a delicious drink.

"For Sale by Ranke & Nussbaum, Druggists."

If purchaser mentions The Sentinel they will receive a beautiful souvenir free

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

Dr. Miles' **Nervine**

Saved me from the insane asylum," Mrs. A. M. Heifner, of Jerico Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep or rest, would even forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

Sold by all Druggists on Guarantee.

BASE BALL.

The National league clubs started in yesterday to again show how the game should be played and the three games were marked by clean scores and apparent good playing. Recently the box scores of National league games were very ragged looking affairs. The aggregate attendance was 6,700. In the American league 12,495 people witnessed the game in four cities. At St. Louis a double header was played and the home team won both games which were full of brilliant plays. Other games in the league were interesting enough but presented no unusual features. In the American association at Indianapolis and Toledo double headers were played, the clubs breaking even. Louisville seems to be after the pennant and after it right, a gratifying part of the game there being that the club is being magnificently patronized. The first official case of sun stroke this season was reported from Louisville yesterday when pitcher Elliott was overcome by the heat in the fourth inning and remained unconscious until 6 o'clock. His condition, however, is no longer considered serious. The total attendance at the four cities was 8,327. No games are scheduled in the American association today, the western clubs going west to play each other and the eastern clubs staying east to divide the Fourth of July games tomorrow when two games will be played at each of the cities. The results of yesterday's games are appended:

SAVES A WOMAN'S LIFE.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by Dreier & Bro. Price 50c and $1.00. Trial bottles free.

Exhibition at the south end of market space tomorrow night. Come everybody.

THE MARKETS.

Chicago, July 3.—The grain markets opened weak today because the weather map appeared less drizzly to traders and for minor reasons. September wheat started with sales from 73⅛c to 73¼c, this being ⅜@½c to ⅝@¾c under yesterday's close. Feeling was bearish in the majority of cases and heavy sales were made. The price, however, did not decline further during the first hour. July was handled in smaller quantities. The market for this delivery opened ⅝c to ¾c lower at 75¼c to 75½c. A recovery to 76c followed. In this pit, as in the others, much of the trade was for the purpose of playing even over the holidays—July 4, 5, 6. Local receipts were 46 cars, 4 of contract grade. Minneapolis and Duluth reported 320 cars, making a total for the three points of 366 cars against 363 last week.

Liquidation later carried September to 73⅛c. The close was steady, ⅜c down, at 73¼@73½c.

The increased confidence in the intentions of Jupiter Pluvius resulted in liberal sales of corn, September opening ⅜c to 1c down at 62⅜c to 61¾c. There was sufficient support, however, to cause a reaction to 62½c, but not until considerable quantities of long stuff had been unloaded. July was neglected for the most part. The opening was 1¾c loss at 74c, a recovery to 74⅜c following. Receipts were 103 cars.

Corn closed weak, September 1⅞c lower, at 61¾c. July closed 1¾c higher at 77c.

Oats were weak on the weather and in sympathy with other grains. September opened ⅜c to ½c lower at 34⅞c to 34¾c and sold back during the first hour to 34½c. Receipts were 115 cars.

Provisions were dull but steady, prices undergoing no material change during the forenoon. September pork opened 2½c down at $18.55; September lard a shade down at $10.67½ to $10.70, and September ribs 2½c lower at $10.65.

THE CLOSE.

Prices at the close were as follows:

Wheat—July, 75@75⅛c; Sept., 73¼@73⅜c; Dec., 74⅛c; May, 76¾@76⅞c.

Corn—July, 77c; Sept., 61⅜c; Dec., 47¾c; May, 45c.

Oats—July, 42½c; new, 47½c; Sept., 30⅞c; new, 34½c; Dec., new, 34c.

Pork—July, $18.55; Sept., $18.67½; Jan., $16.77½.

Lard—July, $10.75; Sept., $10.75; Oct., $10.70; Dec., $9.70; Jan., $9.40@9.42½; May, $9.35.

Ribs — July, $10.72½; Sept., $10.72½; Jan., $8.65.

Flax—Cash N. W., $1.73; S. W., $1.54; Sept., $1.40@1.42½; Oct., $1.36@1.36½.

Rye—July, 57¾c; Sept., 55¾c.

Barley—Cash, 67@71c.

Timothy—Sept., $4.72.

Clover—Cash, $8.35.

CHICAGO LIVE STOCK.

Chicago, July 3.—Cattle—Receipts, 5,500, including 2,000 Texans; market weak. Good to prime steers, $7.75@7.80; poor to medium, $4.75@7.40; stockers and feeders, $2.50@5.35; cows, $1.50@6.00; heifers, $2.50@6.50; canners, $1.50@2.50; bulls, $2.50@5.75; calves, $4.00@7.00.

Hogs—Receipts today, 22,000; tomorrow, 10,000; left over, 9,000; market lower. Mixed and butchers, $7.20@7.85; good to choice heavy, $7.70@7.97½; rough heavy, $7.30@7.70; light, $7.00@7.55; bulk of sales, $7.25@7.70.

Sheep—Receipts, 7,000; sheep steady; lambs strong. Good to choice wethers, $3.75@4.00; fair to choice mixed, $3.00@3.75.

BUTTER, CHEESE AND EGGS.

Chicago, July 3.—Butter—Market steady; creameries, 19@21c; dairies, 18@19½c.

Cheese—Market steady; young Americas, 10½@10¾c; daisies, 10¾@11c; twins, 10c.

Eggs—Market strong.

THE DAY ON WALL STREET.

New York, July 3.—Louisville was carried up 2 points in the opening dealings, Northwestern rose a point and Pressed Steel Car a sharp fraction. The soft coal carriers were firm. Otherwise prices were inclined to yield. Sugar lost over a point, but immediately recovered about a half. Dealings were on a very small scale and the changes were insignificant.

Traders realized in Louisville and Nashville, causing a relapse of a point. Elsewhere the tendency was slightly upward. There was a rise of 1¼ in Illinois Central and fractional improvements in St. Paul, Missouri Pacific and Reading. Rubber preferred advanced a point while Northwestern preferred sold 3¼ below and Denver and Southwestern 9 points above their previous sales. Some of the grangers and southwesterns ruled above yesterday's close, but there was some irregularity in that division. Ice preferred declined 1 point.

The market maintained a fairly steady tone throughout the second hour, fluctuations in the active stocks rarely exceeding ⅛ per cent. Louisville and Nashville worked lower and about wiped out its opening rise of 2 points, but other prominent stocks were unchanged to slightly better, notably Baltimore and Ohio. Consolidated Gas advanced 1¼, Rutland preferred 2, New York Airbrake and Northwest 3¼ and the preferred recovered fully. Denver and Southwestern preferred fell 9 points.

Bonds were irregular.

"I make it a point never to talk more than ten minutes with any one person."

"So as not to tell all you know, I suppose."

NEW YORK PRODUCE MARKET.

New York, July 3.—Butter—Receipts, 10,703 pkgs; market active and firm. State dairy, 18@20½c; state creamery, 18½@21¼c; renovated, 17@19½c; factory, 16@18¼c; imitation factory, 17@19c.

Cheese—Receipts, 6,014 pkgs; market steady. New, state full cream, small, colored, fancy, 10@10⅞c; small, white, 10@10¼c; large, colored, 9¾@9¾c; large, white, 9¾@9⅞c.

Eggs—Receipts, 8,679 pkgs; market firm. State and Pennsylvania, 19½@20c; western, candled, 18½@19c; southwestern, 14½@15½c.

Sugar—Raw, strong; fair refining, 27⁄32c; centrifugal, 96 test, 3⅝c; molasses sugar, 2¾c; refined, firm; crushed, $5.15; powdered, $4.75; granulated, $4.65.

Coffee—Market dull; No. 7 Rio, 5¼c.

EAST BUFFALO MARKET.

East Buffalo, N. Y., July 3.—Cattle—Receipts light; feeling better. Veals—Receipts, 196; tops, $6.75@7.00; fair to good, $5.75@6.25.

Hogs—Receipts, 4,800; market slow but full steady; heavy, $7.95@8.10; mixed, $7.70@7.90; pigs, $7.35@7.40; roughs, $7.00@7.25; stags, $5.50@6.50.

Sheep and lambs—Receipts, 800; market steady. Spring lambs, $6.50@7.25; fair to good, $5.75@6.25; culls to common, $4.00@5.00; yearlings, $4.50@5.00; sheep, top mixed, $4.00@4.25; fair to good, $3.00@3.90; culls to common, $2.25@3.50; ewes, $3.25@3.75; wethers, $4.25@4.65.

THE MONEY MARKET.

EMPHATIC TALK.

THE KIND THAT CARRIES CONVICTION TO EVERY FORT WAYNE READER.

Conviction must follow such emphatic proof as is given here. The testimony of Fort Wayne residents should satisfy the most skeptical. Here is a Fort Wayne case. Read it and see if doubt can exist in the face of this evidence:

Mrs. Anna Long, of 30 Wells street, says: "I suffered a great deal with backache and other symptoms of kidney trouble not necessary to mention, but the first few doses of Doan's Kidney Pills, sold at Meyer & Co.'s drug store, relieved me and I was soon cured. A number of my neighbors also used the remedy and all of them speak of it in the highest terms."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Money! Money! Money!

WORK OF FLOOD

ENGINE HAULING GRAND RAPIDS TRAIN DITCHED.

RAN IN WASHOUT AT BELMONT

ENGINEER COLEMAN HURT AND ROAD BLOCKED.

SHOP BUILDING COMMENCES

CONTRACTOR SPROUL PUTS FORCE OF MEN AT WORK.

Aside from giving the residents of this city a bad fright, the storm at 6 o'clock last evening did no particular damage in the immediate vicinity of Fort Wayne. West and north it was more severe and The Sentinel's telegraphic columns today contain accounts of great damage to buildings, telegraph and railway property and to growing crops. The Grand Rapids and Indiana was the worst sufferer of any of the railways running into this city. Supt. J. W. Hunter received a telegram last night informing him that about sixty rods of wires and poles, between Mendon and Wauseppi, were thrown down by the wind, completely severing communication at that point. The linemen were immediately sent to the scene and they worked all night in making repairs, succeeding in getting two lines in operation between this city and Grand Rapids about 9 o'clock. An Associated Press dispatch from Grand Rapids to The Sentinel this morning gives an account of an accident to a train which left this city at 4:20. The telegram reads as follows:

"The Grand Rapids and Indiana passenger train No. 3, which left here at 11 o'clock last night for the north, ran into a washout at Belmont and the engine and several cars left the track. Engineer Coleman, of this city, was seriously injured. The storm was most severe in an area about thirty miles north, south and east of this city. Washouts between here and Belmont prevented the wrecking train from reaching the ditched Grand Rapids and Indiana passenger train this morning. Trains from the north on both the Grand Rapids and Indiana and Pere Marquette were obliged to make a long detour via Muskegon in order to reach this city, the tracks being badly washed out directly north of Grand Rapids. The Grand Trunk is tied up by washouts between here and Durand. The Michigan Central is open between here and Nashville, but is blocked beyond there."

The Nickel Plate also had trouble with its telegraph service. One wire west of the city was broken and five others were twisted and mixed up so as to be useless for several hours. Linemen were sent out and repairs were made by early morning and at 9 o'clock the wires were again in good shape. Other roads report more or less trouble with their wires, though none of them were broken, the causes being temporary, which subsided with the storm.

WESTERN UNION CONTROLS IT.

Yesterday the Baltimore News published the following statement, authorized by the interested parties: "The transfer of the telegraph lines of the Pennsylvania railroad from the Western Union to the Postal Telegraph company has caused many wild reports. One is that the contract between the Western Union and the Baltimore and Ohio railroad will be annulled by reason of the dominant relation of the Pennsylvania to the Baltimore and Ohio. The News is informed by an authoritative source that such a report is untrue. That the facts may be understood by the public the following briefly and authoritatively explains them: When the Western Union acquired the old Baltimore and Ohio Telegraph company it made a contract with the Baltimore and Ohio railroad company. This contract was executed in October, 1857, for a term of fifty years, and therefore does not expire until 1937, which is thirty-five years hence. A clause in the contract provides that it may be extended for fifty years more by either party on six months' notice."

BUSINESS PICKING UP.

Freight business on the Nickel Plate, which has been light for some weeks, is improving to the extent that a lay off cannot be had for the asking. Several men who made a request for leave of absence will work tomorrow and the following days. Among the lucky ones were Engineer C. H. Van Gorder, who will spend a week in Detroit; Fireman C. H. Minser, who has been ailing a couple of days and who will take a week for recuperation, and Brakeman M. Deidrich, who wants to celebrate the natal day.

PASSENGERS SHAKEN UP.

The passengers on the southbound Lake Erie and Western train which left this city at 7 o'clock yesterday morning, were roughly shaken up and given quite a scare at a point one and one-half miles north of Kingsland. The train was ten minutes behind time and the engineer was running fast to make up the lost time, when the trucks of the engine tender left the rails and bounded over the ties with a frightful noise. The engineer applied the brakes and the cars were stopped so suddenly that many of the occupants were thrown from their seats. None were injured, however. The only damage was to the tracks, which were torn up for a considerable distance. Conductor Daugherty had charge of the train.

MACHINISTS THREATEN STRIKE

Grand Officer Ireland, of the International Association of Machinists, is in Garrett, Ind., endeavoring to settle peaceably a dispute which threatens to end in a strike in the Baltimore and Ohio shops. According to telegraphic news from Garrett, the Machinists' union at that place has declared against the introduction of piece work in the Baltimore and Ohio shops and unless the demands of the men are heeded, 150 of them will quit work. The men are asking for an hourly rate of 30 cents and time and a half for overtime and abolition of piece work, while the present rate is from 26 to 28 cents per hour, time and a quarter for overtime and all piece work.

PAYING THE MEN TODAY.

The Fort Wayne Electric company, the Anthony Wayne Manufacturing company and Rhinesmith & Simonson paid their employes today, although pay day properly falls upon the 5th. The cash is disbursed in advance in order that the employes may have the means for a little Fourth of July excursion if they wish to avail themselves of that privilege. The electric works will not resume operations again until Monday morning.

CARMEN ELECT OFFICERS.

Summit City lodge, No. 165, Brotherhood of Railway Carmen of America, although a few months old, is by no means an insignificant organization. It is rapidly increasing its membership roll, new members being taken in at each meeting. At the meeting last evening, the following elections occurred:

Past Chief Carman—Charles Ball.
Chief Carman—C. E. Stapleford.
Vice Chief Carman—L. F. South.
Recording Secretary—J. H. Meyers.
Financial Secretary—J. E. Rash.
Treasurer—Charles Horstmeyer.
Guide—P. Williams.
Warden—F. J. Thompson.
Sentinel—B. F. Walpole.
Chaplain—H. F. Thompson.
Board of Trustees—Ed Allway, A. W. Maddox and G. Ball.

PREPARING THE GROUNDS.

E. W. Sproul, the man who will build the additions to the Pittsburg shops, sent down a gang of men from Chicago last night, and this morning they commenced clearing the grounds preparatory to making the foundation excavations next week. The large brick smoke stack west of the machine shop, rendered useless by the introduction of electric power, was attacked the first thing this morning. A hole was cut into one side of it and from this a chute was run out a safe distance from the base of the stack. The work of demolition commenced at the top. The brick are removed one at a time, dropped down inside of the stack and carried out through the opening by means of the aforesaid chute, and there men will remove and clean them of plaster for use again in the construction of the shop walls. The fate of the superintendent's building is still in doubt. An expert in moving buildings will arrive tomorrow and decide whether or not the structure can be moved to the Holman street site. If the expert pronounces it safe to move, it will be taken to Holman street immediately, and if the plan is inadvisable, the building will be torn down as soon as possible. Mr. Sproul will send down another lot of laborers in a few days, providing his representative here fails to get them, and the work of building will be pushed forward with all possible speed.

TAKING A VACATION.

Foreman J. B. Wagner, of Rhinesmith & Simonson, and family go to Rome City tonight to stay a week. H. G. McDole, engineer at the planing mills of the Pittsburg, has gone to spend the Fourth; Mr. and Mrs. George Hill have gone to New York city. He works at the Pittsburg planing mills. M. R. Hardendorf, of the Pittsburg smith shop, has gone to Rome City; E. F. Gocke, plumber, and his family have gone to Lima; Clark Albers, clerk at the east yards paint shop, also went to Lima; Painters Lee Ballard and John Sanders have gone to Rome City; A. Barbier, assistant paint foreman, goes to Leon lake to remain until Monday; Mrs. Barbier went to Warsaw; Machinist James Olive, of the Wabash shops, goes to Rome City tonight to stay a week; J. S. Muir, former master mechanic at the Bass works, goes to Clear Lake Monday to remain a week.

BUSINESS AT ELECTRIC WORKS.

General Manager J. J. Wood, of the Fort Wayne Electric company, said this morning that the shops has more than it can do with present equipment and as rapidly as possible new machinery is being added. "We have just placed an order for $2,500 worth of machinery for the meter department and expect delivery to commence soon," said he. In reply to an inquiry, Mr. Wood said that the company had 727 names on its shop pay rolls, which is the largest list in the history of the establishment. During the administration of the late B. T. McDonald the largest number of employes was 318. Among the shipments from the works today were a 3,000-light generator to Cambridge, Ohio; a big motor to the Smith Courtney company, Richmond, Va., and a carload of motors and transformers to Boston. The works close tonight to remain closed until Monday.

CAPTAIN HARROD HERE.

Captain H. S. Harrod, of Buffalo, is in the city for a Fourth of July visit with his relatives and friends. Mr. Harrod was sent to the Buffalo and Allegheny Valley division of the Pennsylvania lines several months ago to organize a police department and he has accomplished that task and now has an efficient force of eighteen men. He was Capt. Stoll's lieutenant for a year or more.

GONE TO THE CONVENTION.

George Shaffer, a boilermaker at the Pittsburg shops, left today for Baltimore, Md., to attend the convention of the National Brotherhood of Boilermakers and Ship Builders, which opens in that city next Monday. He will represent lodge No. 54.

HIRED THE CITY BAND.

The music committee of the Pennsylvania Employes' Athletic association yesterday gave to the City band the contract for furnishing the music at the field day sports Saturday, July 19. This contract was made after giving all bands an opportunity to bid on the work.

INDUSTRIAL NOTES.

Machinist Henry Mennewisch is very sick.

Pittsburg Engineer F. J. Harber is off duty on account of sickness.

J. W. Fletter has taken a position as trackman at the Wabash freight house.

Master Mechanic M. R. Coutant, of the Wabash, is in Danville on railway business today.

C. O. Lucas, who had a hand injured June 12, resumed work at the Pittsburg planing mills this morning.

Ed Keef, a boilermaker, took a position in the Wabash shops this morning. He was formerly employed at the Bass shops.

The only new names on the sick lists at the Pittsburg shops this morning were H. S. Geetken, B. R. Brown and D. M. Spore.

C. F. Sunderland is new caller of Pennsylvania train crews and is now being trained for that duty, his instructor being Caller Frank Cole.

Indianapolis Journal: "Officials of the Pennsylvania and Vandalia lines are considering a reduction of one hour in the time of the fast mail between Pittsburg and St. Louis."

Boilermaker William Zimmerman resumed work at the Wabash shops this morning. He had been fishing at Rome City and quit only because there were no more fish to catch.

"Thirty years ago there was but one train a week running across the country," said a passenger official. "Today there are six daily transcontinental trains and every one of them pays."

Dr. E. F. Wagner, medical examiner of the Pennsylvania relief department, will leave Saturday upon his annual vacation trip. He will go to Petoskey for a brief stay and will then go to York, to see his sister.

At the recent convention of dining car superintendents the general expression was in favor of la carte service, it being the most popular and what the traveling public prefers, but most of the roads cling to the old $1 a meal plan.

Nickel Plate Fireman J. B. Maurer, who was visiting his father at Bloomington, Ill., for a month, and Brakeman J. W. Miller, who was visiting his folks in Fremont, Ohio, resumed their respective duties on the Nickel Plate yesterday.

A. W. Ireland, notice of whose promotion to the position of car inspector at Hamlet was made by The Sentinel a few days ago, left this morning for that place to assume the duties of the office. His family will join him at that place in a few weeks.

H. H. Flock, a finisher at the Fort Wayne Organ factory, and E. J. Flock, went to Chicago this morning to visit their brother, Henry, who was injured on the Pennsylvania railroad at that city and who is now in the hospital recovering from the accident.

E. P. Branson, of the Pittsburg freight house, is kept at home by the illness of his baby.

George Waldschmidt, the son of Jacob Waldschmidt, of the Pittsburg planing mills, is quite sick.

A. R. Tegtmeyer has been transferred from the Pittsburg planing mills to the machine shop.

W. C. Hamman will resume his duties at the Pittsburg crossing on Broadway tonight, after a week's visit with relatives in Warsaw.

Blacksmith John O'Connors and Machinist W. F. O'Connors, father and son, and their wives will go to Grand Rapids tomorrow to spend a couple days with Micheal O'Connors.

Every record for car movement on the middle division of the Pennsylvania was broken on last Saturday, when 7,033 cars were moved between Altoona and Harrisburg. The best previous record was September 22, 1900, when 7,029 cars were handled on that division.

Engineer C. C. Miller, of the Pittsburg, was called to Lima, O., this morning by a message informing him that his daughter, Irene, was very ill with pneumonia. The little girl went to Lima with her mother on a visit two weeks ago and was taken ill shortly after arriving there.

Indianapolis Journal: "Robert M. Reed, machinist, yesterday severed his connection with the Big Four road. For fifty-one years he has worked on various roads and retires now at the request of his children. His first work was as a machinist on the Baltimore and Ohio shops at New Castle in 1851."

F. S. Hunting, who has been in Schenectady in the interest of the Fort Wayne Electric company several days, will arrive home this evening. A. A. Serva, who was in New York, Philadelphia, Pittsburg and Schenectady, visiting various branch offices of the company, arrived home last night and was at his desk as usual today. He says the business outlook is excellent.

Ed Donnelly, a boilermaker employed by the Findlay road at Findlay, was badly scalded Tuesday while at his work. He was in a firebox of a locomotive, in the boiler of which was a sixty-pound steam pressure. He tapped a plug in the bottom of the boiler and it blew out allowing a stream of hot water to pour out upon his legs and body. Donnelly is pretty well known to all the trainmen running into this city over that line.

As a result of a meeting between Big Four and Lake Erie and Western railroad officials in Muncie on Monday the Big Four will enlarge its freight house for the purpose of accommodating freight coming in or going out over the Lake Erie and Western. The freight house will be extended 300 feet. Two or three hundred car lengths of new track also will be built. The total expense will be $50,000, which will be shared alike by the two roads.

The well at Rhinesmith & Simonson's factory, which not only furnishes water for factory purposes, but to a good portion of the Sixth and Seventh wards for culinary and table use, is again in full operation after receiving new piping. This well is ninety feet deep, draws its supply from the rocks through a two-inch pipe at the rate of 15,000 gallons per day, and it is believed to be inexhaustible. The water is cool, pure and pleasant to taste and is carried away for drinking purposes, lots of the down town people keeping it in their water tanks at all times.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

THE WEATHER.

Chicago, July 3.—Forecast for Indiana: Partly cloudy tonight and Friday, with probably local thunderstorms in central and north portions; southerly winds.

LOCAL LINES.

Dr. J. B. McEvoy is visiting his parents in Kalamazoo, Mich.

Daniel Klotz and family have gone to Rome City for the summer.

G. Artemus Higgs and mother have returned from a visit in Albion

John Phillips, a well known farmer residing on the Illinois road, is critically ill.

Miss Mabel Tennant has gone to Ripley, N. Y., to spend the summer with friends.

Miss Agnes Russel is spending a few days with her sister, Mrs. Glenn Ayers, of Montpelier.

Mrs. W. T. Warcup and little daughter have returned from a week's visit in Huntertown.

Mrs. J. E. Gaskins and sister, Miss Bomberg will spend the Fourth at Lake Maxinkuckee with relatives.

Rev. Daniel Markley and his daughter, Mrs. G. L. Fox, left today for a visit with friends at Wabash.

Mr. and Mrs. J. M. Landenberger left today for Rome City to occupy their cottage for the summer.

The announcement for services at the Third Presbyterian church on Friday evening has been recalled.

Several lawyers from this city will attend the meeting of the state bar association at Indianapolis July 8 and 9.

Fred Jacbker, of the International Business college, has taken a position as stenographer with the Haley-Haberkorn Mfg. Co.

Miss Bessie Slade, of Washington boulevard, has gone to Michigan, where she will visit relatives and friends during July.

Miss Birdie M. Worman, daughter of Engineer Jacob Worman, has gone to Preble, Ind., to spend the Fourth with her married sister.

Mrs. Ortlieb and daughter, of the family of Auditor Ortlieb, are at Chicago, the guests of Mrs. Ortlieb's parents, Mr. and Mrs. T. B. Emple, formerly of this city.

Miss Beyrl Oberchain, of 417 Buchanan street, will entertain a number of her young friends this evening in celebration of her eleventh birthday anniversary.

Mrs. G. P. Grosh, Mrs. Henry Dupport, Miss Agnes Shuley and Mrs. Henry Grosh left today for Monterey, Ind., where they will spend the Fourth with their relatives.

Mr. and Mrs. E. G. Coverdale, of Decatur, Ind., arrived in the city this morning and are now the guests of their daughter, Mrs. J. C. Dorwin, wife of the pastor of Simpson M. E. church.

Mrs. T. J. Rodabaugh, of 1116 Washington boulevard, severely sprained the instep of her right foot by a fall last evening and will be confined to her home for a week or two.

Miss Florence Maddox, of 1723 Sherman street, entertained her Sunday school teacher, Miss Imo J. Trisch, and about fifteen of her Sunday schoolmates last Tuesday evening.

John E. Housh, formerly of this city, who for the past year has been connected with the University of Chicago Press, will spend the Fourth in this city. Mr. Housh expects to reside in Chicago.

Miss Bertha Schweitzer, of Chicago, is visiting her uncle and aunt, Mr. and Mrs. William Vought, in Aboit township. Miss Schweitzer is assistant secretary to the superintendent of the woman's department of the Moody Bible institute at Chicago.

James McVey, a machinist employed by the Wabash, was operated upon for appendicitis at St. Joseph's hospital last night by Dr. E. J. McOscar. The patient passed through the operation all right and will soon be able to resume work. He was taken ill yesterday morning.

The Knights and Ladies of Columbia last evening installed their newly elected officers and at the close of the ceremonies refreshments were served. The officers are: Mrs. Belle Henkenius, protector; Miss Hester Miller, vice protector; Miss Ada Crawford, recording secretary; H. H. Haines, financial secretary; Mrs. H. H. Haines, chaplain; George Everett, guide; Miss Eva Menser, guardian; Mr. Ogden, sentinel.

George M. Smith and Lottie P. Guskill were united in marriage at 4 o'clock yesterday afternoon by Rev. E. W. Allen, pastor of the West Jefferson street Church of Christ. The ceremony was performed in the new home prepared by the groom at 1225 Pape avenue, where the young couple at once went to housekeeping. The groom is an electrician in the employ of Braun and the bride until lately has been employed in the Roggen studio, on Calhoun street.

RAINS FLOOD A BIG SEWER

WORK ON SOUTH WAYNE CONDUIT AT STANDSTILL.

Nothing Will be Attempted Until Weather Improves—Paving Work Goes On.

Yesterday the sewer contractors had a force of men and pumps at work to relieve the South Wayne sewer of surplus water so that work could be resumed today. After an expenditure of about $100 it was found this morning that the water had been working while the sewer builders slept and things were back to the old condition. Nothing further will be attempted until the high water subside.

PAVING WORK GOES ON.

The Barber asphalt men are at work on Buchanan street and the streets is being rapidly ripped up from beginning to end. The concrete gang is at work on East Wayne street and Columbia street remains in statu quo. Mr. Moellering is unfortunate in having a contract to furnish the Barber company broken stone for their work and their rights are prior to his own according to the contract. This leaves Mr. Moellering in the position of having to furnish stone to competing contractors before he can get a bushel for his own contracts. In some respects the average contractor resembles the lily to which King Solomon referred with much feeling some years ago.

BOARD OF WORKS.

The board of works will meet in regular session this evening and will receive and open a number of bids for public work. Among them will be bids for grading and paving the alley between Wayne and Washington streets from Jackson street to Union street; grading Begue street and laying sidewalks on the same street from Liberty street to Erie street; grading and paving the alley between Wayne and Washington street from Clinton street to a point 245 feet west of Clinton street; grading and paving the alley between Calhoun and Clinton streets from Montgomery to Holman streets; construction of a sidewalk on the south side of High street from St. Mary's avenue to Franklin avenue; constructing a vitrified clay pipe sewer in the alley east of Fairfield avenue from the sewer in the alley between DeWald street and Creighton avenue, to Creighton avenue; constructing a sewer through lot 4 in Wilding's addition from Walton avenue to the alley east. The assessment rolls on the following improvements will also come up for confirmation: For grading the alley between Putnam street and Archer avenue from Short street to Hanch street; for the clay pipe sewer in the alley west of Lafayette street from Suttenfield street to Woodlawn avenue.

CITY HALL NOTES.

The new street sweeper ordered by the board of works over a month ago will arrive next week and will be put into immediate service.

IN JUSTICES' COURTS.

The surety of the peace case on trial in France's court for two days, brought by Lincoln Johnson on behalf of his wife against Mrs. William T. Jeffries, was terminated this morning by the dismissal of the cause, the costs of the action being taxed against the complaining witness. There was a volume of testimony introduced, but the justice decided that there was no sufficient ground for the requirement of a bond.

PREFERS HIS OWN NAME.

Springfield, Mo., July 3.—Twelve thousand dollars, which the late Louise Frisbie, formerly a Wall street broker, willed to Lumas H. Holmes, of Springfield, provided he changed his name to Frisbie, will go instead to Vassar college. Louise Frisbie was Holmes' aunt. In her will, filed in New York a year ago, Holmes was given until today to decide whether he would change his name to that of the donor. He announces that he will retain the name of Holmes.

LOCAL LINES.

Miss Bessie M. McCracken left today for New York to visit her sister.

Miss Helen Gill leaves Monday for an extended visit at her home in Port Clinton, Ohio.

Mrs. H. C. Gerke and daughter, of Defiance, Ohio, are visiting H. G. Kohllnger and family.

Mr. and Mrs. Gustav Breimeier left this morning for Plymouth, Ind., to visit with Mrs. H. Longfield a week.

Miss Hattie Jones, of Fairfield avenue, leaves tomorrow for Pocatello, Idaho, where she will be the guest of Miss Bessie Rich, formerly of this city.

Wolfs' Military band will give a concert this evening in front of the store, in honor of the Nation's birthday. The program will contain a number of patriotic selections. Mr. Wefel will sing several numbers.

TALKS OF GAS SITUATION

MR. HUFFMAN DUBIOUS ABOUT THE FUTURE.

Tells Bluffton People Meters Will Not Be Required—May Manufacture Gas Here.

G. Max Huffman, the jolly German who superintends the field work and pipe lines of the Fort Wayne Gas company, was in the city today on business with the board of review, says the Bluffton News. Mr. Huffman in conversation with a News reporter stated that Bluffton people would not be required to put in meters for this winter as other cities have been compelled to do, but that gas would be sold as heretofore. The reason given for not adopting meters in Bluffton is that the company is not expecting to furnish natural gas any longer than next winter and it would not pay to put in meters for one winter.

The company has drilled twenty new wells this summer and they have an average pressure of only thirty-five pounds, whereas when the field was new 335 pounds was the normal pressure. "There will be plenty of gas to supply Bluffton and Fort Wayne during the coming winter," said Mr. Huffman, "but further than that we make no promises. It is possible that Bluffton may have gas longer than Fort Wayne. It is twenty-five miles nearer the field and should the gas be cut off from Fort Wayne enough might still be secured to run Bluffton for a year or two. It could be pumped through the old line and the Fort Wayne line taken up."

Mr. Huffman stated that the company may manufacture gas for the use of Fort Wayne, but that depends on the cost of coal and the prices they could get for the gas. The pumping stations will not be enlarged as the gas company does not believe there is gas pressure enough in the field to justify such an expense.
